Georgia Tim Burford,2024-08-14 This new seventh edition of Bradt's Georgia remains the only dedicated guide to this fascinating, budget-friendly Caucasian country, where tourism continues to grow and domestic travel is increasingly straightforward. Thoroughly updated to reflect recent developments, this guidebook includes revised and new listings for hotels, homestays, restaurants, what to see and do, and how to get around by public transport. At the intersection of Europe and Asia, nestled between Russia, Armenia, Azerbaijan and Turkey, Georgia is the hub of the Caucasus - a country known for its mountains and Black Sea coast, and its wonderful food, wine and all-round hospitality. With Bradt's Georgia, you can experience the new alongside the old in a country where most cultural and historical sights are free of charge or very cheap. The capital, Tbilisi, boasts a charming, cobbled old town, the centuries-old tiled baths of Orbeliani and numerous cultural highlights, but has also seen major developments recently, including conspicuous new projects such as the Panorama complex. Already famous for the cave monastery of Vardzia and the ancient wine-growing region of Kakheti, Georgia's more remote areas are becoming more accessible. Networks of rural guesthouses and hiking trails (including the increasingly popular Transcaucasian Trail, a volunteer-led project to create two long-distance hiking routes) are being developed alongside a push towards more sustainable and responsible tourism. On the Black Sea, the city of Batumi has developed into a glitzy playground for regional tourism. Appropriately, given that the country is considered to be the birthplace of wine, the Georgian wine industry features prominently, with particular emphasis on the UNESCO-listed natural qvevri wines (made in clay amphorae set in the ground). Also covered are: skiing at Gudauri, Bakuriani and Mestia; cycling; the World Heritage sites of Mtskheta, Svaneti and Gelati; Georgian fusion cuisine (now celebrated in Tbilisi's stylish new restaurants); 5th-century churches and other Christian architecture; cave cities; and Georgian polyphonic singing. Bradt's unique guide to Georgia is the ideal companion for travellers, from serious hikers to wine buffs, high-end culture lovers to winter-sports

enthusiasts, and city-break aficionados to backpackers of all ages.

Happy Hour Marlowe Granados,2021-09-07 With the verve and bite of Ottessa Moshfegh and the barbed charm of Nancy Mitford, Marlowe Granados's stunning debut brilliantly captures a summer of striving in New York City. Isa Epley, all of twenty-one years old, is already wise enough to understand that the purpose of life is the pursuit of pleasure. She arrives in New York with her newly blond best friend looking for adventure. They have little money, but that's hardly going to stop them. By day, the girls sell clothes on a market stall, pinching pennies for their Bed-Stuy sublet and bodega lunches. By night, they weave between Brooklyn, the Upper East Side, and the Hamptons among a rotating cast of celebrities, artists, Internet entrepreneurs, stuffy intellectuals, and bad-mannered grifters. Resources run ever tighter and the strain tests their friendship as they try to convert social capital into something more lasting than precarious gigs as au pairs, nightclub hostesses, paid audience members, and aspiring foot fetish models. Through it all, Isa's bold, beguiling voice captures the precise thrill of cultivating a life of glamour and intrigue as she juggles paying her dues with skipping out on the bill. Happy Hour is a novel about getting by and having fun in a system that wants you to do neither.

Bushville Jerry Kelly,2001-06-15 From Bushville: The game is a fine construct. Its trace through anyone's life can range from a youthful diversion to a full-blown career, a tender small-fingered grasp to a deep muscular understanding. It provides a focus and a way to express the physical self in a physical world. I've played every moment of every game in my life as an amateur in the best sense of that word--doing something I love just for the love of it. The roots of that soulful effort run as deep as my earliest memories, measuring them. And possibly, yours likewise. To play baseball is to become part of the game. One need not be a megabuck star to live baseball as a participant, to figure into its geometry and its drama. The friendly exertions of amateur play lie at the heart of the sport, comprising the wellspring of its professional levels. Here viewed as a pastime through the eyes of a lifelong amateur player, baseball unfolds as an experience of motion and time and senses--the work of muscle, the textures of wood and leather, the warmth of sun, the scents of a grassy field. In the timeless continuity of the game can be glimpsed part of baseball's singular appeal: the lively tension between the momentary and the eternal, what is over and what is never over. The interwoven essays making up Bushville are a poignant reflection upon the pursuit of what is essentially a ball, but what is crucially human as well.

Events and Well-being Allan Stewart Jepson, Trudie Walters, 2021-06-09 This book is the first to take an in-depth examination of events and well-being, adopting a much-needed critical approach to the study of events. It uses empirical case studies to help us better understand how events foster positive well-being or counter negative well-being for event organisers, participants, spectators, volunteers and even non-attending local residents. While researchers have long understood socialisation as the major motivation to attend contemporary festivals and events, it is only just being acknowledged that well-being is also a key motivator. Those researching in the field of event studies are yet to clearly articulate the how, why, where, and impacts of socialisation. This multidisciplinary book draws together empirical research across a range of event types and sizes, from music festivals to mega sports events, to provide a nuanced understanding of their contribution to the well-being of individuals and communities. Case studies are drawn from around the world and apply a diverse range of theoretical lenses to the conceptualisation of well-being as it applies to events and methodologies used to achieve research aims and objectives. This significant volume will be valuable reading for students and academics in the fields of sport studies, critical event studies, queer studies, cultural studies, tourism, music, sociology and end-of-life studies.

Transforming from Consumer to Producer in 90 Days Darryl L. Wortham, 2011-08-10 FOREWORD The core concept is not just saving money, but saving time and energy as well. These savings are multiplied together, giving you more money to invest. To summarize, I created the equation: $\$ET = M2 \text{ to } INVEST$, in which saving Money, Energy, and Time ($\$ET$) are

multiplied to generate (=) More Money (M2) to INVEST. This equation is fundamental to your success! You must be prepared to take action to start having enough money to accomplish your goals, to stop living paycheck to paycheck, and to retire early. If you are on course to make the same income as last year or, worse, facing declining take-home pay because of ever-increasing taxes, medical costs and declining economy, don't give up! Saving money, energy, and time will generate more money to invest creating real income and wealth. Transforming you from consumer to producer! You must expand yourself personally as well as enhance your inner and micro economics. Rather than growing a mega-company's revenue or the financial fortitude of millionaires' pockets, you are going to grow your own individual savings account, retirement plan, and children's college funds. This book is a guide to help you create a path and roadmap to a life of saving money, reducing debt, living efficiently, and creating wealth by investing within a reasonable timeframe. Together we will examine four major building blocks that inspire and accelerate behavioral changes: 1. Why and how to change your behavior and lifestyle. 2. How to save money, energy, and time. 3. How to invest your money, energy, and time savings to improve your present situation and build for the future. 4. How to create and implement a transformation plan. Progressive ideas and hilarious cheap strategies are also detailed. These are necessary to exceed your personal and financial goals. I want you to be thrilled about life, saving money for a brighter future, and early retirement, while having fun at the same time.

Me, My Bike and a Street Dog Called Lucy Ishbel Holmes, 2018 This new title from Bradt tells the inspiring and emotional story of Ishbel Holmes, also known as 'World Bike Girl', a Scottish-Iranian woman who became a champion racing cyclist in spite of having been abandoned by her family, and who set off on the adventure of a lifetime despite her lack of experience, money or equipment. Ishbel Holmes was determined to cycle the world but her journey took a completely unexpected turn when, despite her initial instincts not to, she rescued a street dog in Turkey. Ishbel was lost and alone when she started on her epic trip, but in Lucy found a companionship never previously known. Between the two there formed a deep bond and their relationship was followed and supported by thousands of readers online, before becoming a media sensation overnight when Ishbel put out a plea for help to transport Lucy to an animal shelter three hundred miles away. This heart-rending tale is about more than just the relationship between a woman and her dog. It is a testimony to the human spirit, overcoming present-day challenges and churning up long-buried and painful memories from Ishbel's earlier life. It is also a tale of adventure, one person's determination to cross an unfamiliar country by bike and the unforgettable scenes that greet her on the Turkey-Syria border and into Syria itself. And it is a loving portrait of Lucy, the street dog that was determined not to let Ishbel go and whose dogged persistence helped to break down the barriers around her heart and in so doing change her life in ways she had never imagined. Ultimately, this is a tale of love and healing, a modern fable that touches the soul and reminds us all of the need to belong.

Night + Market Kris Yenbamroong, Garrett Snyder, 2017-10-03 If you love to eat Thai food, but don't know how to cook it,

Kris Yenbamroong wants to solve your problems. His brash style of spicy, sharp Thai party food is created, in part, by stripping down traditional recipes to wring maximum flavor out of minimum hassle. Whether it's a scorching hot crispy rice salad, lush coconut curries, or a wok-seared pad Thai, it's all about demystifying the universe of Thai flavors to make them work in your life. Kris is the chef of Night + Market, and this cookbook is the story of his journey from the Thai-American restaurant classics he grew eating at his family's restaurant, to the rural cooking of Northern Thailand he fell for traveling the countryside. But it's also a story about how he came to question what authenticity really means, and how his passion for grilled meats, fried chicken, tacos, sushi, wine and good living morphed into an L.A. Thai restaurant with a style all its own.
