African Artists Joseph L. Underwood, Phaidon Press, Chika Okeke-Agulu, 2021 In recent years Africa's booming art scene has gained substantial global attention, with a growing number of international exhibitions and a stronger-than-ever presence on the art market worldwide. Here, for the first time, is the most substantial survey to date of modern and contemporary African-born or Africa-based artists. Working with a panel of experts, this volume builds on the success of Phaidon's bestselling Great Women Artists in re-writing a more inclusive and diverse version of art history.

The Image of the City Kevin Lynch, 1964-06-15 The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.

Studio 54: Night Magic Matthew Yokobosky, 2025-03-25 There has never been--and will never be--another nightclub to rival the sheer glamour, energy, and wild creativity that was Studio 54. This catalog accompanies an exhibition at the Brooklyn Museum exploring how Studio 54 was a unique zeitgeist of an era. From the moment it opened in 1977, Studio 54 celebrated spectacle and promised a never-ending parade of anything goes. Although it existed for only three years, it served as a catalyst that brought together some of the most famous, creative, and strangest people in the world. It quickly became known for its all-ages celebrity guest list and its uniquely chic clientele of superstars and freaks of all races and sexual preferences who would often show up half-dressed or in costume. From the cutting-edge lighting displays and sound system to its elaborate sets that would change on a whim, altering the environment and ambiance, it was the beginning of nightclub as performance art. Now, the Brooklyn Museum is staging the first exhibition featuring the nightclub as a bellwether of New York City cultural life. More than 650 objects--spanning fashion, photography, drawings, film, and music--as well as video, film, and soundtrack, create an immersive experience, with an exhibition design inspired by the club's original lighting and atmosphere. Highlights include never-before-published costume sketches by artist Antonio Lopez and newly discovered set designs, as well as ephemera salvaged by the original club staff and interviews with the cultural luminaries who were there.

Telling the story of this legendary club, as well as serving as a companion to the exhibition, Studio 54: Night Magic serves as a document of the era, depicting the wild energy and provocative creativity of this seminal cultural moment.

Creativity, Inc. (The Expanded Edition) Ed Catmull, Amy Wallace, 2014-04-08 The co-founder and longtime president of Pixar updates and expands his 2014 New York Times bestseller on creative leadership, reflecting on the management principles that built Pixar's singularly successful culture, and on all he learned during the past nine years that allowed Pixar to retain its creative culture while continuing to evolve. "Might be the most thoughtful management book ever."—Fast Company For nearly thirty years, Pixar has dominated the world of animation, producing such beloved films as the Toy Story trilogy, Finding Nemo, The Incredibles, Up, and WALL-E, which have gone on to set box-office records and garner eighteen Academy Awards. The joyous storytelling, the inventive plots, the emotional authenticity: In some ways, Pixar movies are an object lesson in what creativity really is. Here, Catmull reveals the ideals and techniques that have made Pixar so widely admired—and so profitable. As a young man, Ed Catmull had a dream: to make the first computer-animated movie. He nurtured that dream as a Ph.D. student, and then forged a partnership with George Lucas that led, indirectly, to his founding Pixar with Steve Jobs and John Lasseter in 1986. Nine years later, Toy Story was released, changing animation forever. The essential ingredient in that movie's success—and in the twenty-five movies that followed—was the unique environment that Catmull and his colleagues built at Pixar, based on philosophies that protect the creative process and defy convention, such as:

- Give a good idea to a mediocre team and they will screw it up. But give a mediocre idea to a great team and they will either fix it or come up with something better.
- It's not the manager's job to prevent risks. It's the manager's job to make it safe for others to take them.
- The cost of preventing errors is often far greater than the cost of fixing them.
- A company's communication structure should not mirror its organizational structure. Everybody should be able to talk to anybody.

Creativity, Inc. has been significantly expanded to illuminate the continuing development of the unique culture at Pixar. It features a new introduction, two entirely new chapters, four new chapter postscripts, and changes and updates throughout. Pursuing excellence isn't a one-off assignment but an ongoing, day-in, day-out, full-time job. And Creativity, Inc. explores how it is done.

My New Roots Sarah Britton,2015-03-31 Holistic nutritionist and highly-regarded blogger Sarah Britton presents a refreshing, straight-forward approach to balancing mind, body, and spirit through a diet made up of whole foods. Sarah Britton's approach to plant-based cuisine is about satisfaction--foods that satiate on a physical, emotional, and spiritual level. Based on her knowledge of nutrition and her love of cooking, Sarah Britton crafts recipes made from organic vegetables, fruits, whole grains, beans, lentils, nuts, and seeds. She explains how a diet based on whole foods allows the body to regulate itself, eliminating the need to count calories. My New Roots draws on the enormous appeal of Sarah Britton's blog, which strikes the perfect balance between healthy and delicious food. She is a whole food lover, a cook who makes simple accessible plant-based meals that are a pleasure to eat and a joy to make. This book takes its cues from the rhythms of the earth, showcasing 100 seasonal recipes. Sarah simmers thinly sliced celery root until it mimics pasta for Butternut Squash Lasagna, and whips up easy raw chocolate to make homemade chocolate-nut butter candy cups. Her recipes are not about sacrifice, deprivation, or labels--they are about enjoying delicious food that's also good for you.

Shifting Images of the Hasmoneans Vered Noam,2018-02-16 The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth. Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders, through achievement of full sovereignty, to downfall, this volume examines the Hasmoneans through the lens of reception history. On the one hand, these brief, colorful legends are embedded in the narrative of the historian of the age, Flavius Josephus; on the other hand, they are scattered throughout the extensive halakhic-exegetical compositions known as rabbinic literature, redacted and compiled centuries later. Each set of parallel stories is examined for the motivation underlying its creation, its original message, language, and the historical context. This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions, in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora, and to decipher the disparities, different emphases, reworking, and unique orientations typical of each. These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts. The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent, a hidden Jewish Atlantis of early pseudo-historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature.

Hallowe'en Party Agatha Christie,2025-12-15 Enjoy Agatha Christie's beloved classic, Hallowe'en Party--the inspiration for the major motion picture A Haunting in Venice, directed by and starring Kenneth Branagh--with a new introduction by Michael Green, screenwriter of the film. When a Halloween party turns deadly, it falls to Hercule Poirot to unmask a

murderer. At a Halloween party, Joyce--a surly thirteen-year-old--boasts that she once witnessed a murder. When no one believes her, she storms off home. But within hours her body is found, still in the house, drowned in an apple-bobbing tub. Famed detective Hercule Poirot is called in to investigate. Set against a night of trickery and the occult, it's up to Poirot to uncover the real evil presence responsible for this ghastly deed.

In Pursuit of Inspiration Rae Dunn,2019-04-30 In this visually rich hardcover volume, beloved artist Rae Dunn shares her favorite techniques for approaching a blank page. From drawing with your nondominant hand to sketching with objects found in nature, each chapter offers a simple yet surprising catalyst to help readers get in touch with their own creativity. Full of gorgeous watercolors, sketches, original patterns, dreamy photography, and hand-lettered insight from the author, *In Pursuit of Inspiration* offers a unique glimpse into the process of a successful fine artist. It's the perfect how-to book for artists of all skill levels who prefer freeform experimentation to step-by-step instruction.

The Joy of the Gospel Pope Francis,2014-10-07 The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." - Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*

Feeding the City Sara Roncaglia,2013-07-15 Every day in Mumbai 5,000 dabbawalas (literally translated as those who carry boxes) distribute a staggering 200,000 home-cooked lunchboxes to the city's workers and students. Giving employment and status to thousands of largely illiterate villagers from Mumbai's hinterland, this co-operative has been in operation since the late nineteenth century. It provides one of the most efficient delivery networks in the world: only one lunch in six million goes astray. *Feeding the City* is an ethnographic study of the fascinating inner workings of Mumbai's dabbawalas. Cultural anthropologist Sara Roncaglia explains how they cater to the various dietary requirements of a diverse and increasingly global city, where the preparation and consumption of food is pervaded with religious and cultural significance. Developing

the idea of gastrosemantics - a language with which to discuss the broader implications of cooking and eating - Roncaglia's study helps us to rethink our relationship to food at a local and global level.

Charlotte's Web E. B. White,2015-03-17 Don't miss one of America's top 100 most-loved novels, selected by PBS's The Great American Read. This beloved book by E. B. White, author of Stuart Little and The Trumpet of the Swan, is a classic of children's literature that is just about perfect. Illustrations in this ebook appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. Some Pig. Humble. Radiant. These are the words in Charlotte's Web, high up in Zuckerman's barn. Charlotte's spiderweb tells of her feelings for a little pig named Wilbur, who simply wants a friend. They also express the love of a girl named Fern, who saved Wilbur's life when he was born the runt of his litter. E. B. White's Newbery Honor Book is a tender novel of friendship, love, life, and death that will continue to be enjoyed by generations to come. It contains illustrations by Garth Williams, the acclaimed illustrator of E. B. White's Stuart Little and Laura Ingalls Wilder's Little House series, among many other books. Whether enjoyed in the classroom or for homeschooling or independent reading, Charlotte's Web is a proven favorite.

French Country Cottage Courtney Allison,2018-08-14 Discover design inspiration as a photographer and blogger details the story of her renovation of a 1940s cottage in the California countryside. A little, abandoned vacation house that could, set in the center of rolling fields and trees becomes the cottage home of her dreams. A French country-style cottage filled with original elements and an exquisite mix of rustic and refined. The years of renovation allowed Courtney to create a lifestyle that is fueled by inspiration and beauty, a touch of whimsy, and an abundance of everyday elegance. The journey has been shared on her popular blog French Country Cottage, and now, through the publication of her first book, her readers will experience a reveal of more of her home and property and the inspirations behind her beloved style. Courtney's inspiring photography reveals every nuance of her style and home including a muted color palette, old brassy door knobs, chippy paint, antiques, her greenhouse and garden, and an abundance of entertaining and holiday decorating style. Blurring the lines between indoor and outdoor and embracing well-worn as well loved, French Country Cottage is a style that celebrates simplicity, indulges in romance, cherishes pieces with history and believes a chandelier and fresh flowers belong in every room.

Global Trends 2040 National Intelligence Council, 2021-03 The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come. -*Global Trends 2040 (2021)* *Global Trends 2040-A More Contested World (2021)*, released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

Executive Presence Sylvia Ann Hewlett,2014-06-03 Are you “leadership material?” More importantly, do others perceive you to be? Sylvia Ann Hewlett, a noted expert on workplace power and influence, shows you how to identify and embody the Executive Presence (EP) that you need to succeed. You can have the experience and qualifications of a leader, but without executive presence, you won't advance. EP is an amalgam of qualities that true leaders exude, a presence that telegraphs you're in charge or deserve to be. Articulating those qualities isn't easy, however. Based on a nationwide survey of college graduates working across a range of sectors and occupations, Sylvia Hewlett and the Center for Talent Innovation discovered that EP is a dynamic, cohesive mix of appearance, communication, and gravitas. While these elements are not equal, to have true EP, you must know how to use all of them to your advantage. Filled with eye-opening insights, analysis, and practical advice for both men and women, mixed with illustrative examples from executives learning to use the EP, Executive Presence will help you make the leap from working like an executive to feeling like an executive.

A Pattern Language Christopher Alexander,2018-09-20 You can use this book to design a house for yourself with your family; you can use it to work with your neighbors to improve your town and neighborhood; you can use it to design an office, or a workshop, or a public building. And you can use it to guide you in the actual process of construction. After a ten-year silence, Christopher Alexander and his colleagues at the Center for Environmental Structure are now publishing a major statement in the form of three books which will, in their words, lay the basis for an entirely new approach to architecture, building and planning, which will we hope replace existing ideas and practices entirely. The three books are The Timeless Way of Building, The Oregon Experiment, and this book, A Pattern Language. At the core of these books is the idea that people should design for themselves their own houses, streets, and communities. This idea may be radical (it implies a radical transformation of the architectural profession) but it comes simply from the observation that most of the wonderful places of the world were not made by architects but by the people. At the core of the books, too, is the point that in designing their environments people always rely on certain languages, which, like the languages we speak, allow them to articulate and communicate an infinite variety of designs within a forma system which gives them coherence. This book provides a language of this kind. It will enable a person to make a design for almost any kind of building, or any part of the built environment. Patterns, the units of this language, are answers to design problems (How high should a window sill be? How many stories should a building have? How much space in a neighborhood should be devoted to grass and trees?). More than 250 of the patterns in this pattern language are given: each consists of a problem statement, a discussion of the problem with an illustration, and a solution. As the authors say in their introduction, many of the patterns are archetypal, so deeply rooted in the nature of things that it seems likely that they will be a part of human nature, and human action, as much in five hundred years as they are today.
