Good Green Homes Jennifer Roberts,2009-09 Green. It conjures images of a meadow in spring for some, and the color of money for others. What does green have to do with our homes? In essence, green building-or sustainable building-means being smart about how we use energy, water, and building materials so that we can live well without needlessly damaging the environment. Creating a good green home isn't just about conservation, about using less or saving more-although that's certainly part of it. It's about creating better homes that are easier on the environment, less expensive over the long term,

and more delightful to come home to. That's the message Jennifer Roberts wants to share in *Good Green Homes*, the ultimate new guide for people who want to live in comfortable, healthy, environmentally conscious homes. With some simple steps outlined in this book, you can save money, and do your part to help save the environment. For instance, using an energy-efficient light bulb saves you money. It also results in less demand for electricity, which in turn results in less pollution from power plants, which may help a child with asthma breathe a little easier. If you associate green-built housing with the unconventional or the quirky—tree houses, geodesic domes, dwellings constructed of tires or soda bottles—think again. Perfect for homeowners, remodelers, renters (who might be surprised by how much is within their power to change), architects, builders, and interior designers, this book lays out seven fundamental principles of green building, illustrated with more than 150 color and 20 black and white photographs of more than twenty-five homes. Jennifer Roberts launched two retail stores in San Francisco specializing in environmentally sensible consumer products, including household goods; and is a freelance writer and editor on topics that include energy-efficient building design and systems.

Mastering the Art of Entertaining Joseph Marini, 2023-05-09 The spaces we live in are more than just buildings. Our homes have a pulse; like us, they have a past, present, and future. They reflect who we are, and they are the center of our lives. For that reason, entertaining is more than just throwing a great party or setting a pretty table. There is a vulnerability inherent in opening our home and inviting people in to see how we live—and that vulnerability, says home entertainer extraordinaire Joseph Marini, is something to embrace wholeheartedly. In this beautiful, accessible guide, Joseph shares his secrets for being a thoughtful and authentic host when entertaining at home, along with distinctive recipes, tasteful advice on etiquette appropriate for today's lifestyles, and a multitude of ways to make your next gathering unforgettable. Entertaining, he says, is a learned skill that with a little bit of regular practice becomes second nature. Becoming a proficient host means that you are taking the time to nurture people—bringing them together in a space that is comfortable and welcoming while creating memories over food and drinks. Even someone who hates to cook can become a talented host by taking the time to give their presentation a special touch (by serving those store-bought foods on earthenware platters with beautiful garnishes, for example) and learning how to care well for their guests. Including close to 100 recipes that Joseph has used both throughout his career as a caterer and for his own personal use at home—each one accompanied by a gorgeous, full-page lifestyle photo and a recommendation on how to serve the dish with style—*Mastering the Art of Entertaining* is the empowering, inspiring coach you need to become the host you've always wanted to be.

Kabalah Yoga Audi Gozlan, 2018-01-02 Audi Gozlan, a certified yoga instructor and the founder of Kabalah Yoga, offers a book that fuses the practice of yoga with the ancient wisdom of Jewish mysticism, teaching you how to awaken the secret energy of each Hebrew letter in order to enliven your practice and experience the hidden powers of the universe. There is an authentic need for spirituality in our lives—one that connects us with the sacred, something greater than ourselves, but that is also practical, touching the body and soul in deep and meaningful ways. While yoga offers us postures (or asanas), breathing, and meditation techniques, it may not always fulfill the deep desire for spiritual connection that has arisen. But when combined with the mystical tradition of Kabalah, it may be just the answer modern spiritual seekers are after. Kabalah Yoga blends the movement and meditation of Hatha flow yoga with the ancient teachings of Kabalah, incorporating the wisdom of the Hebrew letters, also known as the Sacred Shapes, which are believed by Jewish mystics to be divine templates that contain the creative energy of the universe. This book describes the body, breath, and soul found within each of the Sacred Shapes, and shows that by moving your body into asanas based on each letter of the Hebrew alphabet and meditating on their meaning, you can unlock and embrace their great, empowering, and healing wisdom. Kabalah Yoga brings a new form of awareness to the practice of yoga as a language of the soul, allowing you to journey deep within and discover yourself from the inside out, while tapping into the divine energy of each of the Sacred Shapes. With the explanations, insights, stories, meditations, and photographs in this book, you'll enhance your practice and improve your life.
