**Martha Stewart's Cupcakes** Martha Stewart Living Magazine,2009-06-02 The perfect cupcake for every occasion. Swirled and sprinkled, dipped and glazed, or otherwise fancifully decorated, cupcakes are the treats that make everyone smile. They are the star attraction for special days, such as birthdays, showers, and holidays, as well as perfect everyday goodies. In Martha Stewart's Cupcakes, the editors of Martha Stewart Living share 175 ideas for simple to spectacular creations—with cakes, frostings, fillings, toppings, and embellishments that can be mixed and matched to produce just the right cupcake for any occasion. Alongside traditional favorites like yellow buttermilk cupcakes swirled with fluffy vanilla frosting and devil's food cupcakes crowned with rich, dark chocolate buttercream, there are also sweet surprises such as peanut butter and jelly cupcakes, dainty delights like tiny almond-cherry tea cakes, and festive showstoppers topped with marzipan ladybugs or candy clowns. The book features cupcakes for everyone, every season, and every event: Celebrations (monogram heart cupcakes perfect for an elegant wedding); Birthdays (starfish-on-the-beach cupcakes sure to be a hit at children's parties); Holidays (gumdrop candy ghouls and goblins ideal for Halloween revelers); and Any Day (red velvet cupcakes with cream cheese frosting for a picnic, or caramel-filled mini chocolate cakes for grown-up gatherings). In singular Martha Stewart style, the pages are both stunning in design—with a photograph of each finished treat—and brimming with helpful how-to information, from step-by-step photographs for decorating techniques to ideas for packaging and presenting your cupcakes. Whether for any day or special days, the treats in Martha Stewart's Cupcakes will delight one and all.

Emily Leary's unique 5-phase programme looks at the issue of 'fussy eating' in a holistic way that links imagination with food, and which situates parents alongside - not in opposition to - their children. You'll embark on a food discovery which will change the way you look at food and bring healthy variety into every meal for years to come. You will ease away from the same four-to-six staple meals most families fall back on, towards truly varied meal plans from day to day, week to week, to the point where introducing your whole family to new flavours, colours and textures is a breeze because new is the norm. Each phase includes a clear explanation of what you're going to learn and achieve, clear advice/commentary, two weeks of delicious tried and tested recipes, and hands-on activities to try out with your family, all of which will help bring that phase to life and help you and your family to progress forward. The 5-phase approach: Phase 1: Unfamiliar into the familiar. Introducing unfamiliar colour, flavour or texture into familiar favourites. Phase 2: Educate. Experimenting with food, and understanding where it comes from and why it's important. Phase 3: Fun. Putting the fun back into food and building enthusiasm for food variety. Phase 4: Into the unknown. Discovering new ingredients and flavour combinations. Phase 5: Cementing variety. Learning techniques to keep your family meals varied long-term.
