**Century of the Child** Juliet Kinchin, Aidan O'Connor, 2012 The book examines individual and collective visions for the material world of children, from utopian dreams for the citizens of the future to the dark realities of political conflict and exploitation. Surveying more than 100 years of toys, clothing, playgrounds, schools, children's hospitals, nurseries, furniture, posters, animation and books, this richly illustrated catalogue illuminates how progressive design has enhanced the physical, intellectual, and emotional development of children and, conversely, how models of children's play have informed experimental aesthetics and imaginative design thinking.

**Creativity, Inc. (The Expanded Edition)** Ed Catmull, Amy Wallace, 2023-09-28 The co-founder and longtime president of Pixar updates and expands his 2014 New York Times bestseller on creative leadership, reflecting on the management principles that built Pixar's singularly successful culture, and on all he learned during the past nine years that allowed Pixar to retain its creative culture while continuing to evolve. "Might be the most thoughtful management book ever."—Fast Company For nearly thirty years, Pixar has dominated the world of animation, producing such beloved films as the Toy Story trilogy, Finding Nemo, The Incredibles, Up, and WALL-E, which have gone on to set box-office records and garner eighteen Academy Awards. The joyous storytelling, the inventive plots, the emotional authenticity: In some ways, Pixar movies are an object lesson in what creativity really is. Here, Catmull reveals the ideals and techniques that have made Pixar so widely admired—and so profitable. As a young man, Ed Catmull had a dream: to make the first computer-animated movie. He nurtured that dream as a Ph.D. student, and then forged a partnership with George Lucas that led, indirectly, to his founding Pixar with Steve Jobs and John Lasseter in 1986. Nine years later, Toy Story was released, changing animation forever. The essential ingredient in that movie's success—and in the twenty-five movies that followed—was the unique environment that Catmull and his colleagues built at Pixar, based on philosophies that protect the creative process and defy convention, such

as: • Give a good idea to a mediocre team and they will screw it up. But give a mediocre idea to a great team and they will either fix it or come up with something better. • It's not the manager's job to prevent risks. It's the manager's job to make it safe for others to take them. • The cost of preventing errors is often far greater than the cost of fixing them. • A company's communication structure should not mirror its organizational structure. Everybody should be able to talk to anybody. Creativity, Inc. has been significantly expanded to illuminate the continuing development of the unique culture at Pixar. It features a new introduction, two entirely new chapters, four new chapter postscripts, and changes and updates throughout. Pursuing excellence isn't a one-off assignment but an ongoing, day-in, day-out, full-time job. And Creativity, Inc. explores how it is done.

**52 Little Lessons from It's a Wonderful Life** Bob Welch, 2012 Bob Welch takes us deeper into the nuances of Frank Capra's 1946 tribute to bedrock values.

**Shifting Images of the Hasmoneans** Vered No'am, 2018 The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth. Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders, through achievement of full sovereignty, to downfall, this volume examines the Hasmoneans through the lens of reception history. On the one hand, these brief, colorful legends are embedded in the narrative of the historian of the age, Flavius Josephus; on the other hand, they are scattered throughout the extensive halakhic-exegetical compositions known as rabbinic literature, redacted and compiled centuries later. Each set of parallel stories is examined for the motivation underlying its creation, its original message, language, and the historical context. This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions, in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora, and to decipher the disparities, different emphases, reworking, and unique orientations typical of each. These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts. The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent, a hidden Jewish Atlantis of early pseudo-historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature.

**Food52 A New Way to Dinner** Amanda Hesser, Merrill Stubbs, 2016-10-18 A smart, inspiring cookbook showing how to plan, shop, and cook for dinners (and lunches and desserts) all through the week. The secret? Cooking ahead. Amanda Hesser and Merrill Stubbs, founders of the online kitchen and home destination Food52, pull off home-cooked dinners with their families with stunning regularity. But they don't cook every night. Starting with flexible base dishes made on the weekend, Amanda and Merrill mix, match, and riff to create new dinners, lunches, and even desserts throughout the week. Blistered tomatoes are first served as a side, then become sauce for spaghetti with corn. Tuna, poached in olive oil on a Sunday, gets paired with braised peppers and romesco for a fiery dinner, with spicy mayo for a hearty sandwich, and with zucchini and couscous for a pack-and-go salad. Amanda and Merrill's seasonal plans give you everything you need to set yourself up well for the week, with grocery lists and cooking timelines. They also share clever tips and tricks for more confident cooking, showing how elements can work across menus and seasons to fit your mood or market, and how to be scrappy with whatever's left in the fridge. These building blocks form *A New Way to Dinner*, the key to smarter, happier cooking that leaves you with endless possibilities for the week ahead.

American Night Alan M. Wald, 2012-10-15 *American Night*, the final volume of an unprecedented trilogy, brings Alan Wald's multigenerational history of Communist writers to a poignant climax. Using new research to explore the intimate lives of novelists, poets, and critics during the Cold War, Wald reveals a radical community longing for the rebirth of the social vision of the 1930s and struggling with a loss of moral certainty as the Communist worldview was being called into question. The resulting literature, Wald shows, is a haunting record of fracture and struggle linked by common structures of feeling, ones more suggestive of the negative dialectics of Theodor Adorno than the traditional social realism of the Left. Establishing new points of contact among Kenneth Fearing, Ann Petry, Alexander Saxton, Richard Wright, Jo Sinclair, Thomas McGrath, and Carlos Bulosan, Wald argues that these writers were in dialogue with psychoanalysis, existentialism, and postwar modernism, often generating moods of piercing emotional acuity and cosmic dissent. He also recounts the contributions of lesser known cultural workers, with a unique accent on gays and lesbians, secular Jews, and people of color. The vexing ambiguities of an era Wald labels late antifascism serve to frame an impressive collective biography.

**Walter Benjamin** Stéphane Symons, 2012-09-19 In *Walter Benjamin. Presence of Mind, Failure to Comprehend* Stéphane Symons offers an innovative reading of the work of German philosopher, essayist and literary critic Walter Benjamin (1892-1940) that characterizes his writings as neither a-theological, nor immediately theological.

**Tolerance** Lars Tønder, 2013-10-07 In *Tolerance*, Lars Tønder offers a thought-provoking theory on what tolerance means in pluralistic societies. Tønder begins by showing the limitations of the way democratic theory currently understands tolerance: either as a form of restraint or as benevolence, but always divorced from what it is that the tolerant person really senses. According to Tønder, what is missing from current theories of tolerance is the idea of pain, or the lived experience of what it means to become tolerant. Introducing what he calls a sensorial orientation to politics and a theory of active

tolerance, he argues that the act of becoming tolerant (and the reasoning it entails) depends on sensing the world in an expansive manner attentive to the new and unforeseen. In order to illustrate, he engages with a number of theorists, from Seneca, Spinoza, Nietzsche, Merleau-Ponty, and Marcuse to Locke, Kant and Mill, and he draws upon a wide range of examples, including the 2005 controversy over the Danish cartoons of Muhammad, Sacher-Masoch's Venus in Furs, Dave Chappelle's comedy, and methods of torture used in the war on terror. Tolerance is at once a sweeping account of the history of political thought and an invitation to rethink the meaning of tolerance within the sensorial conditions that define twenty first century democratic politics.

How to Fail: Everything I've Ever Learned from Things Going Wrong Elizabeth Day, 2020-07-17 Inspired by her hugely popular podcast, How To Fail is Elizabeth Day's brilliantly funny, painfully honest and insightful celebration of things going wrong. This is a book for anyone who has ever failed. Which means it's a book for everyone. If I have learned one thing from this shockingly beautiful venture called life, it is this: failure has taught me lessons I would never otherwise have understood. I have evolved more as a result of things going wrong than when everything seemed to be going right. Out of crisis has come clarity, and sometimes even catharsis. Part memoir, part manifesto, and including chapters on dating, work, sport, babies, families, anger and friendship, it is based on the simple premise that understanding why we fail ultimately makes us stronger. It's a book about learning from our mistakes and about not being afraid. Uplifting, inspiring and rich in stories from Elizabeth's own life, How to Fail reveals that failure is not what defines us; rather it is how we respond to it that shapes us as individuals. Because learning how to fail is actually learning how to succeed better. And everyone needs a bit of that.
