In *Diary of a Submissive*, Sophie Morgan candidly explains what exactly an independent, 21st century woman gets out of relinquishing her power and personal freedom in a submissive relationship with a dominant man for their mutual sexual pleasure. In the wake of *Fifty Shades of Grey*, here is a memoir that offers the real story of what it means to be a submissive and follows Sophie's story as she progresses from her early erotic experiences through to experimenting with her newfound awakened sexuality. From the endorphin rush of her first spanking right through to being collared, she explains in frank and explicit fashion her sexual explorations. But it isn't until she meets James, a real life 'Christian Grey,' that her boundaries and sexual fetishism are really pushed. As her relationship with James travels into darker and darker places, the question becomes: Where will it end? Can Sophie reconcile her sexuality with the rest of her life, and is it possible for the perfect man to be perfectly cruel? Daring, controversial, and sensual, *Diary of a Submissive* is filled with a captivating warmth and astounding honesty such that no one— man or woman—will be able to put Sophie's story down.
