Sprinklebakes Heather Baird,2012 How can you make cakes, cookies, and candy even MORE fun? Award-winning blogger Heather Baird, a vibrant new voice in the culinary world, has the answer: Cook like an artist! Combining her awesome skills as a baker, confectioner, and painter, she has created a gorgeous, innovative cookbook, designed to unleash the creative side of every baker. Heather sees dessert making as one of the few truly creative outlets for the home cook. So, instead of arranging recipes by dessert type (cookies, tarts, cakes, etc.), she has organized them by line, color, and sculpture. As a result, SprinkleBakes is at once a breathtakingly comprehensive dessert cookbook and an artist's instructional that explains brush strokes, sculpture molds, color theory, and much more. With easy-to-follow instructions and beautiful step-by-step photographs, Heather shows how anyone can make her jaw-dropping creations, from Mehndi Hand Ginger Cookies to Snow Glass Apples to her seasonal masterpiece, a Duraflame(R)-inspired Yule Log..

The Forbidden Expedition Alex Bell,2019-11-12 Stella and the gang travel to Witch Mountain to save Felix and what they find along the way could change the course of their adventures forever in this second novel in the whimsical Polar Bear Explorers' Club series. Stella Starflake Pearl has been eagerly awaiting her next adventure, ever since she and Felix returned from the Snowy Icелands. She fears, however, that she might never be sent on another expedition, especially since the president of the Polar Bear Explorers' Club himself is afraid of her ice princess powers. But when disaster strikes and Felix is snatched by a fearsome witch, Stella and the rest of the junior explorers—including a reluctant new ally from the Jungle Cat Explorers' Club—must set off into the unknown on a forbidden journey to the top of Witch Mountain. What awaits them there is a mystery. The only thing they know is this: No one ever returns from Witch Mountain. In the second installment of Alex Bell's magical The Polar Bear Explorers' Club series, Stella and the gang face villainous vultures, terrifying witch wolves, flying sharks, and eerie picnicking teddy bears on their daring quest to save one of their own.

Ulysses James Joyce,2016-08-30 Ulysses chronicles the peripatetic appointments and encounters of Leopold Bloom in

Dublin in the course of an ordinary day, 16 June 1904. Ulysses is the Latinised name of Odysseus, the hero of Homer's epic poem *Odyssey*, and the novel establishes a series of parallels between the poem and the novel, with structural correspondences between the characters and experiences of Leopold Bloom and Odysseus, Molly Bloom and Penelope, and Stephen Dedalus and Telemachus, in addition to events and themes of the early twentieth century context of modernism, Dublin, and Ireland's relationship to Britain. The novel imitates registers of centuries of English literature and is highly allusive. Ulysses' stream-of-consciousness technique, careful structuring, and experimental prose — full of puns, parodies, and allusions — as well as its rich characterisation and broad humour, made the book a highly regarded novel in the modernist pantheon. Joyce fans worldwide now celebrate 16 June as Bloomsday.

Family Films in Global Cinema Noel Brown, Bruce Babington, 2019 With the huge global success of Hollywood 'family film' franchises, such as Harry Potter, it is unsurprising that there have been many attempts to emulate this success. In recent years, there has been an explosion in international production of films for both adults and children - resulting in an erosion of the dominance of The Disney Company and the other major Hollywood Studios in family film production. *Family Films in Global Cinema* is the first serious examination of films for child and family audiences in a global context. Whereas most previous studies of children's films and family films have concerned themselves with Disney, this book encompasses both live-action and animated films from the Hollywood, British, Australian, East German, Russian, Indian, Japanese and Brazilian cinemas. As well as examining international family films previously ignored by scholars, the collection also presents a fresh perspective on familiar movies such as *The Railway Children*, *The Nightmare Before Christmas*, *Babe*, and the *Harry Potter* series. --Provided by publisher.

Teaching Basic, Advanced, and Academic Vocabulary Robert J. Marzano,2020 To guarantee students have a working knowledge of appropriate vocabulary before entering secondary school, educators need to establish an effective vocabulary program in their schools and classrooms. In *Teaching Basic, Advanced, and Academic Vocabulary: A Comprehensive Framework for Elementary Instruction*, author Robert J. Marzano provides elementary educators with a comprehensive framework for vocabulary instruction. Marzano defines three different tiers of vocabulary terms: (1) Tier 1 terms are those words that are frequently used in the English language, (2) Tier 2 terms appear less frequently, and (3) Tier 3 terms are specific to grade level and subject area. By organizing these terms into semantic clusters and subject areas, Marzano creates a powerful and unique approach to ensuring students build their vocabulary. By reading this book, K-5 teachers will obtain the tools and strategies needed to construct a solid foundation for literacy development in their classrooms--
