Interface Theology 5/2 2019 ATF Press,2020-09-01 The volume covers a number of areas: Interment of Marist Fathers in the Second World War in NZ, and examines theology and art.

Early Jet Fighters Leo Marriott,2018-05-02 In almost 200 archive photographs Leo Marriott traces the development of British and American jet fighters during the first pioneering decade of their production. In many ways the period from 1944 to 1954 was one of the most exciting and innovative in the history of military aviation. Rare images show the first jet fighters flown by the RAF toward the end of World War II and takes the story forward to the most advanced designs that played a key role in the Korean War. The range of experimental and operational aircraft that were conceived and built during this short time was remarkable. *Early Jet Fighters: British and American 1944-1954* is a graphic and informative introduction to an extraordinary stage in the evolution of the modern warplane.

Industrial Standardization ,1945

Saipan 1944 John Grehan,Alexander Nicoll,2021-06-23 A chronological account of the battle with more than 200 photographs, including graphic images of the fighting and the huge naval bombardment. After the astonishing Japanese successes of 1941 and early 1942, the Allies began to fight back. After victories at Guadalcanal, Coral Sea, Midway and other islands in the Pacific, by 1944, the Japanese had been pushed back onto the defensive. Yet there was no sign of an end to the war, as the Japanese mainland was beyond the reach of land-based heavy bombers. So, in the spring of 1944, the focus of attention turned to the Mariana Islands - Guam, Saipan and Tinian - which were close enough to Tokyo to place the Japanese capital within the operational range of the new Boeing B-29 Superfortress. The attack upon Saipan, the most heavily-defended of the Marianas, took the Japanese by surprise, but over the course of more than three weeks, the 29,000 Japanese defenders defied the might of 71,000 US Marines and infantry, supported by fifteen battleships and eleven cruisers. The storming of the beaches and the mountainous interior cost the US troops dearly, in what was the most-costly battle to date in the Pacific War. Eventually, after three weeks of savage fighting, which saw the Japanese who refused to surrender being burned to death in their caves, the enemy commander, Lieutenant General Saito, was left with just 3,000 able-bodied men and he ordered them to deliver a final suicide banzai charge. With the wounded limping behind, along with numbers of civilians, the Japanese overran two US battalions, before the 4,500 men were wiped out. It was the largest banzai attack of

the Pacific War. As well as placing the Americans within striking distance of Tokyo, the capture of Saipan also opened the way for General MacArthur to mount his invasion of the Philippines and resulted in the resignation of the Japanese Prime Minister Tojo. One Japanese admiral admitted that 'Our war was lost with the loss of Saipan'. This is a highly illustrated story of what US General Holland Smith called 'the decisive battle of the Pacific offensive'. It was, he added, the offensive that 'opened the way to the Japanese home islands'.

LIFE, 1944-05-15 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest, most amazing collection of professional photography on the internet. Users can browse, search and view photos of today's people and events. They have free access to share, print and post images for personal use.

Projections of War Thomas Patrick Doherty, 1999 Topics include: the influence of Leni Riefenstahl; negro soldiers; depicting Vietnam in films. Films examined include: Sergeant York, Air force, Saving Private Ryan, The thin red line.

War and Peace Nigel Hamilton, 2019-05-07 In the much-anticipated conclusion to his masterful trilogy chronicling the wartime career of Franklin Delano Roosevelt, renowned military and political biographer Nigel Hamilton aligns triumph with tragedy to show how FDR was the architect of a victorious peace that he would not live to witness. Providing the definitive account of the events in Normandy on 6 June 1944, Hamilton also reveals the fraught nature of the relationship between the greatest wartime leaders of the Allied forces. Using hitherto unpublished documents and interviews to counter the famous narrative of World War II strategy given by Winston Churchill in his memoirs, Hamilton highlights the true significance of FDR's leadership. Seventy-five years after the D-Day landings, we finally see, close up and in dramatic detail, who was responsible for rescuing - and insisting upon - the great American-led invasion of France in June 1944, and exactly why that invasion was orchestrated by Eisenhower. War and Peace is the rousing final installment in one of the most important historical biographies of the twenty-first century, which demonstrates how FDR's failing health only spurred him on in his efforts to build a US-backed post-war world order. In this stirring account of the life of one of the most celebrated political leaders of our time, Hamilton hails the President as the sole person capable of anticipating the requirements of peace in order to bring an end to the war.

The Official Picture Carol Payne, 2013-06-01 Mandated to foster a sense of national cohesion The National Film Board of Canada's Still Photography Division was the country's official photographer during the mid-twentieth century. Like the Farm Security Administration and other agencies in the US, the NFB used photographs to serve the nation. Division

photographers shot everything from official state functions to images of the routine events of daily life, producing some of the most dynamic photographs of the time, seen by millions of Canadians - and international audiences - in newspapers, magazines, exhibitions, and filmstrips. In *The Official Picture*, Carol Payne argues that the Still Photography Division played a significant role in Canadian nation-building during WWII and the two decades that followed. Payne examines key images, themes, and periods in the Division's history - including the depiction of women munitions workers, landscape photography in the 1950s and 60s, and portraits of Canadians during the Centennial in 1967 - to demonstrate how abstract concepts of nationhood and citizenship, as well as attitudes toward gender, class, linguistic identity, and conceptions of race were reproduced in photographs. *The Official Picture* looks closely at the work of many Division photographers from staff members Chris Lund and Gar Lunney during the 1940s and 1950s to the expressive documentary photography of Michel Lambeth, Michael Semak, and Pierre Gaudard, in the 1960s and after. The Division also produced a substantial body of Northern imagery documenting Inuit and Native peoples. Payne details how Inuit groups have turned to the archive in recent years in an effort to reaffirm their own cultural identity. For decades, the Still Photography Division served as the country's image bank, producing a government-endorsed official picture of Canada. A rich archival study, *The Official Picture* brings the history of the Division, long overshadowed by the Board's cinematic divisions, to light.

Guide to Federal Records in the National Archives of the United States: Record groups 1-170 United States. National Archives and Records Administration, 1995

Canada and the Second World War Geoffrey Hayes, Mike Bechthold, Matt Symes, 2013-02-01 Terry Copp's tireless teaching, research, and writing has challenged generations of Canadian veterans, teachers, and students to discover an informed memory of their country's role in the Second World War. This collection, drawn from the work of Terry's colleagues and former students, considers Canada and the Second World War from a wealth of perspectives. Social, cultural, and military historians address topics under five headings: The Home Front, The War of the Scientists, The Mediterranean Theatre, Normandy/Northwest Europe, and The Aftermath. The questions considered are varied and provocative: How did Canadian youth and First Nations peoples understand their wartime role? What position did a Canadian scientist play in the Allied victory and in the peace? Were veterans of the Mediterranean justified in thinking theirs was the neglected theatre? How did the Canadians in Normandy overcome their opponents but not their historians? Why was a Cambridge scholar attached to First Canadian Army to protect monuments? And why did Canadians come to commemorate the Second World War in much the same way they commemorated the First? The study of Canada in the Second World War continues to challenge, confound, and surprise. In the questions it poses, the evidence it considers, and the conclusions it draws, this important collection says much about the lasting influence of the work of Terry Copp. Foreword by John Cleghorn.

A Small Price to Pay Graham Broad,2013-10-21 We often picture life on the Canadian home front as a time of austerity, as a time when women went to work and men went to war. Graham Broad explodes this myth of home front sacrifice by bringing to light the contradictions of consumer society in wartime. Governments pressured Depression-weary citizens to save for the sake of the nation, but Canadians had money in their pockets, and advertisers tempted them with fresh groceries, glamorous movies, and new cars and appliances. Broad reveals that our greatest generation was not impervious to temptation but rather embarked on one of the biggest spending booms in our nation's history.

The Public Image of Henry Ford David Lanier Lewis,1976 Skillful journalism and meticulous scholarship are combined in the full-bodied portrait of that enigmatic folk hero, Henry Ford, and of the company he built from scratch. Writing with verve and objectivity, David Lewis focuses on the fame, popularity, and influence of America's most unconventional businessman and traces the history of public relations and advertising within Ford Motor Company and the automobile industry.

Soundies and the Changing Image of Black Americans on Screen Susan Delson,2021-12-07 In the 1940s, folks at bars and restaurants would gather around a Panoram movie machine to watch three-minute films called Soundies, precursors to today's music videos. This history was all but forgotten until the digital era brought Soundies to phones and computer screens—including a YouTube clip starring a 102-year-old Harlem dancer watching her younger self perform in Soundies. In *Soundies and the Changing Image of Black Americans on Screen: One Dime at a Time*, Susan Delson takes a deeper look at these fascinating films by focusing on the role of Black performers in this little-known genre. She highlights the women performers, like Dorothy Dandridge, who helped shape Soundies, while offering an intimate look at icons of the age, such as Duke Ellington and Nat King Cole. Using previously unknown archival materials—including letters, corporate memos, and courtroom testimony—to trace the precarious path of Soundies, Delson presents an incisive pop-culture snapshot of race relations during and just after World War II. Perfect for readers interested in film, American history, the World War II era, and Black entertainment history, *Soundies and the Changing Image of Black Americans on Screen* and its companion video website (susandelson.com) bring the important contributions of these Black artists into the spotlight once again.

The Changing Image of the City Janet Rose Daly Bednarek,1992-01-01 *The Changing Image of the City* describes urban planning and development from the end of World War II to 1973, when major elements of the design of Nebraska's largest city were in place. Janet Daly-Bednarek shows how the approaches to planning shifted during a period that saw Omaha change from a hub of food processing and transportation to a postindustrial center dominated by insurance and by educational, medical, and other services. Finally, she surveys recent developments such as the Central Park Mall and the Old Market area in light of earlier plans and their implementation. In considering the changes that have occurred in Omaha, this book reveals much about the growth of professional urban planning in America. In Omaha, as elsewhere, planners dealt with

power brokers, coped with rampant suburbanism and sprawling shopping malls, searched for ways to reverse the inner-city decay, and concerned themselves with historic preservation, beautification, and quality of life.

Los Alamos Toni Michnovicz Gibson, Jon Michnovicz, 2005 A comprehensive view of the social and professional world of Los Alamos is the photographic journal of a singular period, as seen through the eyes of one soldier, Pvt. J.J. Michnovicz--first assigned to Los Alamos as a photographer by the military but later working as a civilian--who recorded the everyday spirit of the people and the events that shaped this mountain town into a home. Original.

American Images of China, 1931-1949 T. Christopher Jespersen, 1999-02-01 In the 1930's and 1940's, the prevalent American view of China was that of a friendly, democratic, and increasingly Christian state, in many ways akin to the United States. This view was fostered by a wide range of literary, political, and business leaders, including Pearl S. Buck, Franklin D. Roosevelt, Wendell Willkie, Joseph Stillwell, Claire Chennault, and most notably, the powerful publisher of Life and Time, Henry R. Luce. This book shows how the notion of the Chinese as aspiring Americans helped shape American opinions and policies toward Asia for almost twenty years. This notion derived less from the reality of Chinese historical or cultural similarities than from a projection of American values and culture; in the American view, fueled by various political, economic, and religious interests, China was less a geographical entity than a symbol of American hopes and fears. One of the more important consequences was the idealization of China and the demonization of Japan.

When people should go to the book stores, search creation by shop, shelf by shelf, it is in fact problematic. This is why we give the book compilations in this website. It will enormously ease you to look guide **Img 1944** as you such as.
