The Image of the City Kevin Lynch, 1964-06-15 The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.

The Last Lecture Randy Pausch, Jeffrey Zaslow, 2008 A lot of professors give talks titled 'The Last Lecture'. Professors are asked to consider their demise and to ruminate on what matters most to them: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave, 'Really Achieving Your Childhood Dreams', wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humour, inspiration, and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Nickel Quilts Pat Speth, Charlene Thode, 2002 Each of the quilt patterns in this book is rated by skill level -- easy,

beginner, or intermediate -- based on the degree of piecing difficulty. Once you've used our easy unit-construction methods to make your first nickel quilt, you'll be ready to move on to one of the more challenging projects. From inside book.

The 48 Laws of Power Robert Greene,2023-10-31 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control. This is the only authorized hardcover edition in the US. In the book that People magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Hallowe'en Party Agatha Christie,2025-12-15 Enjoy Agatha Christie's beloved classic, Hallowe'en Party--the inspiration for the major motion picture A Haunting in Venice, directed by and starring Kenneth Branagh--with a new introduction by Michael Green, screenwriter of the film. When a Halloween party turns deadly, it falls to Hercule Poirot to unmask a murderer. At a Halloween party, Joyce--a surly thirteen-year-old--boasts that she once witnessed a murder. When no one believes her, she storms off home. But within hours her body is found, still in the house, drowned in an apple-bobbing tub. Famed detective Hercule Poirot is called in to investigate. Set against a night of trickery and the occult, it's up to Poirot to uncover the real evil presence responsible for this ghastly deed.

New Labour's Pasts James E. Cronin,2016-09-17 Where other books are either highly partisan dismissals or appreciations of the Third Way, or dull sociological accounts, this book gets behind the clichés in order to show just what is left of Labour party ideology and what the future may hold. New Labour has changed the face of Britain. Culture, class, education, health, the arts, leisure, the economy have all seen seismic shifts since the 1997 election that raised Blair to power. The Labour that rules has distanced itself from the failed Labour of the 70s and 80s, but the core remains. Labour remains gripped by its own past - unable and unwilling to shed its ties to the old Labour party, but determined to avoid the mistakes of which lead to four electoral defeats between 1979 and 1992. Cronin covers the full history of the party from its post war triumph through decades of shambolic leadership against ruthless and organised opposition to the resurgent New Labour of the 90s that finally took Britain into the new millennium.

Inspiration and Authority in the Middle Ages Brian FitzGerald,2017-10-06 Inspiration and Authority in the Middle Ages rethinks the role of prophecy in the Middle Ages by examining how professional theologians responded to new assertions of

divine inspiration. Drawing on fresh archival research and detailed study of unpublished manuscript sources from the twelfth to fourteenth centuries, this volume argues that the task of defining prophetic authority became a crucial intellectual and cultural enterprise as university-trained theologians confronted prophetic claims from lay mystics, radical Franciscans, and other unprecedented visionaries. In the process, these theologians redescribed their own activities as prophetic by locating inspiration not in special predictions or ecstatic visions but in natural forms of understanding and in the daily work of ecclesiastical teaching and ministry. Instead of containing the spread of prophetic privilege, however, scholastic assessments of prophecy from Peter Lombard and Thomas Aquinas to Peter John Olivi and Nicholas Trevet opened space for claims of divine insight to proliferate beyond the control of theologians. By the turn of the fourteenth century, secular Italian humanists could lay claim to prophetic authority on the basis of their intellectual powers and literary practices. From Hugh of St Victor to Albertino Mussato, reflections on and debates over prophecy reveal medieval clerics, scholars, and reformers reshaping the contours of religious authority, the boundaries of sanctity and sacred texts, and the relationship of tradition to the new voices of the Late Middle Ages.

Manifesto Ernesto Che Guevara, Friedrich Engels, Karl Marx, Rosa Luxemburg, 2015-04-10 "If you are curious and open to the life around you, if you are troubled as to why, how and by whom political power is held and used, if you sense there must be good intellectual reasons for your unease, if your curiosity and openness drive you toward wishing to act with others, to 'do something,' you already have much in common with the writers of the three essays in this book." — Adrienne Rich With a preface by Adrienne Rich, Manifesto presents the radical vision of four famous young rebels: Marx and Engels' Communist Manifesto, Rosa Luxemburg's Reform or Revolution and Che Guevara's Socialism and Humanity.

Global Trends 2040 National Intelligence Council, 2021-03 The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come. -Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021), released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

Shifting Images of the Hasmoneans Vered Noam, 2018-02-22 The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth. Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders, through achievement of full sovereignty, to downfall, this volume examines the Hasmoneans through the lens of reception history. On the one hand, these brief, colorful legends are embedded in the narrative of the historian of the age, Flavius Josephus; on the other hand, they are scattered throughout the extensive halakhic-exegetical compositions known as rabbinic literature, redacted and compiled centuries later. Each set of parallel stories is examined for the motivation underlying its creation, its original message, language, and the historical context. This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions, in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora, and to decipher the disparities, different emphases, reworking, and unique orientations typical of each. These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts. The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent, a hidden Jewish Atlantis of early pseudo-historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature.

The Joy of the Gospel Pope Francis, 2014-10-07 The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." - Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he

emphasizes the importance of service to God and all his creation. Advocating for “the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned,” the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, “to recognize the traces of God’s Spirit in events great and small.” Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*

Radical Chic and Mau-Mauing the Flak Catchers Tom Wolfe, 2010-04-01 *Radical Chic and Mau-Mauing the Flak Catchers* is classic Tom Wolfe, a funny, irreverent, and delicious (The Wall Street Journal) dissection of class and status by the master of New Journalism. The phrase 'radical chic' was coined by Tom Wolfe in 1970 when Leonard Bernstein gave a party for the Black Panthers at his duplex apartment on Park Avenue. That incongruous scene is re-created here in high fidelity as is another meeting ground between militant minorities and the liberal white establishment. *Radical Chic* provocatively explores the relationship between Black rage and White guilt. *Mau-Mauing the Flak Catchers*, set in San Francisco at the Office of Economic Opportunity, details the corruption and dysfunction of the anti-poverty programs run at that time. Wolfe uncovers how much of the program's money failed to reach its intended recipients. Instead, hustlers gamed the system, causing the OEO efforts to fail the impoverished communities.

Digital and Social Media Marketing Nripendra P. Rana, Emma L. Slade, Ganesh P. Sahu, Hatice Kizgin, Nitish Singh, Bidit Dey, Anabel Gutierrez, Yogesh K. Dwivedi, 2019-11-11 This book examines issues and implications of digital and social media marketing for emerging markets. These markets necessitate substantial adaptations of developed theories and approaches employed in the Western world. The book investigates problems specific to emerging markets, while identifying new theoretical constructs and practical applications of digital marketing. It addresses topics such as electronic word of mouth (eWOM), demographic differences in digital marketing, mobile marketing, search engine advertising, among others. A radical increase in both temporal and geographical reach is empowering consumers to exert influence on brands, products, and services. Information and Communication Technologies (ICTs) and digital media are having a significant impact on the way

people communicate and fulfil their socio-economic, emotional and material needs. These technologies are also being harnessed by businesses for various purposes including distribution and selling of goods, retailing of consumer services, customer relationship management, and influencing consumer behaviour by employing digital marketing practices. This book considers this, as it examines the practice and research related to digital and social media marketing.

Drive Daniel H. Pink, 2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of *When: The Scientific Secrets of Perfect Timing* Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction—at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

Fratelli Tutti Pope Francis ,2020-11-05

Start with Why Simon Sinek, 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. *START WITH WHY* asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. *START WITH WHY* shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea *The Golden Circle*, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

Lady Justice Dahlia Lithwick, 2023-09-19 Winner of the LA Times Book Prize in Current Interest An instant New York Times Bestseller! “Stirring . . . Lithwick’s approach, interweaving interviews with legal commentary, allows her subjects to

shine...Inspiring.” —New York Times Book Review “In Dahlia Lithwick’s urgent, engaging Lady Justice, Dobbs serves as a devastating bookend to a story that begins in hope.” —Boston Globe Dahlia Lithwick, one of the nation’s foremost legal commentators, tells the gripping and heroic story of the women lawyers who fought the racism, sexism, and xenophobia of Donald Trump’s presidency—and won In the immediate aftershocks of Donald Trump’s victory over Hilary Clinton in 2016, women lawyers across the country, independently of one another, sprang into action. They were determined not to stand by while the Republican party did everything in their power to pursue devastating and often retrograde policies. In Lady Justice, Dahlia Lithwick, one of the nation’s foremost legal commentators, illuminates these many heroes of the Trump years. From Sally Yates and Becca Heller, who fought the Muslim travel ban, to Roberta Kaplan, who sued the neo-Nazis in Charlottesville, to Stacey Abrams, who worked to protect the voting rights of millions of Georgians, Lithwick dramatizes in thrilling detail the women lawyers who worked tirelessly to hold the line against the most chaotic presidency in living memory. A celebration of the legal ingenuity and indefatigable spirit of the women whose work all too often went unrecognized at the time, Lady Justice is destined to be treasured and passed from hand to hand for generations to come.
