The Best American Science and Nature Writing 2021 Ed Yong, Jaime Green, 2021-10-12 New York Times best-selling author and renowned science journalist Ed Yong compiles the best science and nature writing published in 2020. The stories I have chosen reflect where I feel the field of science and nature writing has landed, and where it could go, Ed Yong writes in his introduction. They are often full of tragedy, sometimes laced with wonder, but always deeply aware that science does not exist in a social vacuum. They are beautiful, whether in their clarity of ideas, the elegance of their prose, or often both. The essays in this year's Best American Science and Nature Writing brought clarity to the complexity and bewilderment of 2020 and delivered us necessary information during a global pandemic. From an in-depth look at the moment of the virus's outbreak, to a harrowing personal account of lingering Covid symptoms, to a thoughtful analysis on how the pandemic will impact the environment, these essays, as Yong says, synthesize, evaluate, dig, unveil, and challenge, imbuing a pivotal moment in history with lucidity and elegance. THE BEST AMERICAN SCIENCE AND NATURE WRITING 2021 INCLUDES - SUSAN ORLEAN - EMILY RABOTEAU - ZEYNEP TUFEKCI - HELEN OUYANG - HEATHER HOGAN BROOKE JARVIS - SARAH ZHANG and others

Gordo Jaime Cortez, 2021-08-10 This debut story collection “masterfully navigates adverse conditions of migrant life while . . . managing to find joy and amusement, love and triumph” (San Francisco Chronicle). Gordo brings readers inside a migrant workers camp near Watsonville, California in the 1970s. At the heart of these interrelated stories is a young, probably gay, boy named Gordo, who must find a way to contend with the notions of manhood imposed on him by his father. As he comes of age, Gordo learns about sex, watches his father’s drunken fights, and discovers even his own documented Mexican-American parents are wary of illegal migrants. We also meet Fat Cookie, high schooler and resident artist who runs away from home one day with her mother’s boyfriend, Manny. And then there are Los Tigres, the twins who show up every season and whose drunken brawl ends with one of them rushed to the emergency room in an upholstered chair tied to the back of a pick-up truck. These scenes from Steinbeck Country are full of humor, family drama, and a sweet frankness about serious questions: Who belongs to America and how are they treated? How does one learn decency when grown adults must fear for their lives and livelihoods? Gordo “announces a vibrant new voice on the literary scene, at once wise and authentic and supremely gifted” (Booklist, starred review). Finalist for the 2022 Lambda Literary Award for Gay Fiction Longlisted for

the Andrew Carnegie Medal for Excellence in Fiction

You Are Here Jaime Taets,2021-08-27 There are always twists and turns on the way to success. We know that, maybe even expect it, yet when they happen we often wonder: Where did I go wrong? If I want more, does that mean I've made terrible decisions? Am I broken? Then she realized it was normal: all paths to success are winding and unclear.

Breathing Fire Jaime Lowe,2021-07-27 A dramatic, revelatory account of the female inmate firefighters who battle California wildfires. Shawna was overcome by the claustrophobia, the heat, the smoke, the fire, all just down the canyon and up the ravine. She was feeling the adrenaline, but also the terror of doing something for the first time. She knew how to run with a backpack; they had trained her physically. But that's not training for flames. That's not live fire. California's fire season gets hotter, longer, and more extreme every year — fire season is now year-round. Of the thousands of firefighters who battle California's blazes every year, roughly 30 percent of the on-the-ground wildland crews are inmates earning a dollar an hour. Approximately 200 of those firefighters are women serving on all-female crews. In *Breathing Fire*, Jaime Lowe expands on her revelatory work for *The New York Times Magazine*. She has spent years getting to know dozens of women who have participated in the fire camp program and spoken to captains, family and friends, correctional officers, and camp commanders. The result is a rare, illuminating look at how the fire camps actually operate — a story that encompasses California's underlying catastrophes of climate change, economic disparity, and historical injustice, but also draws on deeply personal histories, relationships, desires, frustrations, and the emotional and physical intensity of firefighting. Lowe's reporting is a groundbreaking investigation of the prison system, and an intimate portrayal of the women of California's Correctional Camps who put their lives on the line, while imprisoned, to save a state in peril.

This Book Is an Action Jaime Harker,Cecilia Konchar Farr,2015-12-30 The Women's Liberation Movement held a foundational belief in the written word's power to incite social change. In this new collection, Jaime Harker and Cecilia Konchar Farr curate essays that reveal how second-wave feminists embraced this potential with a vengeance. The authors in *This Book Is an Action* investigate the dynamic print culture that emerged as the feminist movement reawakened in the late 1960s. The works created by women shined a light on taboo topics and offered inspiring accounts of personal transformation. Yet, as the essayists reveal, the texts represented something far greater: a distinct and influential American literary renaissance. On the one hand, feminists took control of the process by building a network of publishers and distributors

owned and operated by women. On the other, women writers threw off convention to venture into radical and experimental forms, poetry, and genre storytelling, and in so doing created works that raised the consciousness of a generation. Examining feminist print culture from its structures and systems to defining texts by Margaret Atwood and Alice Walker, *This Book Is an Action* suggests untapped possibilities for the critical and aesthetic analysis of the diverse range of literary production during feminism's second wave.

The Mindful Elite Jaime Kucinkas, 2019 The Mindful Elite delves into the elite foundation of the mindfulness movement, showing how its leaders' choices to spread meditation through elite networks both facilitated the rapid rise of mindful meditation, and undermined meditators' intentions to transform society from the cushion.

Qualifying Times Jaime Schultz, 2014-03-15 This perceptive, lively study explores U.S. women's sport through historical points of change: particular products or trends that dramatically influenced both women's participation in sport and cultural

responses to women athletes. Beginning with the seemingly innocent ponytail, the subject of the Introduction, scholar Jaime Schultz challenges the reader to look at the historical and sociological significance of now-common items such as sports bras and tampons and ideas such as sex testing and competitive cheerleading. Tennis wear, tampons, and sports bras all facilitated women's participation in physical culture, while physical educators, the aesthetic fitness movement, and Title IX encouraged women to challenge (or confront) policy, financial, and cultural obstacles. While some of these points of change increased women's physical freedom and sporting participation, they also posed challenges. Tampons encouraged menstrual shame, sex testing (a tool never used with male athletes) perpetuated narrowly-defined cultural norms of femininity, and the late-twentieth-century aesthetic fitness movement fed into an unrealistic beauty ideal. Ultimately, Schultz finds that U.S. women's sport has progressed significantly but ambivalently. Although participation in sports is no longer uncommon for girls and women, Schultz argues that these points of change have contributed to a complex matrix of gender differentiation that marks the female athletic body as different than--as less than--the male body, despite the advantages it may confer.
