Image Analysis and Processing II V. Cantoni,V. Di Gesu,S. Levialdi,2012-12-06 This book contains the proceedings of the 4th International Conference on Data Analysis and Processing held in Cefalu' (Palermo, ITALY) on September 23-25 1987. The aim of this Conference, now at its fourth edition, was to give a general view of the actual research in the area of methods and systems for achieving artificial vision as well as to have an up-dated information of the current activity in Europe. A number of invited speakers presented overviews of statistical classification problems and methods, non conventional architectures, mathematical morphology, robotic vision, analysis of range images in vision systems, pattern matching algorithms and astronomical data processing. Finally a survey of the discussion on the contribution of AI to Image Analysis is given. The papers presented at the Conference have been subdivided in four sections: knowledge based approaches, basic pattern recognition tools, multi features system based solutions, image analysis-applications. We must thank the IBM-Italia and the Digital Equipment Corporation for sponsoring this Conference. We feel that the days spent at Cefalu' were an important step toward the mutual exchange of scientific information within the image processing community. v. Cantoni Pavia University V. The Pure Language of Love Erick Pasquale Forsythe, 2011-09-09 The Pure Language of Love consists of more than just the typical everyday love poems. Erick's style of writing will grab you by the very seams of your soul and bring you to a level of emotional expression you did not know to exist. Some of his poems are casual and smooth flowing; while others are lyrical roller coasters that leave you wondering how he was able to peer so deeply into your soul and bring out the secrets locked within. Captured within the pages of this book are poems based on the highest levels of love as well as the darkest days of despair which follow losing that same love. There are poems involving family life and the relationships built therein. He also discusses his religious views in poems such as 'We Are Witnesses'. He concludes this literary work with poems based on random events and situations throughout his life. Anyone who appreciates truly heartfelt poetry will want to take them time to examine The Pure Language of Love.
