Reveal the Gift Lisa Cotter, 2022-03-01 Have you ever wondered if you are doing this whole womanhood thing right? Lisa Cotter sure did. Coming of age in a world that told her women should be like men, she often found herself confused and frustrated with the concept of femininity. That was until she encountered St. John Paul II's writings on the feminine genius. In *Reveal the Gift: Living the Feminine Genius*, Lisa uncovers a transformational vision of a woman's purpose, meaning, and gifts, which might not be exactly what you expect. Learn from saints and other heroic women how to: Live authentic Catholic womanhood Embrace life from your unique gifts Practically impact your family, church, and world through your feminine genius In an age where the terms 'woman' and 'femininity' have seemingly become arbitrary, Lisa engages with the wisdom of the Church to find the authentic and beautiful meaning of what it means to be 'woman.' Sharing the examples of some stellar female saints to expound on St. John Paul II's 'feminine genius,' Lisa helps women of all ages know their true dignity and worth and finally delight and rest in being a woman. -Jackie Francois Angel Ascension Presenter and co-author of *Pray, Decide, and Don't Worry: 5 Steps to Discerning God's Will* One of the hardest topics to define (and even harder to live out) is our uniquely feminine vocation as women. Our own individual stories are so often wrapped up with wounds from our past. As we know, the result is confusion and hurt, drastically affecting our lives, especially our relationships. Lisa has given us a great gift, reaping immense fruit and insight from several heroic female saints throughout the Church's life and Lisa's own personal experiences. I am so grateful because this book will help so many! -Sarah Swafford Speaker and author of *Emotional Virtue*

Front Porch Politics Michael S. Foley, 2013-09-17 An on-the-ground history of ordinary Americans who took to the streets when political issues became personal. It is widely believed that Americans of the 1970s and '80s were exhausted by the upheavals of the '60s and eager to retreat to the private realm. When they did take action, it was mainly to express their disillusionment with government by supporting the right. In fact, as Michael Stewart Foley shows, neither of these assumptions is correct. On the community level, the 1970s and '80s saw vibrant new forms of political activity emerge. Tenants challenged landlords, farmers practiced civil disobedience to protect their land, and laid-off workers asserted a right to own their idled factories. Activists fought to defend the traditional family or to expand the rights of women, while entire towns organized to protest the toxic sludge in their basements. In all these arenas, Americans were propelled by their own

experiences into the public sphere. Disregarding conventional ideas of left and right, they turned to political action when they perceived an immediate threat to the safety and security of their families, homes, or dreams. Front Porch Politics is a people's history told through on-the-ground experiences. Recalling crusades famous and forgotten, Foley shows how Americans followed their outrage into the streets. Their distinctive style of visceral, local, and highly personal activism remains a vital resource for the renewal of American democracy--

Rebuilding the Front Porch of America Patrick Overton, 2016-12-09 In the twenty years since this book was first published, our nation's communities - from urban centers to rural and small communities dotting our landscape - have had their foundations rocked to the core. Yet, despite the economic, social, and cultural challenges they have experienced, communities all across our country are showing their resilience by reinventing themselves. This is especially true for many of rural and small communities whose persistence and self-determination show the same creativity, the same grit, the same shared values that brought them into existence. One of the ways these communities are doing this is by engaging in community making through the arts. The arts invite us to tell our story and listen to the story of others. As we work together and celebrate our community creativity, the arts bring people of all ages, genders, races, religions, and economic backgrounds together for the common good of reconnecting with each other and celebrating who we are as individuals and communities. Community arts provide a new gathering place, a cultural and spiritual touchstone that is a source of community revitalization and neighborhood revival. I believe our rural and small communities are creating the map our nation is searching for that will help us navigate the challenges awaiting all of us as we work together rebuilding the front porch of America.

A Place for T Robert H. Lengel, Dr. Lengel offers a thought provoking twist on Aesop's Hare-Tortoise fable reframing it as a Human Race pitting our Hare-brained heads against our Tortoise-inspired hearts. As we run faster and faster in our Hare-like pursuits of wealth, power and status, we are leaving no place for the slow and steady Tortoise to speak for our humanity. As a result, the author poses the possibility we are creating a world with our intellects and technology that we can't relate to emotionally and spiritually. We might be outrunning our humanity and setting the stage for the Hare to win this human race by default. Our inability to engage each other in civil and respectful conversations, the hate and violence infecting our culture and leadership failures in organizations might be evidence this sinister end is fast approaching. This book is a hard hitting and at times poetic invitation to step back from our busy lives, sit with the author on his front porch, and question our lives and work. It is an inspirational reminder of Mahatma Gandhi's warning that "there is more to life than simply increasing its speed." In a conversational format, Dr. Lengel guides us down a hopeful path forward - a path

illuminated by what he calls divergent thinking. His words are a 'siren call' to wake up and realize we can't afford Hare-brained progress at the cost of our souls. We need A Place for T in our lives 'now', to account for the unaccountable while we still have time!

By day, she and her coven friends seem like typical high school seniors. By night, they have the power to make werewolves, vampires, and ghosts reveal themselves, so they can destroy them. And one by one, they are getting completely freaked out. Jules is the youngest, and though her friends are too scared tell her what's going on, something's clearly not right. As her birthday approaches, Jules realizes she's got to find out what's behind the shadows of her coven before it's too late to save her friends...and herself. But what she discovers may be too powerful for even the toughest witches to defeat.

Midnight War of Mateo Martinez Robin Yardi, 2016-03-01 Life is confusing for Mateo Martinez. He and Johnny Ramirez don't hang out anymore, even though they used to be best friends. He and his new friend Ashwin try to act like brave, old-time knights, but it only gets them in trouble. And last night, two skunks stole Mateo's old trike. Wait—two skunks stole his trike? Mateo is too big for that rusty kid toy. He has a cool, shiny new bike anyway. But Mateo also has a neighborhood to protect. And he's about to begin a big, stinky quest to catch the thieves in the middle of the night! As Mateo protects his neighborhood, he also learns a few things about growing up and letting go. "Take this oath: I, [state your name], will do good, fight for those in need, and read *The Midnight War of Mateo Martinez*."—Adam Rex, author of the Cold Cereal Saga

Spoon River America Jason Stacy,2021-05-11 From Main Street to Stranger Things, how poetry changed our idea of small town life A literary and cultural milestone, *Spoon River Anthology* captured an idea of the rural Midwest that became a bedrock myth of life in small-town America. Jason Stacy places the book within the atmosphere of its time and follows its progress as the poetry took root and thrived. Published by Edgar Lee Masters in 1915, *Spoon River Anthology* won praise from modernists while becoming an ongoing touchstone for American popular culture. Stacy charts the ways readers embraced, debated, and reshaped Masters's work in literary controversies and culture war skirmishes; in films and other media that over time saw the small town as idyllic then conflicted then surreal; and as the source of three archetypes—populist, elite, and exile—that endure across the landscape of American culture in the twenty-first century. A wide-ranging reconsideration of a literary landmark, *Spoon River America* tells the story of how a Midwesterner's poetry helped change a nation's conception of itself.

From the miners' doublehouse Karen Bescherer Metheny,2007 In *From the Miners' Doublehouse*, archaeologist Karen Metheny uses an interpretive, contextual approach to examine the physical and cultural landscape of the now-abandoned coal-mining town of Helvetia in western Pennsylvania. The author weaves together documentary sources, oral history, and archaeological evidence to reveal the ways in which mine workers constructed a sense of community in this company town from the late nineteenth century to the mid-twentieth. As the first archaeological and historical study of a coal company town that focuses upon the strategies its residents used to manipulate landscape and material culture to achieve personal and social goals, *From the Miners' Doublehouse* makes a significant contribution to historical and industrial archaeology. This book will be of interest to scholars in industrial and environmental history, geography, and industrial sociology. It will also appeal to general readers interested in coal's history and the Appalachian coal-mining region.

The Front Steps Project Kristen Collins,Cara Soulia,2020-11-24 *People* magazine's top reason for Hope in America. Curated from a grassroots social movement, *The Front Steps Project* is an inspiring, uplifting portrait series capturing how people coped with living in isolation during the COVID-19 pandemic. *The Front Steps Project*™ demonstrates that even in the

most challenging of circumstances, kindness, love, courage, and hope exist to build, bind, and connect communities around the globe. Created on March 18, 2020, The Front Steps Project™ began when friends Kristen Collins and Cara Soulia sought out to unite their neighbors through photographs of life in quarantine. In addition to incorporating work from other local photographers, the women traveled to neighborhoods around Needham, Massachusetts to photograph residents in front of their homes in exchange for donations to their local food pantry. Within days, #TheFrontStepsProject became a grassroots social mission, connecting thousands of people across the globe and raising over \$3,250,000 for vital non-profit organizations and local businesses including food pantries, frontline workers, homeless and animal shelters, hospitals and so much more. Through their noble efforts, hundreds of thousands of images and stories of love, sacrifice, compassion, kindness, perseverance, and - ultimately hope - flooded social media. Featured on Good Morning America, The Today Show, People Magazine, The Wall Street Journal, The Boston Globe and more, The Front Steps Project brings communities together virtually, despite being - and maybe feeling - isolated. The Front Steps Project contains over 400 photographs and dozens of stories of families during the COVID-19 pandemic. This heartwarming keepsake commemorates a massive effort of courage, unity, and goodwill. As a tribute to the good work of The Front Steps Project, a portion of book sales will be donated to The United Way to help people impacted by the pandemic.
