Starring Red Wing! Linda M. Waggoner,2019-11 The epic biography *Starring Red Wing!* brings the exciting career, dedicated activism, and noteworthy legacy of Ho-Chunk actress Lillian Margaret St. Cyr vividly to life. Known to film audiences as “Princess Red Wing,” St. Cyr emerged as the most popular Native American actress in the pre-Hollywood and early studio-system era in the United States. Today St. Cyr is known for her portrayal of Naturich in Cecil B. DeMille’s *The Squaw Man* (1914); although DeMille claimed to have “discovered the little Indian girl,” the viewing public had already long adored her as a petite, daredevil Indian heroine. She befriended and worked with icons such as Mary Pickford, Jewell Carmen, Tom Mix, Max Sennett, and William Selig. Born on the Winnebago Reservation in 1884 and orphaned in 1888, she spent ten years in Indian boarding schools before graduating from the Carlisle Indian Industrial School in 1902. She married James Young Johnson, and in 1907 the couple reinvented themselves as the stage personas “Princess Red Wing” and “Young Deer,” performing in Wild West shows around New York and beginning their film careers. As their popularity grew, St. Cyr and Johnson decamped from the East Coast and helped establish the second motion picture company in Southern California, where *Red Wing* became a Native American leading lady in westerns until her career waned in 1917. After returning to the reservation to work as a housekeeper, she took her show on a two-year tour to educate the public about Native culture and lived out her life in New York, performing, educating, and crafting regalia. *Starring Red Wing!* is a sweeping narrative of St. Cyr’s evolution as America’s first Native American film star, from her childhood and performance career to her days as a respected elder of the multi-tribal New York City Indian Community.

Finding a Million-Star Hotel Bob Mizon,2016-07-04 Bob Mizon, one of the world’s best known campaigners against the veil of light pollution that has taken away the starry sky from most of the world’s population, takes readers to a hundred places in the UK and the USA where the wonders of the night sky might still be enjoyed in perfect or near-perfect night skies.

Visiting small hotels and simple campsites, and savoring vast dark-sky reserves where the night sky is actively protected, The Million-Star Hotel celebrates the black skies of yesteryear - which may become a reality for more and more of us as modern technology reins in lighting and puts it only where needed. How can you prepare for your stay beneath the stars? What astronomy can you do during the daytime? What kind of equipment will you need? Questions such as these are answered, and if town dwellers return inspired - and, Bob hopes, also inspired to look with fresh eyes at their own local lighting - there is enough information here for them to equip themselves for some urban astronomy too.

Framing the Bride Bonnie Adrian,2003-12-08 With a wedding impending, the Taiwanese bride-to-be turns to bridal photographers, makeup artists, and hair stylists to transform her image beyond recognition. They give her fairer skin, eyes like a Western baby doll, and gowns inspired by sources from Victorian England to MTV. An absorbing consideration of contemporary bridal practices in Taiwan, Framing the Bride shows how the lavish photographs represent more than mere conspicuous consumption. They are artifacts infused with cultural meaning and emotional significance, products of the gender- and generation-based conflicts in Taiwan's hybrid system of modern matrimony. From the bridal photographs, the book opens out into broader issues such as courtship, marriage, kinship, globalization, and the meaning of the West and Western cultural images of beauty. Bonnie Adrian argues that in compiling enormous bridal albums full of photographs of

brides and grooms in varieties of finery, posed in different places, and exuding romance, Taiwanese brides engage in a new rite of passage—one that challenges the terms of marriage set out in conventional wedding rites. In *Framing the Bride*, we see how this practice is also a creative response to U.S. domination of transnational visual imagery—how bridal photographers and their subjects take the project of globalization into their own hands, defining its terms for their lives even as they expose the emptiness of its images.
