To Paint is to Love Again Henry Miller, 1968 New and expanded edition of the title, first published in 1960.

Painting Imperialism and Nationalism Red Stephen Velychenko, 2015-09-15 In *Painting Imperialism and Nationalism Red*, Stephen Velychenko traces the first expressions of national, anti-colonial Marxism to 1918 and the Russian Bolshevik occupation of Ukraine. Velychenko reviews the work of early twentieth-century Ukrainians who regarded Russian rule over their country as colonialism. He then discusses the rise of national communism in Russia and Ukraine and the Ukrainian Marxist critique of Russian imperialism and colonialism. The first extended analysis of Russian communist rule in Ukraine to focus on the Ukrainian communists, their attempted anti-Bolshevik uprising in 1919, and their exclusion from the Comintern, *Painting Imperialism and Nationalism Red* re-opens a long forgotten chapter of the early years of the Soviet Union and the relationship between nationalism and communism. An appendix provides a valuable selection of Ukrainian Marxist texts, all translated into English for the first time.

The Truth in Painting Jacques Derrida, 2020-10-28 The four essays in this volume constitute Derrida's most explicit and sustained reflection on the art work as pictorial artifact, a reflection partly by way of philosophical aesthetics (Kant, Heidegger), partly by way of a commentary on art works and art scholarship (Van Gogh, Adami, Titus-Carmel). The illustrations are excellent, and the translators, who clearly see their work as both a rendering and a transformation, add yet another dimension to this richly layered composition. Indispensable to collections emphasizing art criticism and aesthetics.—Alexander Gelley, *Library Journal*

Reading Japanese Haikai Poetry Herbert H. Jonsson, 2015-12-22 In *Reading Japanese Haikai Poetry* Herbert Jonsson makes an inquiry into the multitude ways in which Japanese linked haikai poetry has been read and understood. A number of poems composed by the eighteenth-century master Yosa Buson are analyzed in great detail. Although closely related to the popular haiku, haikai is often regarded as difficult for non-specialists, but this study offers the reader a wealth of explanations, displaying the varied perspectives available. The first part of the book consists of a thorough investigation of how these poems have been interpreted in the Japanese commentary tradition. The second concluding part offers an innovative study of the poetics of scent (nioizuke), essential for understanding the creative force of this poetry.

Painting on the Left Anthony W. Lee, 1999-04-15 During the 1930s San Francisco's most ambitious public murals were

painted by artists on the left. In this study, Anthony Lee shows how these painters, led by Diego Rivera, sought to transform murals into a vehicle for their rejection of the economic and political status quo and their support of labor and radical ideologies, including Communism. In addressing these subjects, the mural painters developed a new imagery, based on the activities of the city's laboring population - its efforts to organize, its protests, its strikes.

The Silent Patient Alex Michaelides,2019-02-05 ****THE INSTANT #1 NEW YORK TIMES BESTSELLER**** An unforgettable—and Hollywood-bound—new thriller... A mix of Hitchcockian suspense, Agatha Christie plotting, and Greek tragedy. —Entertainment Weekly *The Silent Patient* is a shocking psychological thriller of a woman's act of violence against her husband—and of the therapist obsessed with uncovering her motive. Alicia Berenson's life is seemingly perfect. A famous painter married to an in-demand fashion photographer, she lives in a grand house with big windows overlooking a park in one of London's most desirable areas. One evening her husband Gabriel returns home late from a fashion shoot, and Alicia shoots him five times in the face, and then never speaks another word. Alicia's refusal to talk, or give any kind of explanation, turns a domestic tragedy into something far grander, a mystery that captures the public imagination and casts Alicia into notoriety. The price of her art skyrockets, and she, the silent patient, is hidden away from the tabloids and spotlight at the Grove, a secure forensic unit in North London. Theo Faber is a criminal psychotherapist who has waited a long time for the opportunity to work with Alicia. His determination to get her to talk and unravel the mystery of why she shot her husband takes him down a twisting path into his own motivations—a search for the truth that threatens to consume him....

Painting In The People's Republic Of China Arnold Chang,2019-09-30 The relationship between politics and art in any society should not be seen simply as one of cause and effect. Political and artistic issues are linked to one another through a complex network of interactions and associations. In the People's Republic of China, where all aspects of society are directly related to politics, and where the creation of art is in itself considered a political act, this relationship is more clearly defined than elsewhere, though no less complicated. In China, the government plays a direct and active role in overseeing the nation's artistic production, and in determining the criteria for critical judgment. This study is divided into three sections. Chapter 1 outlines the major statements of artistic policy and the theoretical structure upon which the. policies are based. Chapter 2 deals with the effect of the artistic policies upon artists, and the reactions of painters to the political demands placed upon them. The third chapter will focus on the experiences of three such artists, Kuan Shan-yueh, Li K'o-jan and Ch'ien Sung-yen. All three specialize in landscape, a genre that has been especially problematic, and all three incorporate both Western techniques and traditional Chinese methods of drawing.

Renoir Scala Publishers, Ltd.,2006-06 Renoir masterfully created Luncheon of the Boating Party's enchanting mood by capturing a contemporary moment - 19th-century leisure on the Seine - and the universal appeal of celebration. He also combined several of the traditional categories of painting: still life, landscape, portraiture and genre. The result is a timeless work that captures the atmosphere of an idyllic place, where friends share the pleasures of food, wine and conversation.

Scala's new 4-fold format is ideal for displaying this exquisite painting. It showcases archival photographs that identify the revellers, and x-rays of the painting, which reveal little-known compositional changes, as well as details and images that fold out to bring this late 19th-century icon to life. 38 colour & 19 b/w illustrations
