Practically overnight, they've cemented their place as the city's go-to sleuths for solving the weird, oddball cases that would confuse and irritate anyone else. Meanwhile, an aging billionaire obsesses over his plans to achieve immortality, which could mean dire consequences for the world. But with Duckett & Dyer: Dicks For Hire on the case, what could go wrong? If you said 'everything', you'd be correct.

Other Birds Sarah Addison Allen, 2022-08-30 The New York Times Bestseller From the acclaimed author of Garden Spells comes an enchanting tale of lost souls, lonely strangers, secrets that shape us, and how the right flock can guide you home. Down a narrow alley in the small coastal town of Mallow Island, South Carolina, lies a stunning cobblestone building comprised of five apartments. It's called The Dellawisp and it is named after the tiny turquoise birds who, alongside its human tenants, inhabit an air of magical secrecy. When Zoey Hennessey comes to claim her deceased mother's apartment at The Dellawisp, she meets her quirky, enigmatic neighbors including a girl on the run, a grieving chef whose comfort food

does not comfort him, two estranged middle-aged sisters, and three ghosts. Each with their own story. Each with their own longings. Each whose ending isn't yet written. When one of her new neighbors dies under odd circumstances the night Zoey arrives, she is thrust into the mystery of The Dellawisp, which involves missing pages from a legendary writer whose work might be hidden there. She soon discovers that many unfinished stories permeate the place, and the people around her are in as much need of healing from wrongs of the past as she is. To find their way they have to learn how to trust each other, confront their deepest fears, and let go of what haunts them. Delightful and atmospheric, *Other Birds* is filled with magical realism and moments of pure love that won't let you go. Sarah Addison Allen shows us that between the real and the imaginary, there are stories that take flight in the most extraordinary ways.

Sitting Pretty Rebekah Taussig, 2020-08-25 A memoir-in-essays from disability advocate and creator of the Instagram account @sitting_pretty Rebekah Taussig, processing a lifetime of memories to paint a beautiful, nuanced portrait of a body that looks and moves differently than most. Growing up as a paralyzed girl during the 90s and early 2000s, Rebekah Taussig only saw disability depicted as something monstrous (*The Hunchback of Notre Dame*), inspirational (*Helen Keller*), or angelic (*Forrest Gump*). None of this felt right; and as she got older, she longed for more stories that allowed disability to be complex and ordinary, uncomfortable and fine, painful and fulfilling. Writing about the rhythms and textures of what it means to live in a body that doesn't fit, Rebekah reflects on everything from the complications of kindness and charity, living both independently and dependently, experiencing intimacy, and how the pervasiveness of ableism in our everyday media directly translates to everyday life. Disability affects all of us, directly or indirectly, at one point or another. By exploring this truth in poignant and lyrical essays, Taussig illustrates the need for more stories and more voices to understand the diversity of humanity. *Sitting Pretty* challenges us as a society to be patient and vigilant, practical and imaginative, kind and relentless, as we set to work to write an entirely different story.

Financial Recovery Karen McCall, 2011-03-21 After healing her own unhealthy relationship with money, and transforming her financial disaster into prosperity and security, Karen McCall created a recovery program she has now used for more than twenty years to help individuals, couples, and businesses large and small. In the midst of her money troubles, she saw a need for something other than financial planners, accountants, and credit counselors. These experts could tell her what she should be doing differently, but she needed someone to help her understand the underlying causes of chronic, self-defeating overspending and credit card debt, underearning, and low or no savings. To save herself, she created practical, holistic tools that address these sources of pain and shame. McCall's program supports people as they uncover their deep-seated attitudes about money; provides simple, step-by-step tools for healing areas of physical, emotional, and spiritual deprivation; and teaches skills and strategies for experiencing lasting personal and financial fulfillment even in the midst of economic challenges and reversals.

Down the Rabbit Hole Régis Auffray,2018-07-14 Although limericks are thought of as frivolous nonsense, and are primarily written to elicit smiles or perhaps even laughter, many of them express irony and satire and try to make a point. Régis Auffray's third book of limericks contains over 1,000 funny, quirky, and perhaps intriguing, poems of that particular genre, most of which are based on true experiences and real people. Thus, readers may identify with the silly verses that make up this delightful book.

The Poisonwood Bible Barbara Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." —Los Angeles Times Book Review *The Poisonwood Bible*, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African

nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.
