Pictures from Home Larry Sultan,2017 First published in 1992 to wide critical acclaim, Pictures From Home is Larry Sultan's pendant to his parents. Sultan returned home to Southern California periodically in the 1980s and the decade-long sequence moves between registers, combining contemporary photographs with film stills from home movies, fragments of conversation, Sultan's own writings and other memorabilia. The result is a narrative collage in which the boundary between the documentary and the staged becomes increasingly ambiguous. Simultaneously the distance usually maintained between the photographer and his subjects also slips in an exchange of dialogue and emotion that is unique to this work. Significantly increasing the page count of the original book, this MACK design of Pictures From Home clarifies the multiplicity of voices - both textual and pictorial - in order to afford a fresh perspective of this seminal body of work -- Provided by the publisher.

My Ear at His Heart Hanif Kureishi,2010-03-09 Described in a recent New York Times Magazine profile as a postcolonial Philip Roth, Hanif Kureishi first captured the attention of audiences and critics in the 1980s with the award-winning novel The Buddha of Suburbia and the films My Beautiful Laundrette and Sammy and Rosie Get Laid. In three decades of acclaimed work, Kureishi has written fiction and films exploring a series of interconnected themes about identity and desire—from Islamic radicalism to kinky sex, and from psychoanalysis to the relationships of fathers and sons. After discovering an abandoned manuscript of his father's, hidden for years, Kureishi was compelled to turn his unflinching perspective (Time Out) onto his own history. Like Roth, Martin Amis and Geoffrey Wolfe, who also have written books about their fathers, Kureishi wanted to understand and perhaps to reconcile. My Ear at His Heart offers remarkable insight into the birth of a writer, chronicling how Kureishi's own literary calling emerged from the ashes of his father's aspirations. And so begins a journey that takes Kureishi through his father's privileged childhood by the sea in Bombay, through the turbulent birth of Pakistan and to his modest adult life in England—his days spent as a civil servant, his nights writing prose, hopeful of one day receiving literary recognition. A beguiling and complex tale of fact, fiction and family tensions (The Guardian), My Ear at His Heart was published to great acclaim in the United Kingdom in 2004 and went on to win the prestigious Prix France Culture Etranger. Now, this profound work from one of the most compelling artists of our time is at last available in a Scribner edition.
