Historical Painting Techniques, Materials, and Studio Practice Arie Wallert, Erma Hermens, Marja Peek, 1995-08-24 Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled Historical Painting Techniques, Materials, and Studio Practice at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation

scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

Vanity Fair 100 Years Graydon Carter, 2013-10-15 Vanity Fair 100 Years showcases a century of personality and power, art and commerce, crisis and culture—both highbrow and low—in this collection of images that graced the pages of magazine, and some published for the very first time. From its inception in 1913, through the Jazz Age and the Depression, to its reincarnation in the boom-boom Reagan years, to the image-saturated Information Age, Vanity Fair has presented the modern era as it has unfolded, using wit, imagination, peerless literary narrative, and bold, groundbreaking imagery from the greatest photographers, artists, and illustrators of the day. Edited by Vanity Fair editor Graydon Carter, this sumptuous book takes a decade-by-decade look at the world as seen by the magazine, stopping to describe the incomparable editor Frank Crowninshield and the birth of the Jazz Age Vanity Fair, the magazine's controversial rebirth in 1983, and the history of the glamorous Vanity Fair Oscar Party. "The book is a stunning artifact that begets staring, less for the words and publishing industry than as an exercise in visual storytelling reflected through the prism of society and celebrity. The best photographers, the best designers, the best illustrators all came together over Vanity Fair's contents, and the book unfolds in page after page of stunningly rendered images, some iconic and some that never even ran." —New York Times Book Review
