Shifting Images of the Hasmoneans Vered No'am,2018 The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth. Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders, through achievement of full sovereignty, to downfall, this volume examines the Hasmoneans through the lens of reception history. On the one hand, these brief, colorful legends are embedded in the narrative of the historian of the age, Flavius Josephus; on the other hand, they are scattered throughout the extensive halakhic-exegetical compositions known as rabbinic literature, redacted and compiled centuries later. Each set of parallel stories is examined for the motivation underlying its creation, its original message, language, and the historical context. This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions, in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora, and to decipher the disparities, different emphases, reworking, and unique orientations typical of each. These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts. The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent, a hidden Jewish Atlantis of early pseudo-historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature.

My New Roots Sarah Britton,2015-03-31 Holistic nutritionist and highly-regarded blogger Sarah Britton presents a refreshing, straight-forward approach to balancing mind, body, and spirit through a diet made up of whole foods. Sarah Britton's approach to plant-based cuisine is about satisfaction--foods that satiate on a physical, emotional, and spiritual level. Based on her knowledge of nutrition and her love of cooking, Sarah Britton crafts recipes made from organic vegetables, fruits, whole grains, beans, lentils, nuts, and seeds. She explains how a diet based on whole foods allows the body to regulate itself, eliminating the need to count calories. My New Roots draws on the enormous appeal of Sarah Britton's blog, which strikes the perfect balance between healthy and delicious food. She is a whole food lover, a cook who makes simple accessible plant-based meals that are a pleasure to eat and a joy to make. This book takes its cues from the rhythms of the earth, showcasing 100 seasonal recipes. Sarah simmers thinly sliced celery root until it mimics pasta for Butternut Squash Lasagna, and whips up easy raw chocolate to make homemade chocolate-nut butter candy cups. Her recipes are not about sacrifice, deprivation, or labels--they are about enjoying delicious food that's also good for you.

Racial Spectacles Jonathan Markovitz, 2011-06 Racial Spectacles: Explorations in Media, Race, and Justice examines the crucial role the media has played in circulating and shaping national dialogues about race through representations of crime and racialized violence. Jonathan Markovitz argues that mass media racial spectacles often work to shore up racist stereotypes, but that they also provide opportunities to challenge prevalent conceptions of race, and can be seized upon as vehicles for social protest. This book explores a series of mass media spectacles revolving around the news, prime-time television, Hollywood cinema, and the internet that have either relied upon, reconfigured, or helped to construct collective memories of race, crime, and (in)justice. The case studies explored include the Scottsboro interracial rape case of the 1930s, the Kobe Bryant rape case, the Los Angeles Police Department's Rampart scandal, the Abu Ghraib photographs, and a series of racist incidents at the University of California. This book will prove to be important not only for courses on race and media, but also for any reader interested in issues of the media's role in social justice.
