Basket Weavers for the California Curio Trade Marvin Cohodas,2019-12-03 The peoples of northwestern California's Lower Klamath River area have long been known for their fine basketry. Two early-twentieth-century weavers of that region, Elizabeth Hickox and her daughter Louise, created especially distinctive baskets that are celebrated today for their elaboration of technique, form, and surface designs. Marvin Cohodas now explores the various forces that influenced Elizabeth Hickox, analyzing her relationship with the curio trade, and specifically with dealer Grace Nicholson, to show how those associations affected the development and marketing of baskets. He explains the techniques and patterns that Hickox created to meet the challenge of weaving design into changig three-dimensional forms. In addition to explicating the Hickoxes' basketry, Cohodas interprets its uniqueness as a form of intersocietal art, showing how Elizabeth first designed her distinctive trinket basket to convey a particular view of the curio trade and its effect on status within her community. Through its close examination of these superb practitioners of basketry, *Basket Weavers for the California Curio Trade* addresses many of today's most pressing questions in Native American art studies concerning individuality, patronage, and issues of authenticity. Graced with historic photographs and full-color plates, it reveals the challenges faced by early-twentieth-century Native weavers. Published with the assistance of The Southwest Museum, Los Angeles.

The Pagan Dream of the Renaissance Joscelyn Godwin,2005-02-10 The Pagan Dream of the Renaissance recounts the almost untold story of how the rediscovery of the pagan, mythological imagination during the Renaissance brought a profound transformation to European culture. This highly illustrated book, available for the first time in paperback, shows that the pagan imagination existed side-by-side -- often uneasily -- with the official symbols, doctrines, and art of the Church. Godwin carefully documents how pagan themes and gods enhanced both public and private life. Palaces and villas were decorated with mythological images/ stories, music, and dramatic pageants were written about pagan themes/ and landscapes were designed to transform the soul. This was a time of great social and cultural change, when the pagan idea represented nostalgia for a classical world untroubled by the idea of sin and in no need of redemption.A stunning book with hundreds of photos that bring alive this period with all its rich conflict between Christianity and classicism.
