No Ordinary Men Fritz Stern, Elisabeth Sifton, 2013-09-17 The fascinating story of two courageous opponents in Hitler's Germany who both bravely resisted the Nazis—for World War II history buffs and fans of little-known histories. "A story that needs to be heard." —Library Journal During the twelve years of Hitler's Third Reich, very few Germans took the risk of actively opposing his tyranny and terror, and fewer still did so to protect the sanctity of law and faith. In *No Ordinary Men*, Elisabeth Sifton and Fritz Stern focus on two remarkable, courageous men who did—the pastor and theologian Dietrich Bonhoeffer and his close friend and brother-in-law Hans von Dohnanyi—and offer new insights into the fearsome difficulties that resistance entailed. (Not forgotten is Christine Bonhoeffer Dohnanyi, Hans's wife and Dietrich's sister, who was indispensable to them both.) From the start Bonhoeffer opposed the Nazi efforts to bend Germany's Protestant churches to Hitler's will, while Dohnanyi, a lawyer in the Justice Ministry and then in the Wehrmacht's counterintelligence section, helped victims, kept records of Nazi crimes to be used as evidence once the regime fell, and was an important figure in the various conspiracies to assassinate Hitler. The strength of their shared commitment to these undertakings—and to the people they were helping—endured even after their arrest in April 1943 and until, after great suffering, they were executed on Hitler's express orders in April 1945, just weeks before the Third Reich collapsed. Bonhoeffer's posthumously published *Letters and Papers from Prison* and other writings found a wide international audience, but Dohnanyi's work is scarcely known, though it was crucial to the resistance and he was the one who drew Bonhoeffer into the anti-Hitler plots. Sifton and Stern offer dramatic new details and interpretations in their account of the extraordinary efforts in which the two jointly engaged. *No Ordinary Men* honors both Bonhoeffer's human decency and his theological legacy, as well as Dohnanyi's preservation of the highest standard of civic virtue in an utterly corrupted state.

Reveal the Gift Lisa Cotter, 2022-03-01 Have you ever wondered if you are doing this whole womanhood thing right? Lisa Cotter sure did. Coming of age in a world that told her women should be like men, she often found herself confused and frustrated with the concept of femininity. That was until she encountered St. John Paul II's writings on the feminine genius. In *Reveal the Gift: Living the Feminine Genius*, Lisa uncovers a transformational vision of a woman's purpose, meaning, and gifts, which might not be exactly what you expect. Learn from saints and other heroic women how to: Live authentic Catholic womanhood Embrace life from your unique gifts Practically impact your family, church, and world through your feminine genius In an age where the terms 'woman' and 'femininity' have seemingly become arbitrary, Lisa engages with the wisdom of the Church to find the authentic and beautiful meaning of what it means to be 'woman.' Sharing the examples of some

stellar female saints to expound on St. John Paul II's 'feminine genius,' Lisa helps women of all ages know their true dignity and worth and finally delight and rest in being a woman. -Jackie Francois Angel Ascension Presenter and co-author of *Pray, Decide, and Don't Worry: 5 Steps to Discerning God's Will* One of the hardest topics to define (and even harder to live out) is our uniquely feminine vocation as women. Our own individual stories are so often wrapped up with wounds from our past. As we know, the result is confusion and hurt, drastically affecting our lives, especially our relationships. Lisa has given us a great gift, reaping immense fruit and insight from several heroic female saints throughout the Church's life and Lisa's own personal experiences. I am so grateful because this book will help so many! -Sarah Swafford Speaker and author of *Emotional Virtue*

Rebuilding the Front Porch of America Patrick Overton, 2016-12-09 In the twenty years since this book was first published, our nation's communities - from urban centers to rural and small communities dotting our landscape - have had their foundations rocked to the core. Yet, despite the economic, social, and cultural challenges they have experienced, communities all across our country are showing their resilience by reinventing themselves. This is especially true for many of rural and small communities whose persistence and self-determination show the same creativity, the same grit, the same shared values that brought them into existence. One of the ways these communities are doing this is by engaging in community making through the arts. The arts invite us to tell our story and listen to the story of others. As we work together and celebrate our community creativity, the arts bring people of all ages, genders, races, religions, and economic backgrounds together for the common good of reconnecting with each other and celebrating who we are as individuals and communities. Community arts provide a new gathering place, a cultural and spiritual touchstone that is a source of community revitalization and neighborhood revival. I believe our rural and small communities are creating the map our nation is searching for that will help us navigate the challenges awaiting all of us as we work together rebuilding the front porch of America.

A Place for T Robert H. Lengel, Dr. Lengel offers a thought provoking twist on Aesop's Hare-Tortoise fable reframing it as a Human Race pitting our Hare-brained heads against our Tortoise-inspired hearts. As we run faster and faster in our Hare-like pursuits of wealth, power and status, we are leaving no place for the slow and steady Tortoise to speak for our humanity. As a result, the author poses the possibility we are creating a world with our intellects and technology that we can't relate to emotionally and spiritually. We might be outrunning our humanity and setting the stage for the Hare to win this human race by default. Our inability to engage each other in civil and respectful conversations, the hate and violence infecting our culture and leadership failures in organizations might be evidence this sinister end is fast approaching. This book is a hard hitting and at times poetic invitation to step back from our busy lives, sit with the author on his front porch, and question our lives and work. It is an inspirational reminder of Mahatma Gandhi's warning that "there is more to life than simply increasing

its speed.” In a conversational format, Dr. Lengel guides us down a hopeful path forward – a path illuminated by what he calls divergent thinking. His words are a ‘siren call’ to wake up and realize we can’t afford Hare- brained progress at the cost of our souls. We need A Place for T in our lives ‘now’, to account for the unaccountable while we still have time!

The American Porch Michael Dolan, 2024-02-13 The former American History editor explores the creation and restoration of an essential part of a twentieth-century home's identity—the American porch. “In this delightful look at an American icon, journalist and documentary scriptwriter . . . Dolan traces the history of the porch, using this history to explore subjects such as architecture, history, slavery, colonialism, trade, anthropology, sociology, consumer behavior, and publishing.” —Library Journal In 1981, Michael Dolan and his wife, Eileen O’Toole, bought a 1926 suburban bungalow in the Palisades area of Washington, DC. It was a fixer-upper and DIY project that consumed their lives for twelve years. As rooms were transformed with updated electrical wiring and plumbing, the house’s porch became a storage area, rotating appliances, furniture, and construction materials as they were used and discarded. After the interior renovation was completed, Michael finally turned his attention to the porch, working with contractors to resurrect it—a reconstruction that inspired him to uncover the history of porches and their significance as a symbolic piece of Americana. “In praise of the porch: Come up and sit a spell.” —USA Today “A wry, well-researched look at the place and the people who rocked, talked and courted on [the American porch] for three centuries.” —Parade “The porch is making a comeback, gradually replacing its humbler rival the deck, which the traditionalist Dolan refers to as the platform shoe or leisure suit of American architecture.” —Time “Dolan amply demonstrates that the porch is primarily a means of escaping the heat and, almost as important, a locus for casual social interaction.” —Publishers Weekly

Spoon River America Jason Stacy, 2021-05-11 From Main Street to Stranger Things, how poetry changed our idea of small town life A literary and cultural milestone, *Spoon River Anthology* captured an idea of the rural Midwest that became a bedrock myth of life in small-town America. Jason Stacy places the book within the atmosphere of its time and follows its progress as the poetry took root and thrived. Published by Edgar Lee Masters in 1915, *Spoon River Anthology* won praise from modernists while becoming an ongoing touchstone for American popular culture. Stacy charts the ways readers embraced, debated, and reshaped Masters's work in literary controversies and culture war skirmishes; in films and other media that over time saw the small town as idyllic then conflicted then surreal; and as the source of three archetypes—populist, elite, and exile—that endure across the landscape of American culture in the twenty-first century. A wide-ranging reconsideration of a literary landmark, *Spoon River America* tells the story of how a Midwesterner's poetry helped change a nation's conception of itself.

Show Boat Edna Ferber, Foster Hirsch, 2014-03-11 The classic tale behind MGM's blockbuster movie directed by George Sidney, starring Ava Gardner, Howard Keel, and Kathryn Grayson. Bringing to life the adventurous world of Mississippi show boats, the grittiness of turn-of-the-century Chicago, and the majesty of 1920s Broadway, Pulitzer Prize winner Edna Ferber's *Show Boat* is a classic. Magnolia Hawks spends her childhood aboard the *Cotton Blossom*, growing up amid simmering racial tension and struggling to survive life on the Mississippi. When she falls in love with the dashing Gaylord Ravenal and moves with him to Chicago, the joy of giving birth to their beautiful daughter, Kim, is offset by Gaylord's gambling addiction and distrustful ways. Only when Kim sets off on her own to pursue success on the New York stage does Magnolia return to the *Cotton Blossom*, reflecting on her own life and all who once called the show boat their home. Originally published in 1926, adapted for the stage as a musical a year later and filmed three times over three decades, *Show Boat* brilliantly explores a nation going through pivotal change through the lens of its popular culture. With a new foreword by Foster Hirsch. *Vintage Movie Classics* spotlights classic films that have stood the test of time, now rediscovered through the publication of the novels on which they were based.

Rhetoric, Remembrance, and Visual Form Anne Teresa Demo, Bradford Vivian, 2012-03-12 This volume offers a multifaceted investigation of intersections among visual and memorial forms in modern art, politics, and society. The question of the relationships among images and memory is particularly relevant to contemporary society, at a time when visually-based technologies are increasingly employed in both grand and modest efforts to preserve the past amid rapid social change. The chapters in this book provide valuable insights concerning not only how memories may be seen (or sighted) in visual form but also how visual forms constitute noteworthy material sites of memory. The collection addresses this central theme with a wealth of interdisciplinary and international approaches, featuring conventional scholarly as well as artistic works from such disciplines as rhetoric and communication, art and art history, architecture, landscape studies, and more, by contributors from around the globe.
