Because I'm Your Dad Ahmet Zappa, 2015-06-04 Because I'm your dad, you can have spaghetti for breakfast, French toast for dinner, and rocky road ice cream in the bathtub. In a text that's both playful and loving, a father expresses his hopes and dreams for a one-of-a-kind relationship with his child. Whimsical monster characters bring the silly and sweet scenes to life and keep the book universal. The book's ending, a moving tribute to the author's father, guarantees intergenerational appeal. Because I'm your dad, I will do all of these things for you and more . . . because that's what my dad did for me.

Two Friends, One Summer Kate Le Vann, 2010-02-01 'We were best friends when we set out for France. Now I'm not so sure.' Best friends Samantha and Rachel are spending the holidays with two families in France. They're used to doing everything together, but suddenly they're living in different worlds. Rachel's family is glamorous, vivacious and right in the centre of everything, but Samantha is stuck with a strict family who live in the middle of nowhere. Samantha is shaken - she's used to being the outgoing one, and now their roles are reversed. As new experiences and boys threaten the trust between her and Rachel, it looks unlikely that their lifelong friendship can survive this turbulent summer.

Riparian Areas National Research Council, Division on Earth and Life Studies, Board on Environmental Studies and Toxicology, Water Science and Technology Board, Committee on Riparian Zone Functioning and Strategies for Management, 2002-10-10 The Clean Water Act (CWA) requires that wetlands be protected from degradation because of their important ecological functions including maintenance of high water quality and provision of fish and wildlife habitat. However, this protection generally does not encompass riparian areas—the lands bordering rivers and lakes—even though they often provide the same functions as wetlands. Growing recognition of the similarities in wetland and riparian area functioning and the differences in their legal protection led the NRC in 1999 to undertake a study of riparian areas, which has culminated in *Riparian Areas: Functioning and Strategies for Management*. The report is intended to heighten awareness of riparian areas commensurate with their ecological and societal values. The primary conclusion is that, because riparian areas perform a disproportionate number of biological and physical functions on a unit area basis, restoration of riparian functions along America's waterbodies should be a national goal.

The Equivalentents Maggie Doherty,2021-04-13 FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD In 1960, Harvard's sister college, Radcliffe, announced the founding of an Institute for Independent Study, a "messy experiment" in women's education that offered paid fellowships to those with a PhD or "the equivalent" in artistic achievement. Five of the women who received fellowships—poets Anne Sexton and Maxine Kumin, painter Barbara Swan, sculptor Marianna Pineda, and writer Tillie Olsen—quickly formed deep bonds with one another that would inspire and sustain their most ambitious work. They called themselves "the Equivalentents." Drawing from notebooks, letters, recordings, journals, poetry, and prose, Maggie Doherty weaves a moving narrative of friendship and ambition, art and activism, love and heartbreak, and shows how the institute spoke to the condition of women on the cusp of liberation. "Rich and powerful. . . . A love story about art and female friendship." —Harper's Magazine "Reads like a novel, and an intense one at that. . . . The Equivalentents is an observant, thoughtful and energetic account." —Margaret Atwood, The Globe and Mail (Toronto)
