*Food Instagram* Emily J. H. Contois, Zenia Kish, 2022-05-31 Winner of the 2023 Association for the Study of Food and Society Book Prize for Edited Volume Image by image and hashtag by hashtag, Instagram has redefined the ways we relate to food. Emily J. H. Contois and Zenia Kish edit contributions that explore the massively popular social media platform as a space for self-identification, influence, transformation, and resistance. Artists and journalists join a wide range of scholars to look at food's connection to Instagram from vantage points as diverse as Hong Kong's camera-centric foodie culture, the platform's long history with feminist eateries, and the photography of Australia's livestock producers. What emerges is a portrait of an arena where people do more than build identities and influence. Users negotiate cultural, social, and economic practices in a place that, for all its democratic potential, reinforces entrenched dynamics of power. Interdisciplinary in approach and transnational in scope, Food Instagram offers general readers and experts alike new perspectives on an important social media space and its impact on a fundamental area of our lives. **Live Original** Sadie Robertson, Beth Clark, 2015-07-28 The television personality and member of the Duck Commander family shares the list of principles that lead her to personal and spiritual growth and help her live the way God says to live.

**In the Dream House** Carmen Maria Machado, 2019-11-05 A revolutionary memoir about domestic abuse by the award-winning author of *Her Body and Other Parties* *In the Dream House* is Carmen Maria Machado's engrossing and wildly innovative account of a relationship gone bad, and a bold dissection of the mechanisms and cultural representations of psychological abuse. Tracing the full arc of a harrowing relationship with a charismatic but volatile woman, Machado struggles to make sense of how what happened to her shaped the person she was becoming. And it's that struggle that gives the book its original structure: each chapter is driven by its own narrative trope—the haunted house, erotica, the bildungsroman—through which Machado holds the events up to the light and examines them from different angles. She looks back at her religious adolescence, unpacks the stereotype of lesbian relationships as safe and utopian, and widens the view with essayistic explorations of the history and reality of abuse in queer relationships. Machado's dire narrative is leavened with her characteristic wit, playfulness, and openness to inquiry. She casts a critical eye over legal proceedings, fairy tales, Star Trek, and Disney villains, as well as iconic works of film and fiction. The result is a wrenching, riveting book that explodes our ideas about what a memoir can do and be.

**What's Gaby Cooking: Eat What You Want** Gaby Dalkin, 2020-04-28 Finally! A cookbook for people who have had enough with rules and restrictions and are ready for delicious food that makes them feel good. In her follow-up to her breakout success *What's Gaby Cooking*, Gaby Dalkin reveals the secret to a happy life: balance. *Eat What You Want* reflects how Gaby eats in real life, and for her, balancing moderation and indulgence is everything. No deprivation, no “bad foods” list. The only rule? Enjoy your food. Whether you are looking for lighter dishes filled with tons of fresh fruits and veggies (like a Cauliflower Shawarma Bowl or lemony Tahini Broccolini), or soul-soothing dishes like (Ham and Cheese Croissant Bread or Strawberry Crispy Cobblers), Gaby has you covered. All told, *Eat What You Want* is an invitation/permission slip/pep rally for you to let go of all the noise around what you choose to eat. Choose joy! Choose fun! Choose no apologies or excuses. But most of all, choose whatever makes you happy.

*Strangers in Their Own Land* Arlie Russell Hochschild, 2018-02-20 The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book. —Jason DeParle, The New York

Times Book Review When Donald Trump won the 2016 presidential election, a bewildered nation turned to *Strangers in Their Own Land* to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party stronghold. As Jedediah Purdy put it in the *New Republic*, Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite. Already a favorite common read book in communities and on campuses across the country and called humble and important by David Brooks and masterly by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

**Why Startups Fail** Tom Eisenmann, 2021-03-30 If you want your startup to succeed, you need to understand why startups fail. “Whether you’re a first-time founder or looking to bring innovation into a corporate environment, *Why Startups Fail* is essential reading.”—Eric Ries, founder and CEO, *LTSE*, and New York Times bestselling author of *The Lean Startup* and *The Startup Way* Why do startups fail? That question caught Harvard Business School professor Tom Eisenmann by surprise when he realized he couldn’t answer it. So he launched a multiyear research project to find out. In *Why Startups Fail*, Eisenmann reveals his findings: six distinct patterns that account for the vast majority of startup failures. • **Bad Bedfellows.** Startup success is thought to rest largely on the founder’s talents and instincts. But the wrong team, investors, or partners can sink a venture just as quickly. • **False Starts.** In following the oft-cited advice to “fail fast” and to “launch before you’re ready,” founders risk wasting time and capital on the wrong solutions. • **False Promises.** Success with early adopters can be misleading and give founders unwarranted confidence to expand. • **Speed Traps.** Despite the pressure to “get big fast,” hypergrowth can spell disaster for even the most promising ventures. • **Help Wanted.** Rapidly scaling startups need lots of capital and talent, but they can make mistakes that leave them suddenly in short supply of both. • **Cascading Miracles.** Silicon Valley exhorts entrepreneurs to dream big. But the bigger the vision, the more things that can go wrong. Drawing on fascinating stories of ventures that failed to fulfill their early promise—from a home-furnishings retailer to a concierge dog-walking service, from a dating app to the inventor of a sophisticated social robot, from a fashion brand to a startup deploying a vast network of charging stations for electric vehicles—Eisenmann offers frameworks for detecting when a venture is vulnerable to these patterns, along with a wealth of strategies and tactics for avoiding them. A must-read for founders at any

stage of their entrepreneurial journey, *Why Startups Fail* is not merely a guide to preventing failure but also a roadmap charting the path to startup success.

*Racial Realignment* Eric Schickler, 2016-04-26 Few transformations in American politics have been as important as the integration of African Americans into the Democratic Party and the Republican embrace of racial policy conservatism. The story of this partisan realignment on race is often told as one in which political elites—such as Lyndon Johnson and Barry Goldwater—set in motion a dramatic and sudden reshuffling of party positioning on racial issues during the 1960s. *Racial Realignment* instead argues that top party leaders were actually among the last to move, and that their choices were dictated by changes that had already occurred beneath them. Drawing upon rich data sources and original historical research, Eric Schickler shows that the two parties' transformation on civil rights took place gradually over decades. Schickler reveals that Democratic partisanship, economic liberalism, and support for civil rights had crystallized in public opinion, state parties, and Congress by the mid-1940s. This trend was propelled forward by the incorporation of African Americans and the pro-civil-rights Congress of Industrial Organizations into the Democratic coalition. Meanwhile, Republican partisanship became aligned with economic and racial conservatism. Scrambling to maintain existing power bases, national party elites refused to acknowledge these changes for as long as they could, but the civil rights movement finally forced them to choose where their respective parties would stand. Presenting original ideas about political change, *Racial Realignment* sheds new light on twentieth and twenty-first century racial politics.

*Abortion Politics* Ziad Munson, 2018-05-21 Abortion has remained one of the most volatile and polarizing issues in the United States for over four decades. Americans are more divided today than ever over abortion, and this debate colors the political, economic, and social dynamics of the country. This book provides a balanced, clear-eyed overview of the abortion debate, including the perspectives of both the pro-life and pro-choice movements. It covers the history of the debate from colonial times to the present, the mobilization of mass movements around the issue, the ways it is understood by ordinary Americans, the impact it has had on US political development, and the differences between the abortion conflict in the US and the rest of the world. Throughout these discussions, Ziad Munson demonstrates how the meaning of abortion has shifted to reflect the changing anxieties and cultural divides which it has come to represent. *Abortion Politics* is an invaluable companion for exploring the abortion issue and what it has to say about American society, as well as the dramatic changes in

public understanding of women's rights, medicine, religion, and partisanship.

What We Don't Talk About When We Talk About Fat Aubrey Gordon, 2020-11-17 From the creator of *Your Fat Friend* and co-host of the *Maintenance Phase* podcast, an explosive indictment of the systemic and cultural bias facing plus-size people. Anti-fatness is everywhere. In *What We Don't Talk About When We Talk About Fat*, Aubrey Gordon unearths the cultural attitudes and social systems that have led to people being denied basic needs because they are fat and calls for social justice movements to be inclusive of plus-sized people's experiences. Unlike the recent wave of memoirs and quasi self-help books that encourage readers to love and accept themselves, Gordon pushes the discussion further towards authentic fat activism, which includes ending legal weight discrimination, giving equal access to health care for large people, increased access to public spaces, and ending anti-fat violence. As she argues, "I did not come to body positivity for self-esteem. I came to it for

social justice.” By sharing her experiences as well as those of others—from smaller fat to very fat people—she concludes that to be fat in our society is to be seen as an undeniable failure, unlovable, unforgivable, and morally condemnable. Fatness is an open invitation for others to express disgust, fear, and insidious concern. To be fat is to be denied humanity and empathy. Studies show that fat survivors of sexual assault are less likely to be believed and less likely than their thin counterparts to report various crimes; 27% of very fat women and 13% of very fat men attempt suicide; over 50% of doctors describe their fat patients as “awkward, unattractive, ugly and noncompliant”; and in 48 states, it’s legal—even routine—to deny employment because of an applicant’s size. Advancing fat justice and changing prejudicial structures and attitudes will require work from all people. *What We Don’t Talk About When We Talk About Fat* is a crucial tool to create a tectonic shift in the way we see, talk about, and treat our bodies, fat and thin alike.

**Book Lovers** Emily Henry, 2022-05-03 “One of my favorite authors.”—Colleen Hoover An insightful, delightful, instant #1 New York Times bestseller from the author of *Beach Read* and *People We Meet on Vacation*. Named a Most Anticipated Book of 2022 by Oprah Daily • Today • Parade • Marie Claire • Bustle • PopSugar • Katie Couric Media • Book Bub • SheReads • Medium • The Washington Post • and more! One summer. Two rivals. A plot twist they didn't see coming... Nora Stephens' life is books—she’s read them all—and she is not that type of heroine. Not the plucky one, not the laidback dream girl, and especially not the sweetheart. In fact, the only people Nora is a heroine for are her clients, for whom she lands enormous deals as a cutthroat literary agent, and her beloved little sister Libby. Which is why she agrees to go to Sunshine Falls, North Carolina for the month of August when Libby begs her for a sisters’ trip away—with visions of a small town transformation for Nora, who she’s convinced needs to become the heroine in her own story. But instead of picnics in meadows, or run-ins with a handsome country doctor or bulging-forearmed bartender, Nora keeps bumping into Charlie Lastra, a bookish brooding editor from back in the city. It would be a meet-cute if not for the fact that they’ve met many times and it’s never been cute. If Nora knows she’s not an ideal heroine, Charlie knows he’s nobody’s hero, but as they are thrown together again and again—in a series of coincidences no editor worth their salt would allow—what they discover might just unravel the carefully crafted stories they’ve written about themselves.

**The Intersectional Environmentalist** Leah Thomas, 2022-03-08 From the 2022 TIME100 Next honoree and the activist who coined the term comes a primer on intersectional environmentalism for the next generation of activists looking to create meaningful, inclusive, and sustainable change. *The Intersectional Environmentalist* examines the inextricable link between environmentalism, racism, and privilege, and promotes awareness of the fundamental truth that we cannot save the planet without uplifting the voices of its people -- especially those most often unheard. Written by Leah Thomas, a prominent voice

in the field and the activist who coined the term Intersectional Environmentalism, this book is simultaneously a call to action, a guide to instigating change for all, and a pledge to work towards the empowerment of all people and the betterment of the planet. Thomas shows how not only are Black, Indigenous and people of color unequally and unfairly impacted by environmental injustices, but she argues that the fight for the planet lies in tandem to the fight for civil rights; and in fact, that one cannot exist without the other. An essential read, this book addresses the most pressing issues that the people and our planet face, examines and dismantles privilege, and looks to the future as the voice of a movement that will define a generation.
