Heather sees dessert making as one of the few truly creative outlets for the home cook. So, instead of arranging recipes by dessert type (cookies, tarts, cakes, etc.), she has organized them by line, color, and sculpture. As a result, SprinkleBakes is at once a breathtakingly comprehensive dessert cookbook and an artist's instructional that explains brush strokes, sculpture molds, color theory, and much more. With easy-to-follow instructions and beautiful step-by-step photographs, Heather shows how anyone can make her jaw-dropping creations, from Mehndi Hand Ginger Cookies to Snow Glass Apples to her seasonal masterpiece, a Duraflame(R)-inspired Yule Log..

**Family Films in Global Cinema** Noel Brown,Bruce Babington,2019 With the huge global success of Hollywood 'family film' franchises, such as Harry Potter, it is unsurprising that there have been many attempts to emulate this success. In recent years, there has been an explosion in international production of films for both adults and children - resulting in an erosion of the dominance of The Disney Company and the other major Hollywood Studios in family film production. Family Films in Global Cinema is the first serious examination of films for child and family audiences in a global context. Whereas most previous studies of children's films and family films have concerned themselves with Disney, this book encompasses

both live-action and animated films from the Hollywood, British, Australian, East German, Russian, Indian, Japanese and Brazilian cinemas. As well as examining international family films previously ignored by scholars, the collection also presents a fresh perspective on familiar movies such as *The Railway Children*, *The Nightmare Before Christmas*, *Babe*, and the *Harry Potter* series. --Provided by publisher.

When Ook, Gluk, and their little dinosaur pal Lily are pulled through a time portal to 2222, they discover a future world that's even more devastated than their own.
