The Coveted Recipe Astrida B. Stahnke,2017-04-28 The Coveted Recipe may be a part of that story, only steeped in the Dark Ages. I am not sure what it is and where it belongs. Is it an adult fairy tale? A sad tragedy of times past? Or a parable of human nature that in changing remains the same, where innocent people are caught in webs of misplaced fears, laws, and

regulations? It came to me on a sunny day in Berlin as I sat in an U-Bahn that passed along the broken graffiti-smear Berlin Wall, thinking how it had locked people in like the Iron Curtain and how many suffered and died behind those walls that had cut through lives and loves, leaving trails of guilt and sin on all sides. And then I thought about punishments, such as witch hunts and dungeons and prisons and wars. Seeing the devastation through a foggy window, I hoped that the train was speeding into a new and better age . . .

Chickens in the Road Suzanne McMinn, 2013-10-08 Suzanne McMinn, a former romance writer and founder of the popular blog chickensintheroad.com, shares the story of her search to lead a life of ordinary splendor in *Chickens in the Road*, her inspiring and funny memoir. Craving a life that would connect her to the earth and her family roots, McMinn packed up her three kids, left her husband and her sterile suburban existence behind, and moved to rural West Virginia. Amid the rough landscape and beauty of this rural mountain country, she pursues a natural lifestyle filled with chickens, goats, sheep—and no pizza delivery. With her new life comes an unexpected new love—52, a man as beguiling and enigmatic as his nickname—a turbulent romance that reminds her that peace and fulfillment can be found in the wake of heartbreak. Coping with formidable challenges, including raising a trio of teenagers, milking stubborn cows, being snowed in with no heat, and making her own butter, McMinn realizes that she’s living a forty-something’s coming-of-age story. As she dares to become self-reliant and embrace her independence, she reminds us that life is a bold adventure—if we’re willing to live it. *Chickens in the Road* includes more than 20 recipes, craft projects, and McMinn’s photography, and features a special two-color design.

Sticks and Stones Melissa Lennig, 2019-05-07 *Sticks and Stones* presents a treasure trove of building and engineering

ideas for children to employ in the great outdoors using materials readily available to them to create cabins, tipis, bridges, dams, and more. Many smaller scale projects are included, too, such as making ochre paint with shale, creating a fishing pole from a branch, and carving a marshmallow roasting stick. Opportunities and materials for constructive play exist everywhere in nature. Author Melissa Lennig (of the blog Fireflies and Mud Pies) introduces today's screen-overloaded kids to this world of fun waiting just outside the door. Whether camping or hanging out in the back yard, children will marvel at the wonderful, useful tools and playthings they can create with natural objects. *Sticks and Stones* details various designs for the ever-popular fort (cabins, tipis, survival shelters, etc.) and also covers structures such as bridges, fences, and dams, while explaining the STEAM principles behind each. In addition to structures, there are other ideas and projects for camping and the backyard, like a fire ring (explaining the types of fires, airflow, and safety), the always useful tripod, a travois, a rock garden, and toy boats. Along the way, there are multi-leveled reading opportunities in the form of quick features on considerations like mindfulness, campfire safety, mini STEAM design challenges, and more. *Sticks and Stones* was named to the longlist for the 2020 AAAS/Subaru SB&F Prize for Excellence in Science Books in the Hands-On Science Book category. The prize honors outstanding science writing and illustration for children and young adults. This book is an essential resource for every junior outdoor adventurer.
