Inside Out & Back Again Thanhha Lai,2013-03-01 Moving to America turns H&à's life inside out. For all the 10 years of her life, H&à has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&à and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&à discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.

Fixation Sandra Goldmark,2020-09-22 Our massive, global system of consumption is broken. Our individual relationship with our stuff is broken. In each of our homes, some stuff is broken. And the strain of rampant consumerism and manufacturing is breaking our planet. We need big, systemic changes, from public policy to global economic systems. But we don't need to wait for them. Since founding Fixup, a pop-up repair shop that brought her coverage in The New York Times, Salon, New York Public Radio, and more, Sandra Goldmark has become a leader in the movement to demand better "stuff." She doesn't just want to help us clear clutter—she aims to move us away from throwaway culture, to teach us to reuse and repurpose more thoughtfully, and to urge companies to produce better stuff. Although her goal is ambitious, the solution to getting there is surprisingly simple and involves all of us: have good stuff, not too much, mostly reclaimed, care for it, and pass it on. Fixation charts the path to the next frontier in the health, wellness, and environmental movements—learning how to value stewardship over waste. We can choose quality items designed for a long lifecycle, commit to repairing them when they break, and shift our perspective on reuse and "preowned" goods. Together, we can demand that companies get on board. Goldmark shares examples of forward-thinking companies that are thriving by conducting their businesses sustainably and responsibly. Passionate, wise, and practical, Fixation offers us a new understanding of stuff by building a value chain where good design, reuse, and repair are the status quo.

The HISOFE Dictionary of Midnight Politics Ateh-Afac Fossungu,2014-12-01 Building on Fossungu's earlier works, and essentially providing Africa with original, critical, and multi-level analyses of the trio of globalization, democracy, and

national determination, this book theorizes that African states have to unite in order to have any impact in the global economy. Using the failure of the Cameroon Goodwill Association of Montreal (CGAM) as a case study, the book urges Africans to make hard choices and avoid politickerization and midnight politics in favour of fossungupalogy (that is, the science of straightforwardness, necessitating the fearless looking at truth straight in the eye). The questions of the book are many but do all boil down to whether or not Africans fear the truth and do not therefore do politics. It is amazing that Africans in the West live in societies where fierce political competitors do embrace each other after one has defeated the other; but they are incapable of looking their so-called friends in the eye and saying, for example: Man, I think youve totally gotten it wrong this time. Such comportment defines politickerization or negative competition. While attempting some possible responses to the numerous queries it raises, this book basically proffers the science of Four-Eyesism as a discipline that all African schools need to institute and make a compulsory subject: if the vandalized continent would have to be awakened to its realities. This book is rich in Fossungus dazzling capacity to invent, define and use a multitude of new terminological constructs informed by African experiences.

[Ask a Manager](#) Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully,

Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Accounting in a Nutshell Janet Walker, 2011-04-08 Designed primarily for middle and junior management who deal with financial information without really understanding the content; students who are studying accounting as a non-specialist subject, for example on a business studies or engineering course. The book serves as a basic reference to be used throughout the course. It will also be particularly helpful in providing the basic grounding that is required before moving on to the more technical and in-depth study of the subject that may be required on some courses. Students who are embarking on a course of study to become a professional accountant will also find this book of major benefit. In addition to revisions through out, a new new chapter 'Making long-term investment decisions' covering capital investment decisions, extends and rounds out the final part of the book: using Financial Information to Manage a Business. The chapter deals with the investment appraisal process and covers the main investment appraisal techniques from the point of view of a non-specialist: payback periods, accounting rate of return and discounted cash flow methods are just some of the new topics covered. The focus will be on the level of understanding that a non-specialist requires in the work place as such, in keeping with the rest of the book, the

chapter includes practical examples and exercises to enhance the reader's understanding. Jargon free and easy to understand - no prior knowledge of the subject necessary Focuses on the principles and use of accounting information Review questions to assess progress at each stage and many fully worked exercises and examples

Dorothea in the Mirror Lois Wells Santalo, Wells Santalo Lois Wells Santalo, 2010 Immigrants in flight from Hitler, the Szekelys were not part of the huddled masses so often associated with Ellis Island. They were highly educated people; their gifted son Zoltan had been a concert pianist since the age of eight, he had performed with symphony orchestras and entertained the troops in India and Asia during World War II. It was hard to think of them in connection with a murder. Yet by a twist of fate, they find themselves involved and their son stands accused of murder. It seems the ultimate irony that refugee Jewish pianist Zoltan Szekely is arrested for the murder of Dorothea Granger. Has he escaped Hitler's deadly assault only to become enmeshed in the American legal system? The police believe that they have found their murderer; they feel they have incontrovertible evidence of Zoltan's guilt. Only his estranged wife, Jill, is in a position to pursue an investigation that might prove his innocence. But Jill, disillusioned after years of struggling to make their marriage work, has left Zoltan. Will she ultimately come through for him and be able to prove his innocence?
