Get Your House Right Marianne Cusato,Ben Pentreath,Richard Franklin Sammons,Léon Krier,2007 Even as oversized McMansions continue to elbow their way into tiny lots nationwide, a much different trend has taken shape. This return to traditional architectural principles venerates qualities that once were taken for granted in home design: structural common sense, aesthetics of form, appropriateness to a neighborhood, and even sustainability. Marianne Cusato, creator of the award-winning Katrina Cottages, has authored and illustrated this definitive guide to what makes houses look and feel right--to the eye and to the soul. She teaches us the language and grammar of classical architecture, revealing how balance, harmony, and detail all contribute to creating a home that will be loved rather than tolerated. And she takes us through the do's and don'ts of every element of home design, from dormers to doorways to columns. Integral to the book are its hundreds of elegant line drawings--clearly rendering the varieties of lintels and cornices, arches and eaves, and displaying avoid" and use" versions of the same elements side by side.

Lady Be Good Amber Brock,2019-06-04 Set in the 1950s--and now in paperback--Lady Be Good sweeps readers into the world of the mischievous, status-obsessed daughter of a hotel magnate and the electric nightlife of three iconic cities: New York, Miami, and Havana. Kitty Tessler is the winsome and clever only child of self-made hotel and nightclub tycoon Nicolas Tessler. Kitty may not have the same pedigree as the tennis club set she admires, but she still sees herself as every inch the socialite--spending her days perfecting her look and her nights charming all the blue-blooded boys who frequent her father's clubs. It seems like the fun will never end until Kitty's father issues a terrible ultimatum: she may no longer date the idle rich. Instead, Kitty must marry Andre, her father's second-in-command, and take her place as the First Lady of his hotel empire. Kitty is forced to come up with a wily and elaborate plan to protect her own lofty ideas for the future, as well as to save her best friend, Henrietta Bancroft, from a doomed engagement; Kitty will steal Henrietta's fiancé, a fabulously wealthy but terribly unkind man from a powerful family--thereby delivering the one-two punch of securing her now-fragile place on the social ladder and keeping her friend from a miserable marriage. Then Kitty meets Max, a member of a band visiting New York from her father's Miami club, and her plans take a turn. Smitten, but still eager to convince her father of her

commitment to Andre, Kitty and Hen follow Max, Andre, and the rest of the band back down to Miami--and later to Cuba. As Kitty spends more time with Max, she begins waking up to the beauty--and the injustice--of the world beyond her small, privileged corner of Manhattan. And when her well-intended yet manipulative efforts backfire, Kitty is forced to reconsider her choices and her future before she loses everyone she loves.

In particular: the author focuses on so-called strong materials, such as metals, wood, ceramics, glass, and bone. For each material in question, the author explains the unique physical and chemical basis for its inherent structural qualities. He also shows how an in-depth understanding of these materials' intrinsic strengths (and weaknesses) guides our engineering choices, allowing us to build the structures that support our modern society.

Making Piece Beth M. Howard, 2012-04-01 You will find my story is a lot like pie, a strawberry-rhubarb pie. It's bitter. It's messy. It's got some sweetness, too. Sometimes the ingredients get added in the wrong order, but it has substance, it will warm your insides, and even though it isn't perfect, it still turns out okay in the end. When journalist Beth M. Howard's young husband dies suddenly, she packs up the RV he left behind and hits the American highways. At every stop along the way—whether filming a documentary or handing out free slices on the streets of Los Angeles—Beth uses pie as a way to find purpose. Howard eventually returns to her Iowa roots and creates the perfect synergy between two of America's greatest icons—pie and the American Gothic House, the little farmhouse immortalized in Grant Wood's famous painting, where she now lives and runs the Pitchfork Pie Stand. *Making Piece* powerfully shows how one courageous woman triumphs over tragedy. This beautifully written memoir is, ultimately, about hope. It's about the journey of healing and recovery, of facing fears, finding meaning in life again, and moving forward with purpose and, eventually, joy. It's about the nourishment of the heart and soul that comes from the simple act of giving to others, like baking a homemade pie and sharing it with someone

whose pain is even greater than your own. And it tells of the role of fate, second chances and the strength found in community.

ARO: Architecture Research Office Stephen Cassell, Adam Yarinsky, Architecture Research Office, 2003-02-28 The process of investigation, analysis, and testing makes Architecture Research Office (ARO) as much a laboratory as a design firm. For Stephen Cassell, Adam Yarinsky, and their team, the starting point of each commission is not the development of an abstract idea for the project, but an intensive, hands-on occupation with a project's conditions, with its physical, economic, and social contexts. This practical approach to making architecture, to shrinking the distance between thinking and building, is much evident in their work, which manages to be simultaneously thoughtful and sensual. The seven projects featured in this, the first monograph on the work of this firm, range from self-directed research (ARO's paper wall project), to private living spaces (the SoHo Loft), to commercial interiors (the Qiora Store and Spa), to the popular U.S. Armed Services Recruiting Station in Times Square, to the stunning Colorado House in Telluride. All of these projects challenge design conventions, while delighting the senses with their unusual materials, careful detailing, and unexpected spatial discoveries. Decluttered and Dead Carolyn Ridder Aspenson, 2020-01-21 A Georgia real estate pro needs to find the key to a murder in this mystery by the USA Today-Bestselling author . . . Real estate agent Lily Sprayberry doesn't like sticking her nose in other people's business, but sometimes, she can't help herself. Especially when those people are ones she cares about. And when one of them winds up dead during Lily's decluttering and staging class, she has to find the killer—much to the chagrin of the county sheriff who just happens to be the man she's loved since she was a kid. Too bad though, because once a friend, always a friend, at least in Lily's book. She'll do whatever she can to find the killer, even if that means she might die. Because that's what friendship means to Lily Sprayberry . . .

The Murderer's Daughter Jonathan Kellerman, 2015-08-18 NEW YORK TIMES BESTSELLER • From the creator of the acclaimed Alex Delaware series comes a tour de force standalone novel that illustrates perfectly why “Jonathan Kellerman has justly earned his reputation as a master of the psychological thriller” (People). Includes bonus material! A brilliant, deeply dedicated psychologist, Grace Blades has a gift for treating troubled souls and tormented psyches—perhaps because she bears her own invisible scars: Only five years old when she witnessed her parents' deaths in a bloody murder-suicide, Grace took refuge in her fierce intellect and found comfort in the loving couple who adopted her. But even as an adult with an accomplished professional life, Grace still has a dark, secret side. When her two worlds shockingly converge, Grace's harrowing past returns with a vengeance. Both Grace and her newest patient are stunned when they recognize each other from a recent encounter. Haunted by his bleak past, mild-mannered Andrew Toner is desperate for Grace's renowned

therapeutic expertise and more than willing to ignore their connection. And while Grace is tempted to explore his case, which seems to eerily echo her grim early years, she refuses—a decision she regrets when a homicide detective appears on her doorstep. An evil she thought she'd outrun has reared its head again, but Grace fears that a police inquiry will expose her double life. Launching her own personal investigation leads her to a murderously manipulative foe, one whose warped craving for power forces Grace back into the chaos and madness she'd long ago fled.
