**So Close to Amazing** KariAnne Wood, 2017-09-05 This is a book celebrating the incredible, awesome, special individual within each of us. It's also a book for anyone who has ever mismatched her shoes or trimmed her own bangs when a professional might have been a better choice or added too much soap to the washer and watched it overflow. (Not that KariAnne Wood has ever done any of these things.) Fans of *The Magnolia Story* and *The Pioneer Woman* will love this debut memoir from the beloved Thistlewood Farms blogger. *So Close to Amazing* is a collection of hilarious and heartfelt reflections on getting it almost right—and how, instead of giving up, we can choose to simply embrace our real selves right where we are. It's a story of transparency and honesty and recognizing that perfection is completely overemphasized and overrated. It's about grace and learning from mistakes and rejoicing in every victory, no matter how small. Because when you find joy in the “you” God created you to be, you'll discover the amazing that was there all along. Contains beautiful DIY project ideas anyone can do, whether you're Pinterest perfect or craft challenged—homemade signs, centerpieces, recipe walls, and more!

**Joyful** Ingrid Fetell Lee,2018-09-04 Make small changes to your surroundings and create extraordinary happiness in your life with groundbreaking research from designer and TED star Ingrid Fetell Lee. Next Big Idea Club selection—chosen by Malcolm Gladwell, Susan Cain, Dan Pink, and Adam Grant as one of the two most groundbreaking new nonfiction reads of the season! This book has the power to change everything! Writing with depth, wit, and insight, Ingrid Fetell Lee shares all you need to know in order to create external environments that give rise to inner joy. —Susan Cain, author of *Quiet* and founder of Quiet Revolution Have you ever wondered why we stop to watch the orange glow that arrives before sunset, or why we flock to see cherry blossoms bloom in spring? Is there a reason that people—regardless of gender, age, culture, or ethnicity—are mesmerized by baby animals, and can't help but smile when they see a burst of confetti or a cluster of colorful balloons? We are often made to feel that the physical world has little or no impact on our inner joy. Increasingly, experts urge us to find balance and calm by looking inward—through mindfulness or meditation—and muting the outside world. But what if the natural vibrancy of our surroundings is actually our most renewable and easily accessible source of joy? In *Joyful*, designer Ingrid Fetell Lee explores how the seemingly mundane spaces and objects we interact with every day have surprising and powerful effects on our mood. Drawing on insights from neuroscience and psychology, she explains why one setting makes us feel anxious or competitive, while another fosters acceptance and delight—and, most importantly, she reveals how we can harness the power of our surroundings to live fuller, healthier, and truly joyful lives.

*The Heirloom Gardener* John Forti,2021-06-22 “Part essay collection, part gardening guide, *The Heirloom Gardener* encourages readers to embrace heirloom seeds and traditions, serving as a well-needed reminder to slow down and reconnect with nature.” —Modern Farmer Modern life is a cornucopia of technological wonders. But is something precious being lost? A tangible bond with our natural world—the deep satisfaction of connecting to the earth that was enjoyed by previous generations? In *The Heirloom Gardener*, John Forti celebrates gardening as a craft and shares the lore and traditional practices that link us with our environment and with each other. Charmingly illustrated and brimming with wisdom, this guide will inspire you to slow down, recharge, and reconnect.
