Agents of Moscow Martin Mevius, 2005 After 1945, state patriotism of communist regimes in Eastern Europe was characterized by the widespread use of national symbols. This study examines the origins of this socialist patriotism and how it had become the self image of party and state by 1953.

Shifting Images of the Hasmoneans Vered No'am, 2018 The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth. Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders, through achievement of full sovereignty, to downfall, this volume

examines the Hasmoneans through the lens of reception history. On the one hand, these brief, colorful legends are embedded in the narrative of the historian of the age, Flavius Josephus; on the other hand, they are scattered throughout the extensive halakhic-exegetical compositions known as rabbinic literature, redacted and compiled centuries later. Each set of parallel stories is examined for the motivation underlying its creation, its original message, language, and the historical context. This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions, in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora, and to decipher the disparities, different emphases, reworking, and unique orientations typical of each. These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts. The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent, a hidden Jewish Atlantis of early pseudo-historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature.

Manifesto Rosa Luxemburg,Karl Marx,Friedrich Engels,Ernesto Che Guevara,2024-04-09 The three texts this book, all

written in vastly different eras —The Communist Manifesto (1848) by Marx and Engels, Reform or Revolution (1899) by Rosa Luxemburg and Socialism and Man in Cuba (1965) by Ernesto Che Guevara—illuminate socialist ideas of the 19th and 20th centuries. For a new generation of activists, these are classic revolutionary writings by four famous rebels, including The Communist Manifesto by Karl Marx and Friedrich Engels; Reform or Revolution by Rosa Luxemburg; and Che Guevara's Socialism and Man in Cuba. Includes an introduction by Cuban Marxist intellectual Armando Hart and a preface by US radical poet Adrienne Rich. The essays in this book, Manifesto, were written by three relatively young people—Karl Marx when he was 30, Rosa Luxemburg at 27, Che Guevara at the age of 37. Born into different historical moments and different generations, they shared an energy of hope, an engagement with history, a belief that critical thinking must inform action, and a passion for the world and its human possibilities. Here are urgent conversations from the past that are still being carried on, among new voices, throughout the world.

The Sartorialist: MAN Scott Schuman, 2020-09-08 The Sartorialist Man: Inspiration Every Man Wants, Education Every Man Needs, by renowned photographer, fashion editor, and social media sensation Scott Schuman, is the definitive fashion primer celebrating the diversity of today's well-dressed man. Schuman's dynamic street photography captures the essence of style as seen through lens of guys of all ages from around the globe. Setting the new standard, the book will be an invaluable resource for men as they explore and hone their unique personal style. What I didn't want this book to be was a list of rules. But I do outline principles that will help you make confident decisions about your many sartorial choices, says Schuman in the book's introduction. The book begins with Dressing Your Body Type, because when you know what fits your unique body, the better you can pull off any look. In section one, Clothing, Schuman delves into wardrobe basics with Elements--an illustrated glossary of everything from jackets and pants, and collars and cuffs, to outerwear and underwear. Also sprinkled throughout are Style Strategies explaining how stylish gentlemen do what they do so well, and the Focus section is filled with tips on to how to talk to a tailor, view the runway, and discover inspiration from friends and colleagues. The second part of the book tackles everything you need to know about accessories--whether to go socks or no socks, and how to tie a tie, choose the right glasses or sunglasses, and find the right shoe. Part three, Maintenance & Sustainability, is filled with illustrated step-by-step instructions on how to care for, mend, fold, store, and pack your clothes and footwear. Schuman even shares pointers on the how and why to invest in key pieces of your wardrobe, shop online or in person, or buy vintage or new. Refreshing, contemporary, and inspiring, this striking menswear tome will come to define today's essence of style. The Sartorialist: Man is about enjoying the freedom to explore what looks great on you--and that, perhaps, is the ultimate chic.

Start with Why Simon Sinek, 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED

Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.
