Inspiration and Authority in the Middle Ages Brian FitzGerald, 2017-10-06 Inspiration and Authority in the Middle Ages rethinks the role of prophecy in the Middle Ages by examining how professional theologians responded to new assertions of divine inspiration. Drawing on fresh archival research and detailed study of unpublished manuscript sources from the twelfth to fourteenth centuries, this volume argues that the task of defining prophetic authority became a crucial intellectual and cultural enterprise as university-trained theologians confronted prophetic claims from lay mystics, radical Franciscans, and other unprecedented visionaries. In the process, these theologians redescribed their own activities as prophetic by locating inspiration not in special predictions or ecstatic visions but in natural forms of understanding and in the daily work of ecclesiastical teaching and ministry. Instead of containing the spread of prophetic privilege, however, scholastic assessments of prophecy from Peter Lombard and Thomas Aquinas to Peter John Olivi and Nicholas Trevet opened space for claims of divine insight to proliferate beyond the control of theologians. By the turn of the fourteenth century, secular Italian

humanists could lay claim to prophetic authority on the basis of their intellectual powers and literary practices. From Hugh of St Victor to Albertino Mussato, reflections on and debates over prophecy reveal medieval clerics, scholars, and reformers reshaping the contours of religious authority, the boundaries of sanctity and sacred texts, and the relationship of tradition to the new voices of the Late Middle Ages.

Arresting Images Steven C. Dubin, 2013-10-18 Although contemporary art may sometimes shock us, more alarming are recent attempts to regulate its display. Drawing upon extensive interviews, a broad sampling of media accounts, legal documents and his own observations of important events, sociologist Steven Dubin surveys the recent trend in censorship of the visual arts, photography and film, as well as artistic upstarts such as video and performance art. He examines the dual meaning of arresting images--both the nature of art work which disarms its viewers and the social reaction to it. Arresting Images examines the battles which erupt when artists address such controversial issues as racial polarization, AIDS, gay-bashing and sexual inequality in their work.

Narrating China's Governance Department of Commentary People's Daily, 2019-11-20 This open access book captures and elaborates on the skill of storytelling as one of the distinct leadership features of Xi Jinping, the General Secretary of the Communist Party of China and the President of the People's Republic of China. It gathers the stories included in Xi's speeches on various occasions, where they conveyed the essence of China's history and culture, its reform and development, and the principles of China's participating in global governance and cooperating with other countries to build a community of common destiny. The respective stories not only convey abstract and profound concepts of governance in comparatively straightforward language, but also create an immediate emotional connection between the narrator and the listener. In addition to the original stories, extensive additional materials are provided to convey the original context in which each was

told, including when and to whom Xi told it, helping readers attain a deeper, intuitive understanding of their relevance.

Icons of Dissent Jeremy Prestholdt,2019-07-01 The global icon is an omnipresent but poorly understood element of mass culture. This book asks why audiences around the world have embraced particular iconic figures, how perceptions of these figures have changed, and what this tells us about transnational relations since the Cold War era. Prestholdt addresses these questions by examining one type of icon: the anti-establishment figure. As symbols that represent sentiments, ideals, or something else recognizable to a wide audience, icons of dissent have been integrated into diverse political and consumer cultures, and global audiences have reinterpreted them over time. To illustrate these points the book examines four of the most evocative and controversial figures of the past fifty years: Che Guevara, Bob Marley, Tupac Shakur, and Osama bin Laden. Each has embodied a convergence of dissent, cultural politics, and consumerism, yet popular perceptions of each reveal the dissonance between shared, global references and locally contingent interpretations. By examining four very different figures, *Icons of Dissent* offers new insights into global symbolic idioms, the mutability of common references, and the commodification of political sentiment in the contemporary world.

Shifting Images of the Hasmoneans Vered Noam,2018-02-16 The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth. Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders, through achievement of full sovereignty, to downfall, this volume examines the Hasmoneans through the lens of reception history. On the one hand, these brief, colorful legends are embedded in the narrative of the historian of the age, Flavius Josephus; on the other hand, they are scattered throughout the extensive halakhic-exegetical compositions known as rabbinic literature, redacted and compiled centuries later. Each set of parallel stories is examined for the motivation underlying its creation, its original message, language, and the historical context. This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions, in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora, and to decipher the disparities, different emphases, reworking, and unique orientations typical of each. These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts. The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent, a hidden Jewish Atlantis of early pseudo-historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature.

In Awe John O'Leary,2020-05-05 NATIONAL BESTSELLER • The #1 bestselling author of On Fire shows us how to recapture and harness our childlike sense of wonder in order to become more engaged, successful, and fulfilled. “Engaging . . . O’Leary encourages us to see the world through a child’s eyes.”—Mitch Albom, author of Tuesdays with Morrie There once was a time when we joyfully raised our hands to answer questions, connected easily with others, believed that anything was possible, and fearlessly jumped into new experiences. A time when we viewed each day not as something to endure, but as a marvelous gift to explore and savor—when we danced through our lives in awe of the ordinary moments and eager for the promise of tomorrow. Unfortunately, that’s far from our experience today. Instead, we feel disconnected and jaded. Social media reminds us that we don’t measure up, and the mainstream media barrages us with constant negativity. Many of us find ourselves caught in a life of dogged responsibility and mind-numbing repetition. The daily struggle to earn a living has caused us to lose the sense of wonder with which we once greeted every day. In his new book, bestselling author John O’Leary invites us to consider that it is possible to once again navigate the world as a child does. Identifying five senses children innately possess and that we’ve lost touch with as we age, O’Leary shares emotional, humorous, and inspirational stories intertwined with fascinating new research showing how each of us can reclaim our childlike joy, and why doing so will change how we interact with the world. In Awe reveals how we can regain that ability to see fresh insights, reach for new solutions, and live our best lives.

The Joy of the Gospel Pope Francis,2014-10-07 The perfect gift! A specially priced, beautifully designed hardcover

edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. “The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church’s journey in years to come.” – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for “the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned,” the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, “to recognize the traces of God’s Spirit in events great and small.” Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Between the World and Me Ta-Nehisi Coates, 2015-07-14 #1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME’S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH’S “BOOKS THAT HELP ME THROUGH” • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as “required reading,” a bold and personal literary exploration of America’s racial history by “the most important essayist in a generation and a writer who changed the national political conversation about race” (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation’s history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his

childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Object Lives and Global Histories in Northern North America Beverly Lemire, Laura Peers, Anne Whitelaw, 2022-03-30 *Object Lives and Global Histories in Northern North America* explores how close, collaborative looking can discern the traces of contact, exchange, and movement of objects and give them a life and political power in complex cross-cultural histories. Red River coats, prints of colonial places and peoples, Indigenous-made dolls, and an Englishwoman's collection provide case studies of art and material culture that correct and give nuance to global and imperial histories. The result of a collaborative research process involving Indigenous and non-Indigenous contributors, this book looks closely at the circumstances of making, use, and circulation of these objects: things that supported and defined both Indigenous resistance and colonial and imperial purposes. Contributors re-envision the histories of northern North America by focusing on the lives of things flowing to and from this vast region between the eighteenth and the twentieth centuries, showing how material culture is a critical link that tied this diverse landscape to the wider world. An original perspective on the history of northern North American peoples grounded in things, *Object Lives and Global Histories in Northern North America* provides a key analytical and methodological lens that exposes the complexity of cultural encounters and connections between local and global communities.

Manifesto Ernesto Che Guevara, Friedrich Engels, Karl Marx, Rosa Luxemburg, 2015-04-10 "If you are curious and open to the life around you, if you are troubled as to why, how and by whom political power is held and used, if you sense there must be good intellectual reasons for your unease, if your curiosity and openness drive you toward wishing to act with others, to 'do something,' you already have much in common with the writers of the three essays in this book." — Adrienne Rich With a preface by Adrienne Rich, *Manifesto* presents the radical vision of four famous young rebels: Marx and Engels' *Communist Manifesto*, Rosa Luxemburg's *Reform or Revolution* and Che Guevara's *Socialism and Humanity*.
