*Creativity, Inc. (The Expanded Edition)* Ed Catmull, Amy Wallace, 2014-04-08 The co-founder and longtime president of Pixar updates and expands his 2014 New York Times bestseller on creative leadership, reflecting on the management principles that built Pixar's singularly successful culture, and on all he learned during the past nine years that allowed Pixar to retain its creative culture while continuing to evolve. "Might be the most thoughtful management book ever."—Fast Company For nearly thirty years, Pixar has dominated the world of animation, producing such beloved films as the Toy Story trilogy, Finding Nemo, The Incredibles, Up, and WALL-E, which have gone on to set box-office records and garner eighteen Academy Awards. The joyous storytelling, the inventive plots, the emotional authenticity: In some ways, Pixar movies are an object lesson in what creativity really is. Here, Catmull reveals the ideals and techniques that have made Pixar so widely admired—and so profitable. As a young man, Ed Catmull had a dream: to make the first computer-animated movie. He nurtured that dream as a Ph.D. student, and then forged a partnership with George Lucas that led, indirectly, to his founding Pixar with Steve Jobs and John Lasseter in 1986. Nine years later, Toy Story was released, changing animation forever. The essential ingredient in that movie's success—and in the twenty-five movies that followed—was the unique environment that Catmull and his colleagues built at Pixar, based on philosophies that protect the creative process and defy convention, such as:

- Give a good idea to a mediocre team and they will screw it up. But give a mediocre idea to a great team and they will either fix it or come up with something better.
- It's not the manager's job to prevent risks. It's the manager's job to make it safe for others to take them.
- The cost of preventing errors is often far greater than the cost of fixing them.
- A company's communication structure should not mirror its organizational structure. Everybody should be able to talk to anybody.

*Creativity, Inc.* has been significantly expanded to illuminate the continuing development of the unique culture at Pixar. It features a new introduction, two entirely new chapters, four new chapter postscripts, and changes and updates throughout.

Pursuing excellence isn't a one-off assignment but an ongoing, day-in, day-out, full-time job. And Creativity, Inc. explores how it is done.

**The 57 Bus** Dashka Slater, 2017-10-17 The riveting New York Times bestseller and Stonewall Book Award winner that will make you rethink all you know about race, class, gender, crime, and punishment. Artfully, compassionately, and expertly told, Dashka Slater's *The 57 Bus* is a must-read nonfiction book for teens that chronicles the true story of an agender teen who was set on fire by another teen while riding a bus in Oakland, California. Two ends of the same line. Two sides of the same crime. If it weren't for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a Black teen, lived in the economically challenged flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha severely burned, and Richard charged with two hate crimes and facing life imprisonment. The case garnered international attention, thrusting both teenagers into the spotlight. But in *The 57 Bus*, award-winning journalist Dashka Slater shows that what might at first seem like a simple matter of right and wrong, justice and injustice, victim and criminal, is something more complicated—and far more heartbreaking. Awards and Accolades for *The 57 Bus*: A New York Times Bestseller Stonewall Book Award Winner YALSA Award for Excellence in Nonfiction for Young Adults Finalist A Boston Globe-Horn Book Nonfiction Honor Book Winner A TIME Magazine Best YA Book of All Time A Los Angeles Times Book Prize Finalist Don't miss Dashka Slater's newest propulsive and thought-provoking nonfiction book, *Accountable: The True Story of a Racist Social Media Account and the Teenagers Whose Lives It Changed*, which National Book Award winner Ibram X. Kendi hails as "powerful, timely, and delicately written."

New Labour's Pasts James E. Cronin, 2016-09-17 Where other books are either highly partisan dismissals or appreciations of the Third Way, or dull sociological accounts, this book gets behind the clichés in order to show just what is left of Labour party ideology and what the future may hold. New Labour has changed the face of Britain. Culture, class, education, health, the arts, leisure, the economy have all seen seismic shifts since the 1997 election that raised Blair to power. The Labour that rules has distanced itself from the failed Labour of the 70s and 80s, but the core remains. Labour remains gripped by its own past - unable and unwilling to shed its ties to the old Labour party, but determined to avoid the mistakes of which lead to four

electoral defeats between 1979 and 1992. Cronin covers the full history of the party from its post war triumph through decades of shambolic leadership against ruthless and organised opposition to the resurgent New Labour of the 90s that finally took Britain into the new millennium.

**Hallowe'en Party** Agatha Christie,2025-12-15 Enjoy Agatha Christie's beloved classic, Hallowe'en Party--the inspiration for the major motion picture A Haunting in Venice, directed by and starring Kenneth Branagh--with a new introduction by Michael Green, screenwriter of the film. When a Halloween party turns deadly, it falls to Hercule Poirot to unmask a murderer. At a Halloween party, Joyce--a surly thirteen-year-old--boasts that she once witnessed a murder. When no one believes her, she storms off home. But within hours her body is found, still in the house, drowned in an apple-bobbing tub. Famed detective Hercule Poirot is called in to investigate. Set against a night of trickery and the occult, it's up to Poirot to uncover the real evil presence responsible for this ghastly deed.

**Empire and Black Images in Popular Culture** Joshua K. Wright,2018-05-12 FOX's musical drama Empire has been hailed as the savior of broadcast television, drawing 15 million viewers a week. **Shifting Images of the Hasmoneans** Vered Noam,2018-02-22 The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth. Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders, through achievement of full sovereignty, to downfall, this volume examines the Hasmoneans through the lens of reception history. On the one hand, these brief, colorful legends are embedded in the narrative of the historian of the age, Flavius Josephus; on the other hand, they are scattered throughout the extensive halakhic-exegetical compositions known as rabbinic literature, redacted and compiled centuries later. Each set of parallel

stories is examined for the motivation underlying its creation, its original message, language, and the historical context. This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions, in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora, and to decipher the disparities, different emphases, reworking, and unique orientations typical of each. These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts. The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent, a hidden Jewish Atlantis of early pseudo-historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature.

*Revolution and World Politics* Fred Halliday, 1999-08-23 The relation of revolutions to international relations is central to modern history. Revolutions have, as much as war or nationalism, shaped the development of world politics. Equally, revolutions have been, in cause, ideology and consequence, international events. By putting the international politics of revolution centre stage, Fred Halliday's book makes a major contribution to the understanding of both revolution and world politics.

**Antitrust for Small and Middle Size Undertakings and Image Protection from Non-Competitors** Pranvera Këllezi, Bruce Kilpatrick, Pierre Kobel, 2014-05-05 This publication provides an unparalleled comparative analysis of two hot topics in the field of antitrust and unfair competition laws with regard to a number of key countries. The first part of the book examines whether small and middle-sized businesses could or should be subject to specific competition rules. These businesses account for 99% of the enterprises in Europe and the United States, making this a particularly important topic. The papers consider both the public and private enforcement rules across a range of jurisdictions and a detailed international report, prepared by Michele Carpagnano, identifies general trends and highlights differences and the most interesting features of national regulations. The second part of the book gathers contributions from various jurisdictions on the unfair competition question of whether a company could or should be protected against the use of their trademark, distinctive signs and other components of their image and identity on the part of non-competing companies. The papers focus on the fundamental issue of the competitive relationship as a condition of protection under unfair competition acts and the connection to intellectual property protection. The comprehensive and insightful international report, prepared by Martine Karsenty-Ricard, brings together these reflections by comparing various national positions. The book also includes the resolutions passed by the General Assembly of the LIDC following a debate on each of these topics, which include proposed

solutions and recommendations. The International League of Competition Law (LIDC) is a long-standing international association that focuses on the interface between competition law and intellectual property law, including unfair competition issues.

*Challenges of Party-Building in Latin America* Steven Levitsky, James Loxton, Brandon Van Dyck, Jorge I. Domínguez, 2016-10-13 This book presents a new and conflict-centered theory of successful party-building, drawing on diverse cases from across Latin America.

*The Joy of the Gospel* Pope Francis, 2014-10-07 The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. “The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church’s journey in years to come.” – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for “the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned,” the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, “to recognize the traces of God’s Spirit in events great and small.” Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*

*Dreaming the New Woman* Jennifer Bond, 2024-05-07 Based on seventy-five oral history interviews, *Dreaming the New Woman* uncovers the voices of Chinese women who attended Protestant missionary schools for girls in China in the early twentieth century. By focusing on the experience of women who attended these schools, Jennifer Bond provides fresh perspectives on the role of Christianity in the emergence of the Chinese New Woman. The book explores how girls negotiated overlapping school, patriotic, Christian, gendered, and Communist identities during China's turbulent twentieth century of wars and revolutions.
