Get Your House Right Marianne Cusato, Ben Pentreath, Richard Franklin Sammons, Léon Krier, 2007 Even as oversized McMansions continue to elbow their way into tiny lots nationwide, a much different trend has taken shape. This return to traditional architectural principles venerates qualities that once were taken for granted in home design: structural common

sense, aesthetics of form, appropriateness to a neighborhood, and even sustainability. Marianne Cusato, creator of the award-winning Katrina Cottages, has authored and illustrated this definitive guide to what makes houses look and feel right--to the eye and to the soul. She teaches us the language and grammar of classical architecture, revealing how balance, harmony, and detail all contribute to creating a home that will be loved rather than tolerated. And she takes us through the do's and don'ts of every element of home design, from dormers to doorways to columns. Integral to the book are its hundreds of elegant line drawings--clearly rendering the varieties of lintels and cornices, arches and eaves, and displaying avoid" and use" versions of the same elements side by side.

Designers Here and There Michele Keith,2010-03-23 During the week, interior designers select fabulous fabrics, furniture, paint, lighting, and accessories for clients' homes. On the weekends, they can devote themselves to beautifying their own. Materials and finishes that later appear in commissioned work often appear here first, as designers use the rooms and walls of their primary and secondary residences like a blank canvas for perfecting details and techniques central to their trade. Thirty-eight private primary and vacation residences belonging to today's most renowned decorators from around the

country inspire with full-color images of exquisitely appointed chic city apartments, elegant townhouses, minimalist midcentury gems, quaint cottages, historic mansions and farmhouses, cozy log cabins, and beachside retreats in locations ranging from Palm Desert to Palm Beach, Austin, Chicago, East Hampton, and Boston. Michele Keith's lively, accessible text brings each distinct personality to life, revealing how and why the designers gravitate to styles ranging from firmly traditional to coolly contemporary to Hollywood Regency, how the attributes of each location—setting, proportions, and character—influence design direction, and how designers including Martha Angus, Barclay Butera, Eric Cohler, Andrew Fisher and Jeffry Weisman, Benjamin Noriega-Ortiz, Eve Robinson, and Vicente Wolf choose to spend time in the intensely personal spaces they have created. Each designer's top five favorite decorating tips encourage all eager to perfect their own homes to begin.

A World of Stories. *Stories from Suffragette City* is a collection of short stories that all take place on a single day: October 23, 1915.
