Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

First Move Zander van Hoepen,2015-03-28 Its not easy being the new kid in school. Add to that being new in town, in a new country, and somewhat of a nerd. Such was the case for Shawn de Vos, whose family immigrated to Little Rock, Arkansas, USA, from George, a coastal town in South Africa before his final year of school. With a tennis ball game, Shawn connected somewhat with others on the fringes of his new high school eventually. He even started to enjoy awkwardly, at first, the joys of courtship and true friendship. Soon though, hed be confronted with issues some new kids face and being bullied was just part of it. Like all teenagers, hed also been confronted with issues of youth: drugs, alcohol, sex, religion. Would his opinions about it let him make good moral choices? Especially during senior year, Shawn developed a unique friendship with one of the most popular girls in school. Their different backgrounds that kept them apart somehow may become the strength that can keep them upright in their daily struggles. This adds strain on their popularity and acceptance from their peers. Would the friendship last? Amidst everything, Shawns body developed a disease that could threaten his very existence.

Untimely Bodies, Untimely Aesthetics Simone Pflieger,2023-09-15 While heteronormativity continues to permeate nearly all threads of the socio-cultural fabric, several early twenty-first-century German films offer insight into how we might challenge that dominance and disrupt its linear construction of time. Examining the fluidity of time in eight contemporary films of the Berlin School, *Untimely Bodies, Untimely Aesthetics* foregrounds how queer conceptualizations of temporality can engage notions of subjectivity, relationality, and intimacy in visual representations. Each film depicts figures that grapple with an unattainable desire for connection, placed in landscapes shaped by hegemonic heteronormative intimacies, and a linear temporal organization of life that conforms to mainstream, traditional rhythms, and milestones. Simone Pflieger proposes a new model for viewing non-normative relationality and intimacies, using the concept of untimeliness as an analytical framework for examining content and aesthetics. In these films, untimeliness provides an alternative to the romanticization of progress by charting how the filmic figures understand themselves and relate to one another in various spheres: work, love, sex, home, family, and self. Ultimately, Pflieger shows how the texts uncover a temporary promise of breaking free from restrictive social structures, even as they make clear that this schism cannot and should not be permanent. By proposing time as a critical lens through which to investigate our relationships and intimacies, *Untimely Bodies, Untimely Aesthetics* offers a new way to think about film and encourages moviegoers to turn the analysis back toward themselves and their own desires, expectations, assumptions, and adherence to or deviation from normative narratives in their own lives.

research, and public policy perspectives and concludes with a section presenting models of excellence including six international models.
