Monsterhuman Kjersti A. Skomsvold,2017-09-29 When Kjersti A. Skomsvold was seventeen years old and about to start engineering studies at college, she found herself almost unable to move. Laid out like a relic in a nursing home, she listens to an old woman dying, watches her boyfriend drift away, and makes compendious lists of her worries (that she will have to go speed-dating in a wheelchair, that she will be afraid and in pain for the rest of her life). She also begins to compose a novel on Post-it notes that she sticks on the wall above her bed. Monsterhuman is an autofictional tour de force--a funny, sad, astoundingly energetic novel about suffering from chronic fatigue syndrome, the power of writing, and twenty-first-century literary life.

Class-Y Christmas Concerts Carol Ogilvy,Trudy Tinkham,1986-09 Plays with music, suitable for primary or intermediate classes or for a larger group. Includes words and actions for songs, and directions for costumes and props.

Forever Yours Samu Haber,2020-10-14 Burning ambition, brutal setbacks, meteoric rises, and unbelievable coincidences. Teetering on the edge of the abyss, risking everything, and reaching multi-national stardom. Not to mention life choices that could have sent the whole story in an entirely different direction. The life of Samu Haber - front man of Finnish rock band Sunrise Avenue (Hollywood Hills, Fairytale Gone Bad) and celebrity judge on The Voice of Germany - has been one stupendous roller-coaster ride. His passion for music has been the constant that kept him sane throughout. Written in a brisk, engaging - and characteristically charming - style, this exclusive autobiography is Samu's true story: from shady encounters, narrow escapes, and a barrage of record-company rejections to muscling his own way into pan-European music stardom. With vivid recall and total candour, Samu charts his determined path to success - but also the price he and loved ones paid along the way: burnout, broken relationships, artistic crises, and one close call after another. At turns tender, hilarious, and incredible, this thrilling full-disclosure read is a must for all Sunrise Avenue fans and for anyone that dreams of something other than the ordinary.

Island Voices John Charles Kennedy,2006 Like their counterparts in developing countries, rural people living on the periphery of developed nations are increasingly vulnerable to forces beyond their control. Farmers, miners, and fishermen must cope with periodic resource scarcities, fluctuating global markets, and neoliberal trade pacts. *Island Voices* explores this struggle through the perspective of people living on Arnøya, an island off northern Norway. John C. Kennedy spent years collecting their stories, each of which offers resounding proof of how change, both local and global, has unevenly benefited the island's four villages.

Indigenous Peoples [4 volumes] Victoria R. Williams,2020-02-24 The book is an essential resource for those interested in investigating the lives, histories, and futures of indigenous peoples around the world. Perfect for readers looking to learn more about cultural groups around the world, this four-volume work examines approximately 400 indigenous groups globally.

The encyclopedia investigates the history, social structure, and culture of peoples from all corners of the world, including their role in the world, their politics, and their customs and traditions. Alphabetically arranged entries focus on groups living in all world regions, some of which are well-known with large populations, and others that are lesser-known with only a handful of surviving members. Each entry includes sections on the group's geography and environment; history and politics; society, culture, and tradition; access to health care and education; and threats to survival. Each entry concludes with See Also cross-references and a list of Further Reading resources to guide readers in their research. Also included in the encyclopedia are Native Voices inset boxes, allowing readers a glimpse into the daily lives of members of these indigenous groups, as well as an appendix featuring the United Nations Declaration on the Rights of Indigenous Peoples.
