A Super Upsetting Cookbook About Sandwiches Tyler Kord,2016-06-14 "Tyler and his approach to sandwiches are equal parts clever, hilarious, and deeply dirty (in all the right ways). I'm obsessed with the never-ending possibility of what a sandwich can be, and so I'm a supreme fan girl of everything that Tyler and his crazy mind inserts between these pages and two pieces of bread." —Christina Tosi Known genius and broccoli savant Tyler Kord is chef-owner of the lauded No. 7 Sub shops in New York. He is also a fabulously neurotic man who directs his energy into ruminations on sandwich philosophy, love, self-loathing, pay phones, getting drunk in the shower, Tom Cruise, food ethics, and what it's like having the names of two different women tattooed on your body. But being a chef means that it's your job to make people happy, and so, to thank you for being there while he works out his issues, he offers you this collection of truly excellent recipes, like roast beef with crispy shallots and smoky French dressing, a mind-blowing mayonnaise that tastes exactly like pho, or so many ways to make vegetables into sandwiches that you may never eat salad again. *A Super Upsetting Cookbook About Sandwiches* will make you laugh, make you cry, and most of all, make you hungry.

From the bestselling author of Rich and Pretty comes a suspenseful and provocative novel keenly attuned to the complexities of parenthood, race, and class. Leave the World Behind explores how our closest bonds are reshaped—and unexpected new ones are forged—in moments of crisis. Amanda and Clay head out to a remote corner of Long Island expecting a vacation: a quiet reprieve from life in New York City, quality time with their teenage son and daughter, and a taste of the good life in the luxurious home they've rented for the week. But a late-night knock on the door breaks the spell. Ruth and G. H. are an older couple—it's their house, and they've arrived in a panic. They bring the news that a sudden blackout has swept the city. But in this rural area—with the TV and internet now down, and no cell phone service—it's hard to know what to believe. Should Amanda and Clay trust this couple—and vice versa? What happened back in New York? Is the vacation home, isolated from civilization, a truly safe place for their families? And are they safe from one another?

The Words of My Father Yousef Bashir, 2018-09-28 In the Gaza Strip, growing up on land owned by his family for centuries, eleven-year-old Yousef is preoccupied by video games, school pranks, and meeting his father's impossibly high standards. Everything changes when the Second Intifada erupts and soldiers occupy the family home. Yousef's father refuses to flee and risk losing the house forever, so the army keeps the family in a state of virtual imprisonment. Yousef struggles to understand how his father can be so committed to peaceful co-existence that he welcomes the occupying Israeli soldiers as 'guests', even in the face of unfair and humiliating treatment. Over time, Yousef learns how to endure his new life in captivity - but he can't anticipate that a bullet is about to transform his future in an instant. Shot by an Israeli soldier at the age of fifteen, and taken to hospital in Tel Aviv, Yousef slowly and painstakingly confronts the paralysis of his lower body. Under the ceaseless care of Israeli medical professionals, he gains a new perspective on the value of co-existence. These transformative experiences set Yousef on a difficult new path that leads him to learn to embody his father's philosophy, and spread a message of co-existence in a world of deep-set sectarianism. *The Words of My Father* is a moving coming-of-age story about survival, tolerance and hope.

Unscaled Hemant Taneja, 2018-03-27 *Unscaled* identifies the forces that are reshaping the global economy and turning one of the fundamental laws of business and society -- the economies of scale -- on its head. An innovative trend combining technology with economics is unraveling behemoth industries -- including corporations, banks, farms, media conglomerates, energy systems, governments, and schools--that have long dominated business and society. Size and scale have become a liability. A new generation of upstarts is using artificial intelligence to automate tasks that once required expensive investment, and renting technology platforms to build businesses for hyper-focused markets, enabling them to grow big without the bloat of giant organizations. In *Unscaled*, venture capitalist Hemant Taneja explains how the unscaled phenomenon allowed Warby Parker to cheaply and easily start a small company, build a better product, and become a global competitor in no time, upending entrenched eyewear giant Luxottica. It similarly enabled Stripe to take on established payment processors throughout the world, and Livongo to help diabetics control their disease while simultaneously cutting the cost of treatment. The unscaled economy is remaking massive, deeply rooted industries and opening up fantastic possibilities for entrepreneurs, imaginative companies, and resourceful individuals. It can be the model for solving some of the world's greatest problems, including climate change and soaring health-care costs, but will also unleash new challenges that today's leaders must address.

Healthier Together Liz Moody, 2019-04-09 A healthy cookbook to share with a partner, featuring more than 100 recipes designed to nourish your bodies and souls. An Epicurious Best Cookbook for Spring • "Healthier Together focuses on real whole foods and bringing community together."—Kelly LeVeque, celebrity nutritionist and bestselling author of *Body Love* Food writer and health blogger Liz Moody once followed trendy diets and ate solely for fuel, not for flavor. That changed when she met her soon-to-be-boyfriend and they started cooking nutrient- and vegetable-rich meals. She not only fell in love with food again, but she also discovered that setting goals and sticking to them is easier and more gratifying when paired with someone else. Mincing garlic and sautéing onions together eventually led the couple to marriage—proving that good

food really is the universal connector! These 100+ flavor-packed recipes are designed to be cooked and enjoyed by two people, plus they're all gluten-free, dairy-free, and plant-centered. They include homemade alternatives for all the foods you love to share, such as brunch, takeout, and sweet treats. Indulge in Cardamom Banana Bread Pancakes with Candied Coffee Walnuts, Cornflake "Fried" Chicken, General Tso's Cauliflower, and Chocolate Tahini Brownie Bites. Pick your partner—near or far—and get ready to get healthy. Praise for Healthier Together "This cookbook is one you'll be reaching for time and time again when you need healthy food that is satisfying and delicious."—Tieghan Gerard "Liz Moody offers heaps of tasty recipes packed with great ingredients."—Real Simple "Healthier Together is a brilliant concept! Cooking with a friend/partner/mom is so much better than cooking alone, plus having a partner will keep you both accountable on your healthy eating journey."—Gina Homolka "Liz does an amazing job helping you make delicious food in a way that is both feasible and fun."—Rachel Mansfield "Liz's book overflows with food made to share, healthy but with all the comfort and flavor that brings happy people around the table."—Daphne Oz "Liz's message is profound, yet so simple . . . you need to have both whole foods and whole, real relationships to truly be healthy and happy. This book makes eating healthy a celebration, not a sacrifice, and it brings an arsenal of fresh and flavorful recipes that are fun to make and eat!"—Jeanine Donofrio

Artful Cats Mary Savig, 2019-04-30 Cats, cats, and more cats! Expressive or aloof, affectionate or enigmatic, cats have complicated characters that make them compelling artists' muses. *Artful Cats* explores the quirky and charming relationships of artists with their cats in 130 rarely seen photos, paintings, sketches, manuscripts, and letters from the Archives of American Art. Jasper Johns, Frank Stella, Louise Nevelson, Marcel Breuer, Yves Tanguy, Georgia O'Keeffe, Edward Weston, Robert Indiana, Judy Chicago, Berenice Abbott, and Romare Bearden show off their artful cats, which appear as companions, inspirations, instigators, and often regents of the home or studio. The images, culled from the archive's extensive holdings from the nineteenth century through today, celebrate our cultural heritage through our enduring fascination, love, and bemusement with our feline familiars. A foreword by Kate Haw, director of the Archives of American Art, describes how these archival treasures provide a window on unexpected and personal details of celebrated artists' lives and work.
