**Thoreau and the Language of Trees** Richard Higgins, 2017-04-04 Trees were central to Henry David Thoreau's creativity as a writer, his work as a naturalist, his thought, and his inner life. His portraits of them were so perfect, it was as if he could see the sap flowing beneath their bark. When Thoreau wrote that the poet loves the pine tree as his own shadow in the air, he was speaking about himself. In short, he spoke their language. In this original book, Richard Higgins explores Thoreau's deep connections to trees: his keen perception of them, the joy they gave him, the poetry he saw in them, his philosophical view of them, and how they fed his soul. His lively essays show that trees were a thread connecting all parts of Thoreau's being—heart, mind, and spirit. Included are one hundred excerpts from Thoreau's writings about trees, paired

with over sixty of the author's photographs. Thoreau's words are as vivid now as they were in 1890, when an English naturalist wrote that he was unusually able to "to preserve the flashing forest colors in unfading light." Thoreau and the Language of Trees shows that Thoreau, with uncanny foresight, believed trees were essential to the preservation of the world.

*The Memory Tree* Britta Teckentrup, 2014-11-25 A beautiful and heartfelt picture book to help children celebrate the memories left behind when a loved one dies. Fox has lived a long and happy life in the forest, but now he is tired. He lies down in his favourite clearing, and falls asleep for ever. Before long, Fox's friends begin to gather in the clearing. One by one, they tell stories of the special moments that they shared with Fox. And so, as they share their memories, a tree begins to grow, becoming bigger and stronger with each memory, sheltering and protecting all the animals in the forest, just as Fox did when he was alive. This gentle story about the loss of a loved one is perfect for sharing and will bring comfort to both children and parents.

**Chickens in the Road** Suzanne McMinn, 2014-10-07 Suzanne McMinn, a former romance writer and founder of the popular blog chickensintheroad.com, shares the story of her search to lead a life of ordinary splendor in Chickens in the Road, her inspiring and funny memoir. Craving a life that would connect her to the earth and her family roots, McMinn

packed up her three kids, left her husband and her sterile suburban existence behind, and moved to rural West Virginia. Amid the rough landscape and beauty of this rural mountain country, she pursues a natural lifestyle filled with chickens, goats, sheep—and no pizza delivery. With her new life comes an unexpected new love—52, a man as beguiling and enigmatic as his nickname—a turbulent romance that reminds her that peace and fulfillment can be found in the wake of heartbreak. Coping with formidable challenges, including raising a trio of teenagers, milking stubborn cows, being snowed in with no heat, and making her own butter, McMinn realizes that she's living a forty-something's coming-of-age story. As she dares to become self-reliant and embrace her independence, she reminds us that life is a bold adventure—if we're willing to live it. *Chickens in the Road* includes more than 20 recipes, craft projects, and McMinn's photography, and features a special two-color design.

*The Flourishing Tree* Hope Squires, 2014-11-14 This book taps into the powerful imagery of trees to suggest ways that one may sink roots into God's Word and grow strong branches that bear the fruits of faith.

*Be the Human Sunshine* Clare Bostock, 2015-04-28 More often than not, we are looking at changing the world, but often we do not look within to see what we can change within ourselves. Change begins with us. *Be the Human Sunshine* is not a fluffy, girl's best friend. It is rather an intimate place where real life struggles, disappointments, weariness, sorrow and joy are roads travelled, experienced and documented to prompt change. It is a space for the reader to have an intimate relationship with a paper friend - kept for personal use or shared with family and friends. This journal offers readers the chance to write their own book. Used as a written vision board, notes, jottings and pictures can be added, assisting both emotionally and spiritually to mend relationships and achieve dreams and goals. Full of beautiful illustrations and thought-provoking questions, it provides inspiration and motivation to open readers' hearts to change, celebrate joy in life and be glad for all they have experienced, knowing that the best is yet to come. Regular journaling has many benefits and is an invaluable tool: it reduces stress, promotes healing and encourages personal and spiritual growth. *Be the Human Sunshine* provides an outlet for this, making it possible for readers to capture their life story and reveal different aspects of themselves in order to deal with the many trials of life. Similar to Peter Coxon's *Dear Future You* books, this journal makes a great companion and collector's item for anyone looking to make positive life changes. It is the first in a collection of books from Clare Bostock.

**Christmas in America** Penne L. Restad, 1996-12-05 The manger or Macy's? Americans might well wonder which is the real shrine of Christmas, as they take part each year in a mix of churchgoing, shopping, and family togetherness. But the history of Christmas cannot be summed up so easily as the commercialization of a sacred day. As Penne Restad reveals in this marvelous new book, it has always been an ambiguous meld of sacred thoughts and worldly actions-- as well as a fascinating reflection of our changing society. In *Christmas in America*, Restad brilliantly captures the rise and transformation of our

most universal national holiday. In colonial times, it was celebrated either as an utterly solemn or a wildly social event--if it was celebrated at all. Virginians hunted, danced, and feasted. City dwellers flooded the streets in raucous demonstrations. Puritan New Englanders denounced the whole affair. Restad shows that as times changed, Christmas changed--and grew in popularity. In the early 1800s, New York served as an epicenter of the newly emerging holiday, drawing on its roots as a Dutch colony (St. Nicholas was particularly popular in the Netherlands, even after the Reformation), and aided by such men as Washington Irving. In 1822, another New Yorker named Clement Clarke Moore penned a poem now known as 'Twas the Night Before Christmas, virtually inventing the modern Santa Claus. Well-to-do townspeople displayed a German novelty, the decorated fir tree, in their parlors; an enterprising printer discovered the money to be made from Christmas cards; and a hodgepodge of year-end celebrations began to coalesce around December 25 and the figure of Santa. The homecoming significance of the holiday increased with the Civil War, and by the end of the nineteenth century a full- fledged national holiday had materialized, forged out of borrowed and invented custom alike, and driven by a passion for gift-giving. In the twentieth century, Christmas seeped into every niche of our conscious and unconscious lives to become a festival of epic proportions. Indeed, Restad carries the story through to our own time, unwrapping the messages hidden inside countless movies, books, and television shows, revealing the inescapable presence--and ambiguous meaning--of Christmas in contemporary culture. Filled with colorful detail and shining insight, Christmas in America reveals not only much about the emergence of the holiday, but also what our celebrations tell us about ourselves. From drunken revelry along colonial curbstones to family rituals around the tree, from Thomas Nast drawing the semiofficial portrait of St. Nick to the making of the film Home Alone, Restad's sparkling account offers much to amuse and ponder.

*God's Unconditional Love* Douglas Beatty,2013-07 The events in this book each and every one of us have gone, are going, or will go through at least one of these hardships in a lifetime. Maybe right at this moment you know someone who has or is going through one of these events. To some these events are small; they've gotten past them with no problem or interruption in their lives. Yet on the other hand, there are those who just cannot handle any kind of crisis in their lives. You know them; they are the ones who get upset over anything small or big making them have to change their way of thinking or living. When these events do come into our lives, we want to blame others whether they are friend or family for what have happen to us. The sad part we even blame God. Nor family, friend, or God had anything to do with our situation. It is hard for us to admit we did anything wrong. In the field of therapy, they call this denial, not wanting to admit doing anything on our part causing all this hardship. The mind reminisce all events having taken place causing this perfect world to turn upside down. No where

can the mind find fault in itself. Therefore it starts to point fingers at anyone, or anything to put the blame on. Until we come to peace with the situation at hand, there's no way we will ever have harmony with ourselves or others. This is where the love of God comes in. Give God all the Glory and Praise, and turn your burdens over to him. Through prayer God can handle any crisis that may or has come into our life. There are two things God put into our heart to help us get through this: Love and Forgiveness. Amen

**Trees of Pennsylvania** Ann Fowler Rhoads, Timothy A. Block, 2005 Authoritative, encyclopedic, lavishly illustrated guide to the trees of the state and region—from the Morris Arboretum, the official arboretum of the Commonwealth of Pennsylvania.

The Shortest Day Susan Cooper, 2019-10-22 In this seasonal treasure, Newbery Medalist Susan Cooper's beloved poem heralds the winter solstice, illuminated by Caldecott Honoree Carson Ellis's strikingly resonant illustrations. So the shortest day came, and the year died . . . As the sun set on the shortest day of the year, early people would gather to prepare for the long night ahead. They built fires and lit candles. They played music, bringing their own light to the darkness, while wondering if the sun would ever rise again. Written for a theatrical production that has become a ritual in itself, Susan Cooper's poem *The Shortest Day* captures the magic behind the returning of the light, the yearning for traditions that connect us with generations that have gone before — and the hope for peace that we carry into the future. Richly illustrated by Carson Ellis with a universality that spans the centuries, this beautiful book evokes the joy and community found in the ongoing mystery of life when we celebrate light, thankfulness, and festivity at a time of rebirth. Welcome Yule!

The Humane Gardener Nancy Lawson,2017-04-18 In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees, and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. The Humane Gardener fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.

Two Minutes of Light Nancy K. Pearson,2008 While describing a descent into addiction, suicide attempts, and self-

mutilation, Nancy K. Pearson is a foil to her own self-harm through the very act of writing. In her debut poetry collection TWO MINUTES OF LIGHT, creativity becomes an antidote to destructiveness. IN TWO MINUTES OF LIGHT, Nancy K. Pearson writes about a descent into the madness of addiction and suicide attempts, and the foil to self-destruction is art itself--finding small beauty in unlikely places and transforming it into poetry. With stunning imagination, acute mindfulness, spunk, and not an ounce of sentimentality or gratuitousness, Pearson mines her despair for minutes of light that provide rungs toward a more livable life. While immersed in the bleak world of psychiatric wards and crack motels, the poet, almost unnervingly, writes about sea grass, milkweed, ghost crabs, and wild lilies in a way that lifts the reader back to a place of connection, like holding hands with a stranger. Pearson's genius is her ironic voice, the immediacy of her images, and her fearless attitude. What is creativity if not the antidote to destructiveness? These poems remind me of collecting stones while walking, each one leading the way to a house in the forest. I want to say they spell redemption, but the forest has its own kind of talking and what's extraordinary about this extraordinary book is how that world -- tree, insect, rain, fish, flower, bird -- has its saying and song too. I've never seen the world of human trauma and recovery set in what we call 'the natural world, ' mediated by the human gaze, yes, and so blessedly indifferent to us. I read this book over and over again.--Marie Howe

Nancy Pearson's poems are rife with the urgencies of constructing a self. It is a harrowing, hard-fought project. As one poem asks, 'By what small margins do we survive?' This is a book fiercely in love with the world, a book that unflinchingly examines what can keep someone from inhabiting that world, whole. Two Minutes of Light is a startling, luminous, and moving first collection.--Kim Addonizio

In Two Minutes of Light, Nancy K. Pearson invents visceral, exciting language to enact redemption with stunning clarity. In Pearson's world, there is no sentimentality to redemption, no fear of the negative. She doesn't let absolutes do the work. As with Dante, the voice changes as it travels from hell to the scary possibility of happiness. But there's no urge to create a model, a template for behavior. Pearson works in the moment, with a keen ear and a live, fluid line. I think of the Arab poet who said he would not trade his moment of mortality for God's omniscience. Two Minutes of Light is a dazzling voyage.--D. Nurske
