*The Right Kind of Pride* Christopher Cudworth, 2014-07-31 After 20 years of marriage author Christopher Cudworth and his wife Linda faced a future changed by her onset of ovarian cancer at age 46. Early in their survivorship journey a former coach reached out to Chris with advice both practical and inspiration. Your whole life has been a preparation for this. Meanwhile the women at the preschool where Linda worked rallied to support the family by forming The Girls Club, whose primary rule was simple. We're here to help. Tell us everything that's going on. Through eight years of cancer survivorship the couple learned much about the value of character, caregiving and community. *The Right Kind of Pride* is a chronicle of that journey and how family, friends and faith made miracles happen along the way. The Prologue describes how the couple responded to news of cancer and formed both a practical and philosophical strategy to deal with the life-changing news. The book also features the blogs Chris and Linda distributed through an online caregiving website to a caregiving support group of more than 70 people. Each entry was written in real time and covers the real emotions of cancer survivorship from fear to faith, hope to humor. Through it all the couple strove to be a blessing to others as they were blessed, with testimony to the power of faith but also the attentuation required to make smart choices in health care situations and deal with the fact that life, and medicine itself, are not always perfect. These key philosophies emanated from the saying the couple adopted (or co-opted) as their own. Normally the phrase 'It Is What It Is' means resignation, the author notes. But to us it helped put cancer in its place. Linda did not choose the attitude of victimhood because our gratitude for all the help we received erased that worldview. Instead the couple enjoyed long periods of remission during 8 years of cancer survivorship while busy working, raising two children through high school and college and making time for gardening, fitness and immersion in the joys of life. The book also chronicles some of the sudden and disturbing challenges the couple faced as Chris met resistance from employers on caregiving and health insurance coverage. Yet time after time the attitude of faith and trust resolved these issues. *The Right Kind of Pride* focuses on the fact that humility and the willingness to show weakness and vulnerability are important facets of cancer survivorship. They present an honest take on the human condition while showing the will to do what's necessary to find peace, health and acceptance through all phases of cancer survivorship. The book carries the reader through the hope that led to miracles and the resolution of hospice and grief. The author shares his *Goofball's Guide to Grief*, documenting the seemingly random thoughts that come with loss and change. As author of a book titled *The Genesis Fix: A*

Repair Manual for Faith in the Modern Age, Christopher Cudworth uses that background to relate the tangible relationship (and balance) between belief in God and the very real world of science, medicine and politics that affects us all. The Right Kind of Pride is about making sense of cancer survivorship.

*The Cambridge Handbook of the Psychology of Aesthetics and the Arts* Pablo P. L. Tinio, Jeffrey K. Smith, 2014-10-30 The psychology of aesthetics and the arts is dedicated to the study of our experiences of the visual arts, music, literature, film, performances, architecture and design; our experiences of beauty and ugliness; our preferences and dislikes; and our everyday perceptions of things in our world. The Cambridge Handbook of the Psychology of Aesthetics and the Arts is a foundational volume presenting an overview of the key concepts and theories of the discipline where readers can learn about the questions that are being asked and become acquainted with the perspectives and methodologies used to address them. The psychology of aesthetics and the arts is one of the oldest areas of psychology but it is also one of the fastest growing and most exciting areas. This is a comprehensive and authoritative handbook featuring essays from some of the most respected scholars in the field.

Remodelista: The Organized Home Julie Carlson, Margot Guralnick, 2017-11-14 Buy fewer (and better) things. Store like with like. Get rid of the plastic. Display—don't stash—your belongings. Let go of your inner perfectionist and remember that rooms are for living. These are a few of the central principles behind *Remodelista: The Organized Home*, the new book from the team behind the inspirational design site *Remodelista.com*. Whether you're a minimalist or someone who takes pleasure in her collections, we all yearn for an unencumbered life in a home that makes us happy. This compact tome shows us how, with more than 100 simple and stylish tips, each clearly presented and accompanied by full-color photographs that are sure to inspire. Readers will learn strategies for conquering their homes' problem zones (from the medicine cabinet to the bedroom closet) and organizing tricks and tools that can be deployed in every room (embrace trays; hunt for unused spaces overhead; decant everything). Interviews with experts, ranging from kindergarten teachers to hoteliers, offer even more ingenious ideas to steal. It all adds up to the ultimate home organizing manual.

**Identity in Crossroad Civilisations** Erich Kolig, Vivienne S. M. Angeles, Sam Wong, 2009 Deze bundel gaat over de vorming van identiteit door het samenspel van etniciteit, nationalisme en de effecten van globalisering. De essays in *Crossroad Civilisations: Ethnicity, Nationalism and Globalism in Asia* maken de gelaagdheid en de complexiteit hiervan duidelijk.

**Made to Break** Giles Slade, 2009-06-30 *Made to Break* is a history of twentieth-century technology as seen through the prism of obsolescence. Giles Slade explains how disposability was a necessary condition for America's rejection of tradition and our acceptance of change and impermanence. This book gives us a detailed and harrowing picture of how, by choosing to support ever-shorter product lives, we may well be shortening the future of our way of life as well.

**Introducing Intercultural Communication** Shuang Liu,Zala Volcic,Cindy Gallois,2010-11-09 Books on intercultural communication are rarely written with an intercultural readership in mind. In contrast, this multinational team of authors has put together an introduction to communicating across cultures that uses examples and case studies from around the world. The book further covers essential new topics, including international conflict, social networking, migration, and the effects technology and mass media play in the globalization of communication. Written to be accessible for international students too, this text situates communication theory in a truly global perspective. Each chapter brings to life the links between theory and practice and between the global and the local, introducing key theories and their practical applications. Along the way, you will be supported with first-rate learning resources, including: • theory corners with concise, boxed-out digests of key theoretical concepts • case illustrations putting the main points of each chapter into context • learning objectives, discussion questions, key terms and further reading framing each chapter and stimulating further discussion • a companion website containing resources for instructors, including multiple choice questions, presentation slides, exercises and activities, and teaching notes. This book will not merely guide you to success in your studies, but will teach you to become a more critical consumer of information and understand the influence of your own culture on how you view yourself and others.

**A Foreign Affair** Gerd Gemünden,2008-04-30 With six Academy Awards, four entries on the American Film Institute's list of 100 greatest American movies, and more titles on the National Historic Register of classic films deemed worthy of preservation than any other director, Billy Wilder counts as one of the most accomplished filmmakers ever to work in Hollywood. Yet how American is Billy Wilder, the Jewish émigré from Central Europe? This book underscores this complex issue, unpacking underlying contradictions where previous commentators routinely smoothed them out. Wilder emerges as an artist with roots in sensationalist journalism and the world of entertainment as well as with an awareness of literary culture and the avant-garde, features that lead to productive and often highly original confrontations between high and low.

*Classical Music* Michael Beckerman,Paul Boghossian,2021-03-30 This kaleidoscopic collection reflects on the multifaceted world of classical music as it advances through the twenty-first century. With insights drawn from leading composers, performers, academics, journalists, and arts administrators, special focus is placed on classical music's defining traditions, challenges and contemporary scope. Innovative in structure and approach, the volume comprises two parts. The first provides detailed analyses of issues central to classical music in the present day, including diversity, governance, the identity and perception of classical music, and the challenges facing the achievement of financial stability in non-profit arts organizations. The second part offers case studies, from Miami to Seoul, of the innovative ways in which some arts organizations have responded to the challenges analyzed in the first part. Introductory material, as well as several of the essays, provide some preliminary thoughts about the impact of the crisis year 2020 on the world of classical music. *Classical Music: Contemporary Perspectives and Challenges* will be a valuable and engaging resource for all readers interested in the

development of the arts and classical music, especially academics, arts administrators and organizers, and classical music practitioners and audiences.

**The Postfeminist Biopic** B. Polaschek,2013-11-13 This book contributes to the growing literature on the biopic genre by outlining and exploring the conventions of the postfeminist biopic. It does so by analyzing recent films about the lives of famous women including Sylvia Plath, Frida Kahlo, Virginia Woolf and Jane Austen.

*Holding My Selves Together* Margaret Rozga,2021-05-15 In ... her fifth volume of poetry, Margaret Rozga brings together some of her best-loved poems about Milwaukee's fair housing marches and her concern for issues of peace and social justice, with new poems that identify with Alice in Wonderland and imagine new Alice adventures. New poems also grapple with issues of recent political turmoil and pandemic-induced uncertainty. These deeply written poems find in language the glue that may hold our selves together.--Back cover.

**Broken On the Wheel** Barbara Costas-Biggs,2021-11-15

**Responsible Adults** Patricia Ann McNair,2020-12-04 In *Responsible Adults*, a mother uses her reluctant adolescent daughter as a model for her art photography. Your mother loves you best when you are ugly, the girl comes to believe. A stepfather attacks a neighbor boy for exposing a shameful secret to his stepdaughter. A pregnant and undocumented young woman brings new life to a failing church and its dwindling congregation. Farms fail, families break apart, work is hard to come by, and the characters in these fictional Midwestern towns are fueled by grief and hope, loss and desire. What happens when responsible adults are anything but responsible people? When they are at best, irresponsible, and at worst, dangerous? -- from backcover.

**Township** Jamie Lyn Smith,2021-12-09 Set in Appalachian Ohio, Jamie Lyn Smith's debut short story collection, *Township*, explores a region and the rotating cast of characters who call it home. With honesty and empathy, Smith closely examines the strains that intimate family ties put on lives worn raw by collective history. Ultimately, the nine stories in *Township* interrogate the notion of reconciliation, examining whether people can truly change and if forgiveness is possible.

Rethinking the Irish Diaspora Johanne Devlin Trew,Michael Pierse,2018-03-13 This book provides scholarly perspectives on a range of timely concerns in Irish diaspora studies. It offers a focal point for fresh interchanges and theoretical insights on questions of identity, Irishness, historiography and the academy's role in all of these. In doing so, it chimes with the significant public debates on Irish and Irish emigrant identities that have emerged from Ireland's The Gathering initiative

(2013) and that continue to reverberate throughout the Decade of Centenaries (2012-2023) in Ireland, North and South. In ten chapters of new research on key areas of concern in this field, the book sustains a conversation centred on three core questions: what is diaspora in the Irish context and who does it include/exclude? What is the view of Ireland and Northern Ireland from the diaspora? How can new perspectives in the academy engage with a more rigorous and probing theorisation of these concerns? This thought-provoking work will appeal to students and scholars of history, geography, literature, sociology, tourism studies and Irish studies.

*New Voices, New Visions* Catriona Elder, Keith Moore, 2012-03-15 *New Voices, New Visions* brings together a collection of papers that engage with the ideas of nation, identity and place. The title *New Voices, New Visions* harks back to earlier scholarship that endeavoured to explore these issues. It therefore makes links between old and new stories of Australian identity, tracing the continuities, shifts and changes in how Australia is imagined. The collection is deliberately interdisciplinary, gathering work by historians, literary and film scholars, communication and cultural theorists, political scientists and sociologists. This mixed perspectives enables the reader to trace ideas, concepts and theories across a range of disciplines and understand the distinctive ways in which different disciplines engage with ideas of nation, space and Australian identity. The book is written in an engaging and accessible manner, making it an excellent text for undergraduate and postgraduate students in the fields of Australian Studies. It will be especially useful for the growing number of students living outside Australia who engage with Australian literature and culture. The book provides a range of topics that introduces students to key issues and concepts. It also situates these ideas in historical context. *New Voices, New Visions* engages with key contemporary issues in everyday Australian life: environment and climate change, immigration, consumerism, travel and cities. It explores these various topics by considering case studies, both contemporary and historical. For example the issue of attitudes to Asia are analysed through art; the topic of national symbols through the case of the crocodile; approaches to immigration via a popular reality television programme. The contributors to this book comprise some of the foremost Australian scholars as well as emerging scholars. This combination ensures a depth of knowledge but also a vibrancy. The editors are experienced scholars whose knowledge of the field is broad and they have brought a coherence to the material ensuring a strong narrative for the reader.

**Talma Gordon** Pauline E. Hopkins, 2021-04-23 *Talma Gordon* (1900) is a short story by Pauline E. Hopkins. Recognized as the first African American mystery story, *Talma Gordon* was originally published in the October 1900 edition of *The Colored American Magazine*, America's first monthly periodical covering African American arts and culture. Combining themes of racial identity and passing with a locked room mystery plot, Hopkins weaves a masterful tale of conspiracy, suspicion, and murder. "When the trial was called Jeannette sat beside Talma in the prisoner's dock; both were arrayed in deepest mourning, Talma was pale and careworn, but seemed uplifted, spiritualized, as it were. [...] She had changed much

too: hollow cheeks, tottering steps, eyes blazing with fever, all suggestive of rapid and premature decay.” When Puritan descendant Jonathan Gordon is discovered murdered under suspicious circumstances, the ensuing trial implicates his own daughter Talma. Despite being declared innocent, the townsfolk are determined to believe that Talma conspired to have her father killed after he discovered her mixed racial heritage. Freed from the prospect of imprisonment, Talma is left with only her sister’s protection against the anger and violence of her neighbors. With this thrilling tale of murder and racial tension, Hopkins proves herself as a true pioneer of American literature, a woman whose talent and principles afforded her the vision necessary for illuminating the injustices of life in a nation founded on slavery and genocide. With a beautifully designed cover and professionally typeset manuscript, this edition of Pauline E. Hopkins’ Talma Gordon is a classic work of African American literature reimagined for modern readers.

**Breaking Gravity** Mitty Walters, 2014-06-10 It was just a hoverboard. Nobody was supposed to die. Dale Adams has worked hard to leave his troubled past behind for a brighter future at Emory University. But when he makes a discovery that will change humanity forever, avoiding the spotlight becomes the least of his concerns. Small experiments have attracted big attention. And not all who notice want Dale to be successful. Or even alive. As Dale's world collapses around him, his fate intertwines with that of a girl he hardly knows. Their only hope for survival is to disappear into Atlanta's seedy underbelly, the very place Dale has tried so hard to leave behind. Time is running out, but if they can survive long enough science will be rewritten by the most unlikely of authors. \_\_\_\_\_ ☐ ...grabs you by the throat early on and doesn't let go! ☐ ~ Al Letson, Host of Reveal on NPR
