[Top Five Regrets of the Dying](#) Bronnie Ware,2019-08-13 Revised edition of the best-selling memoir that has been read by over a million people worldwide with translations in 29 languages. After too many years of unfulfilling work, Bronnie Ware began searching for a job with heart. Despite having no formal qualifications or previous experience in the field, she found herself working in palliative care. During the time she spent tending to those who were dying, Bronnie's life was transformed. Later, she wrote an Internet blog post, outlining the most common regrets that the people she had cared for had expressed. The post gained so much momentum that it was viewed by more than three million readers worldwide in its first year. At the request of many, Bronnie subsequently wrote a book, *The Top Five Regrets of the Dying*, to share her story. Bronnie has had a colourful and diverse life. By applying the lessons of those nearing their death to her own life, she developed an understanding that it is possible for everyone, if we make the right choices, to die with peace of mind. In this revised edition of the best-selling memoir that has been read by over a million people worldwide, with translations in 29 languages, Bronnie expresses how significant these regrets are and how we can positively address these issues while we still have the time. *The Top Five Regrets of the Dying* gives hope for a better world. It is a courageous, life-changing book that will leave you feeling more compassionate and inspired to live the life you are truly here to live.

**The Dress I'll Wear to the Party** Shirley Neitzel,1992-09-16 In cumulative verses and rebuses a girl describes how she is dressing up in her mother's party things.

*Political Parties and Interest Groups in Norway* Elin Haugsgjerd Allern,2024-10-31 How do today's political parties relate to other organisations? Do they prefer rather distant relationships with a wide range of interest groups - or have they virtually detached themselves from civil society altogether? Scholars seem to agree that traditionally close relationships - such as those between social democratic parties and trade unions - have grown weaker since the 1960s. But to date only limited systematic research has been conducted. While parties and interest groups attract a great deal of attention from political scientists, the links between them have been largely overlooked. This book is an attempt to bridge the gap, starting from the party side of the relationship. It throws new light on the topic by presenting a theory-driven, comprehensive study of Norway's seven major political parties and their relationships with interest groups at the beginning of the new millennium. Based on original and extensive data, including party documents, in-depth interviews with key players and a survey of

national party elites, Elin Haugsgjerd Allern paints a nuanced picture of the nature and significance of these relationships and the factors that shape them. A major conclusion is that Norway's parties tend to maintain rather distant but wide-ranging relationships with interest groups today. However, some parties still have fairly strong links with their traditional associates and a narrower network of links with other groups. Hence, Allern also shows that significant differences exist between parties that are apparently exposed to the same social, political and institutional environment.

**The Politics and Rhetoric of Commemoration** Michael Billig, Cristina Marinho, 2017-07-13 In recent years there has been much interest in collective memory and commemoration. It is often assumed that when nations celebrate a historic day, they put aside the divisions of the present to recall the past in a spirit of unity. As Billig and Marinho show, this does not apply to the Portuguese parliament's annual celebration of 25 April 1974, the day when the dictatorship, established by Salazar and continued by Caetano, was finally overthrown. Most speakers at the ceremony say little about the actual events of the day itself; and in their speeches they continue with the partisan politics of the present as combatively as ever. To understand this, the authors examine in detail how the members of parliament do politics within the ceremony of remembrance; how they engage in remembering and forgetting the great day; how they use the low rhetoric of manipulation and point-scoring, as well as high-minded political rhetoric. The book stresses that the members of the audience contribute to the meaning of the ceremony by their partisan displays of approval and disapproval. Throughout, the authors demonstrate that, to uncover the deeper meanings of political rhetoric, it is necessary to take note of significant absences. The Politics and

Rhetoric of Commemoration illustrates how an in-depth case-study can be invaluable for understanding wider processes. The authors are not content just to uncover unnoticed features of the Portuguese celebration. They use the particular example to provide original insights about the rhetoric of celebrating and the politics of remembering, as well as throwing new light onto the nature of party political discourse.

Swarms of locusts, record-breaking heat, and devastating storms ravage Gatlin as Ethan and Lena struggle to understand the impact of Lena's Claiming. Even Lena's family of powerful Supernaturals is affected -- and their abilities begin to dangerously misfire. As time passes, one question becomes clear: What -- or who -- will need to be sacrificed to save Gatlin? For Ethan, the chaos is a frightening but welcome distraction. He's being haunted in his dreams again, but this time it's not Lena -- and the mysterious figure is following him out of his dreams and into his everyday life.
