John Joseph Mathews Michael Snyder, 2017-05-11 John Joseph Mathews (1894–1979) is one of Oklahoma's most revered twentieth-century authors. An Osage Indian, he was also one of the first Indigenous authors to gain national renown. Yet fame did not come easily to Mathews, and his personality was full of contradictions. In this captivating biography, Michael Snyder provides the first book-length account of this fascinating figure. Known as "Jo" to all his friends, Mathews had a multifaceted identity. A novelist, naturalist, biographer, historian, and tribal preservationist, he was a true "man of letters." Snyder draws on a wealth of sources, many of them previously untapped, to narrate Mathews's story. Much of the writer's family life—especially his two marriages and his relationships with his two children and two stepchildren—is explored here for the first time. Born in the town of Pawhuska in Indian Territory, Mathews attended the University of Oklahoma before venturing abroad and earning a second degree from Oxford. He served as a flight instructor during World War I, traveled across Europe and northern Africa, and bought and sold land in California. A proud Osage who devoted himself to preserving Osage culture, Mathews also served as tribal councilman and cultural historian for the Osage Nation. Like many gifted artists, Mathews was not without flaws. And perhaps in the eyes of some critics, he occupies a nebulous space in literary history. Through insightful analysis of his major works, especially his semiautobiographical novel *Sundown* and his meditative *Talking to the Moon*, Snyder revises this impression. The story he tells, of one remarkable individual, is also the

story of the Osage Nation, the state of Oklahoma, and Native America in the twentieth century.

**From Coveralls to Zoot Suits** Elizabeth R. Escobedo, 2013-03-21 During World War II, unprecedented employment avenues opened up for women and minorities in U.S. defense industries at the same time that massive population shifts and the war challenged Americans to rethink notions of race. At this extraordinary historical moment, Mexican American women found new means to exercise control over their lives in the home, workplace, and nation. In *From Coveralls to Zoot Suits*, Elizabeth R. Escobedo explores how, as war workers and volunteers, dance hostesses and zoot suiters, respectable young ladies and rebellious daughters, these young women used wartime conditions to serve the United States in its time of need and to pursue their own desires. But even after the war, as Escobedo shows, Mexican American women had to continue challenging workplace inequities and confronting family and communal resistance to their broadening public presence. Highlighting seldom heard voices of the Greatest Generation, Escobedo examines these contradictions within Mexican families and their communities, exploring the impact of youth culture, outside employment, and family relations on the lives of women whose home-front experiences and everyday life choices would fundamentally alter the history of a generation.

Hope Heals Katherine Wolf, Jay Wolf, 2016-04-26 When all seems lost, where can you find hope? Katherine and Jay Wolf married right after college and sought adventure far from home in Los Angeles, CA. As they pursued their dreams--she as a model and he as a lawyer--they planted their lives in the city and their church community. Their son, James, came along unexpectedly in the fall of 2007, and just six months later, everything changed in a moment for this young family. On April 21, 2008, as James slept in the other room, Katherine collapsed, suffering a massive brain stem stroke without warning. Miraculously, Jay came home in time and called for help. Katherine was immediately rushed into brain surgery, though her chance of survival was slim. As the sun rose the next morning, the surgeon proclaimed that Katherine had survived the removal of part of her brain, though her future recovery was uncertain. Yet in that moment, there was a spark of hope. Through forty days on life support in the ICU and nearly two years in full-time brain rehab, that small spark of hope was fanned into flame. Hope Heals documents Katherine and Jay's journey as they struggled to regain Katherine's quality of life and as she relearned to talk, eat, and walk. As Katherine returned home with a severely disabled body but a completely renewed purpose, she and Jay committed to celebrating this gift of a second chance by embracing life fully, even though that life looked very different than they could have ever imagined. As you uncover Katherine and Jay's remarkable story, you'll be

encouraged to: Find lasting hope in the midst of struggle Embrace the unexpected Welcome God's miracles into your everyday life In the midst of continuing hardships, both in body and mind, Katherine and Jay found what we all long to find: a hope that heals the most broken place--our souls. Let Hope Heals be your guide along the way. Praise for Hope Heals: As I read this book, tears streamed from my eyes even as joy flooded my heart. Jay and Katherine are a raw yet refreshing testimony to the unshakable trustworthiness of God amidst the unimaginable trials of life. This book reminds all of us where hope can be found in a world where none of us know what the next day holds. --David Platt, author of the New York Times bestseller *Radical* and president of the International Mission Board Hope Heals is a beautiful, true story that illustrates the love and protection God has for us even in the darkest times of our lives. Katherine and Jay's dedication to each other and the Lord through their most devastating season is inspiring. This book will help your heart believe that He sees, He knows, He cares, and He is still working miracles today! --Lysa TerKeurst, New York Times bestselling author and president of Proverbs 31 Ministries

*The House on First Street* Julia Reed, 2009-10-13 "Reed recounts with humor [post Katrina] home-improvement nightmares in a story that is part 'Money Pitt' and part love letter to her adopted home town." —Washington Post, Front Page Feature After fifteen years of living like a vagabond on her reporter's schedule, Julia Reed got married and bought a house in the historic Garden District of New Orleans. Four weeks after she moved in, Hurricane Katrina struck. Rich with sumptuous details and with the author's trademark humor, *The House on First Street* is the chronicle of a remarkable and often hilarious homecoming, as well as a thoroughly original tribute to our country's most original city. "What emerges from a heartrending, soul-stirring, rib-tickling and palate-prickling banquet of details is why Ms. Reed cannot leave New Orleans: love. It's an undeceived devotion to a place and particularity that is admirable, and almost astonishing, in our increasingly deracinated culture." —Wall Street Journal "Reed shares this sliver of her life with a light, conversational tone, and though somewhat tangential, she conveys the richness of pace and flavor of the Big Easy as life gets back to 'normal' without pretense." —Christian Science Monitor "Reed is a breezy writer who nicely captures the despair and elation of seeing the city slowly come back to life." —Chicago Sun-Times "With her usual keen eye for the quirky and outrageous, Reed finds much to amuse the reader in this delightful volume." —Cokie Roberts, ABC and NPR News, author of *Ladies of Liberty* "With great literary panache and a throaty humor, Julia Reed captures the magical allure of the city, its food and its people . . . destined to be a classic." —Walter Isaacson, bestselling author of *Einstein* and *Elon Musk*

*Dispossession* Pete Daniel, 2013-03-29 Between 1940 and 1974, the number of African American farmers fell from 681,790 to just 45,594--a drop of 93 percent. In his hard-hitting book, historian Pete Daniel analyzes this decline and chronicles black farmers' fierce struggles to remain on the land in the face of discrimination by bureaucrats in the U.S. Department of Agriculture. He exposes the shameful fact that at the very moment civil rights laws promised to end

discrimination, hundreds of thousands of black farmers lost their hold on the land as they were denied loans, information, and access to the programs essential to survival in a capital-intensive farm structure. More than a matter of neglect of these farmers and their rights, this passive nullification consisted of a blizzard of bureaucratic obfuscation, blatant acts of discrimination and cronyism, violence, and intimidation. *Dispossession* recovers a lost chapter of the black experience in the American South, presenting a counternarrative to the conventional story of the progress achieved by the civil rights movement.

Radical Moves Lara Putnam,2013-01-07 In the generations after emancipation, hundreds of thousands of African-descended working-class men and women left their homes in the British Caribbean to seek opportunity abroad: in the goldfields of Venezuela and the cane fields of Cuba, the canal construction in Panama, and the bustling city streets of Brooklyn. But in the 1920s and 1930s, racist nativism and a brutal cascade of antiblack immigration laws swept the hemisphere. Facing borders and barriers as never before, Afro-Caribbean migrants rethought allegiances of race, class, and empire. In *Radical Moves*, Lara Putnam takes readers from tin-roof tropical dancehalls to the elegant black-owned ballrooms of Jazz Age Harlem to trace the roots of the black-internationalist and anticolonial movements that would remake the twentieth century. From Trinidad to 136th Street, these were years of great dreams and righteous demands. Praying or jazzing, writing letters to the editor or letters home, Caribbean men and women tried on new ideas about the collective. The popular culture of black internationalism they created--from Marcus Garvey's UNIA to regge dances, Rastafarianism, and Joe Louis's worldwide fandom--still echoes in the present.

*The Dude and the Zen Master* Jeff Bridges,Bernie Glassman,2013-01-08 The perfect gift for fans of *The Big Lebowski*, Jeff Bridges's *The Dude*, and anyone who could use more Zen in their lives. *Zen Master* Bernie Glassman compares Jeff Bridges's iconic role in *The Big Lebowski* to a Lamed-Vavnik: one of the men in Jewish mysticism who are "simple and unassuming," and "so good that on account of them God lets the world go on." Jeff puts it another way. "The wonderful thing about the

Dude is that he'd always rather hug it out than slug it out." For more than a decade, Academy Award-winning actor Jeff Bridges and his Buddhist teacher, renowned Roshi Bernie Glassman, have been close friends. Inspiring and often hilarious, *The Dude and the Zen Master* captures their freewheeling dialogue and remarkable humanism in a book that reminds us of the importance of doing good in a difficult world.

Home Grown Isaac Campos,2012-04-23 Historian Isaac Campos combines wide-ranging archival research with the latest scholarship on the social and cultural dimensions of drug-related behavior in this telling of marijuana's remarkable history in Mexico. Introduced in the sixteenth century by the Spanish, cannabis came to Mexico as an industrial fiber and symbol of European empire. But, Campos demonstrates, as it gradually spread to indigenous pharmacopoeias, then prisons and soldiers' barracks, it took on both a Mexican name--marijuana--and identity as a quintessentially Mexican drug. A century ago, Mexicans believed that marijuana could instantly trigger madness and violence in its users, and the drug was outlawed nationwide in 1920. *Home Grown* thus traces the deep roots of the antidrug ideology and prohibitionist policies that anchor the drug-war violence that engulfs Mexico today. Campos also counters the standard narrative of modern drug wars, which casts global drug prohibition as a sort of informal American cultural colonization. Instead, he argues, Mexican ideas were the foundation for notions of reefer madness in the United States. This book is an indispensable guide for anyone who hopes to understand the deep and complex origins of marijuana's controversial place in North American history.

**Freedom's Frontier** Stacey L. Smith,2013-08-12 Most histories of the Civil War era portray the struggle over slavery as a conflict that exclusively pitted North against South, free labor against slave labor, and black against white. In *Freedom's Frontier*, Stacey L. Smith examines the battle over slavery as it unfolded on the multiracial Pacific Coast. Despite its antislavery constitution, California was home to a dizzying array of bound and semibound labor systems: African American slavery, American Indian indenture, Latino and Chinese contract labor, and a brutal sex traffic in bound Indian and Chinese women. Using untapped legislative and court records, Smith reconstructs the lives of California's unfree workers and documents the political and legal struggles over their destiny as the nation moved through the Civil War, emancipation, and Reconstruction. Smith reveals that the state's anti-Chinese movement, forged in its struggle over unfree labor, reached eastward to transform federal Reconstruction policy and national race relations for decades to come. Throughout, she illuminates the startling ways in which the contest over slavery's fate included a western struggle that encompassed diverse labor systems and workers not easily classified as free or slave, black or white.

**Home for the Holidays** Heather Vogel Frederick,2012-10-02 Four girls continue their mother-daughter book club, reading Charles Dickens's A Christmas Carol, but from unexpected blizzards to a sledding disaster, nothing goes as planned.

A family member recollects a backyard pole dressed for all occasions; Jeff faces horrifying ultimatums and the prospect of Darkenfloxx(TM) in some unusual drug trials; and Al Roosten hides his own internal monologue behind a winning smile that he hopes will make him popular. **Chinese Cubans** Kathleen López, 2013 In the mid-nineteenth century, Cuba's infamous coolie trade brought well over 100,000 Chinese indentured laborers to its shores. Though subjected to abominable conditions, they were followed during subsequent decades by smaller numbers of merchants, craftsmen, and free migrants searching for better lives far from home. In a comprehensive, vibrant history that draws deeply on Chinese- and Spanish-language sources in both China and Cuba, Kathleen Lopez explores the transition of the Chinese from indentured to free migrants, the formation of transnational communities, and the eventual incorporation of the Chinese into the Cuban citizenry during the first half of the twentieth century. Chinese Cubans shows how Chinese migration, intermarriage, and assimilation are central to Cuban history and national identity during a key period of transition from slave to wage labor and from colony to nation. On a broader level, Lopez draws out implications for issues of race, national identity, and transnational migration, especially along the Pacific rim.
