**Seven Essential Practices for the Professional Artist** Michele Théberge, 2013-05 Ready to get more on top of your art practice and career? Artist Michele Theberge shows how to create a sustainable, satisfying career and art practice from the inside out. Many talented people give up on a creative career because they were taught the tools and skills of their craft but not how to actually live a fulfilling life as an artist. While numerous books teach artists the very practical aspects of building a career-how to prepare a website, approach galleries, apply for grants and mount exhibitions - many artists lack the wherewithal to develop their work over the long haul and advance it in a public forum. This book puts forth habits, practices and a mindset crucial for the artist to create and share his or her work while maintaining both health and a lasting sense of well-being. It contains practical advice how to develop and sustain a creative practice while dealing with rejection and self-doubt, the importance of crafting a vision for one's work and setting specific goals for it and cultivating a critical and supportive community. Aspiring artists as well as established professionals will find the same encouraging, calm and inspiring advice Michele offers on [TheMindfulArtist.com](http://TheMindfulArtist.com).

*The Gentle Art of Swedish Death Cleaning* Margareta Magnusson,2018-01-02 \*The basis for the wonderfully funny and moving TV series developed by Amy Poehler and Scout Productions\* A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called *döstädning*, *dö* meaning "death" and *städning* meaning "cleaning." This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In *The Gentle Art of Swedish Death Cleaning*, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you'd ever use) and which you might want to keep (photographs, love letters, a few of your children's art projects). Digging into her late husband's tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.

The world, our bodies, and our minds are in a constant state of flux. They are a stream of ever-mutating, emergent patterns. Rather than steel ourselves against such change, Emergent Strategy teaches us to map and assess the swirling structures and to read them as they happen, all the better to shape that which ultimately shapes us, personally and politically. A resolutely materialist spirituality based equally on science and science fiction: a wild feminist and afro-futurist ride! adrienne maree brown, co-editor of Octavia's Brood: Science Fiction from Social Justice Movements, is a social justice facilitator, healer, and doula living in Detroit.
