A Blissful Nest Rebekah Dempsey,2021-10-26 In A Blissful Nest, celebrated interior designer Rebekah Dempsey offers fresh and attainable design ideas to show you how to discover your interior style and create a home that truly reflects your personality and the way you live.

Modern Country Jenifer Jordan,2009-09 Modern Country blends the quiet, simple elegance of classic country with a clean, modernist edge to create an entirely new interior genre. When classic country is infused with modern design, it becomes bolder. It offers a contemporary attitude, a confident feel that mixes periods, patterns, and pedigrees but embraces the element of restraint. As noted photo stylist and author Nancy Ingram says, Mix it up and pare it down!

HomeMade Modern Ben Uyeda,2015-11-17 You can make the furniture you want at a fraction of the price of store-bought furniture. Not only will you save tons of money, but you'll also make environmentally sustainable pieces that are solidly built, using real materials like metal, wood, concrete, and other recycled ready-mades. The projects in this book don't require special skills, prior experience, or even a garage full of tools. You'll be walked step-by-step through the process of making furniture, from where to buy the materials (or where to scavenge) to how to make the most of the tools you own.

Never Too Small Joe Beath,Elizabeth Price,2023-04-19 Joel Beath and Elizabeth Price explore this question drawing inspiration from a diverse collection of apartment designs, all smaller than 50m2/540ft2. Through the lens of five small-footprint design principles and drawing on architectural images and detailed floor plans, the authors examine how architects and designers are reimagining small space living. Full of inspiration we can each apply to our own spaces, this is a book that offers hope and inspiration for a future of our cities and their citizens in which sustainability and style, comfort and affordability can co-exist. Never Too Small proves living better doesn't have to mean living larger.

Handcrafted Modern Leslie Williamson,2010-10-12 An intimate and revealing collection of photographs of astonishingly

beautiful, iconic, and undiscovered mid-century interiors. Among significant mid-century interiors, none are more celebrated yet underpublished as the homes created by architects and interior designers for themselves. This collection of newly commissioned photographs presents the most compelling homes by influential mid-century designers, such as Russel Wright, George Nakashima, Harry Bertoia, Charles and Ray Eames, and Eva Zeisel, among others. Intimate as well as revelatory, Williamson's photographs show these creative homes as they were lived in by their designers: Walter Gropius's historic Bauhaus home in Massachusetts; Albert Frey's floating modernist aerie on a Palm Springs rock outcropping; Wharton Esherick's completely handmade Pennsylvania house, from the organic handcarved staircase to the iconic furniture. Personal and breathtaking by turn—these homes are exemplary studies of domestic modernism at its warmest and most creative.

Habitat Lauren Liess, 2015-10-13 “Stunningly simple, this field guide is a survival book for any budding decorator,” by “famed DC-based interior designer and blogger of Pure Style Home.” (USA Today) Lauren Liess, an interior designer and founder of the popular blog Pure Style Home, fuses her love of design and the great outdoors into all her work. In *Habitat: The Field Guide to Decorating*, Lauren invites readers to bring nature inside by mixing the textures of natural elements such as wood and stone with eclectic groupings of modern and quirky vintage pieces. Readers will be inspired by the unique style of these rooms, which include lovely framed botanical prints and Liess's own textile patterns inspired by wildflowers and weeds. Divided into three sections, *Habitat* shows readers the fundamental elements of design, such as color, lighting, and furniture; addresses the intangibles of designing a space, such as aesthetics and creating a mood; and tackles unique room-specific challenges in every part of the house. “Designer Lauren Liess shares her favorite, not-always-conventional ideas for livening up any space with art.” —Country Living “Habitat looks at incorporating natural textures such as wood into your decorating scheme, along with florals, nature inspired textiles and vintage décor.” —Real Style Network “Rich with thoughtful advice on how to create livable, comfortable rooms that bring the beauty of the outdoors inside.” —Garden & Gun

Patina Style Brooke Giannetti,2011-09-01 The Giannettis have developed a home design style that embraces age, patina, weathered and worn surfaces, and rough surfaces. Patina Style is a color palette, a romance with subtlety, an attraction to natural materials and architectural details. It is at once old-world, contemporary, and mildly industrial. Patina Style gives insight into materials choices, methods and treatments that result in spaces that celebrate beauty in the old, the imperfect, the slightly roughed-up.

California Homes William Hefner, The Images Publishing Group, 2013 An insightful monograph highlighting the illustrious design of master architect William Hefner - lavishly illustrated and richly detailed - an intimate tour of some of the world's most opulent houses. This latest addition to IMAGES' Master Architect Series showcases seven exquisite residential projects by master architect William Hefner, whose Los-Angeles-based architectural firm has been designing residential, commercial and retail properties for nearly two decades. Although varied in style, each house featured shares the timeless elegance and attention to detail common to all of Hefner's creations. They are each marked also by Hefner's appreciation of the craft of building and the use of natural materials. Opulent and richly detailed, the interiors nevertheless retain a sense of intimacy, warmth and comfort. Hefner's houses are luxurious, but it is a personal, liveable form of luxury that embraces rather than distances. William Hefner's passion lies in residential architecture; his expertise encompasses a vast array of styles from the highly contemporary to the deeply historic. Through this crossover he has realised that each style has benefitted from knowledge of the other - modern houses are richer in materials, more complex in their details, and thusly more comfortable to its inhabitants; historic projects are less fussy, more tailored, resulting in spaces better suited to the needs and tendencies of contemporary life. William's expertise in architecture and deep appreciation for interior design and landscape often culminates in the three merging seamlessly - environments emerge which embrace outdoor views animated by an ever-shifting play of natural light; the rooms connect organically to the furnishings within them. By combining these three disciplines within his firm, he is able to ensure that each distinct design concept integrates with one another and that the vision of the homeowner is expressed in every aspect of the work. William earned a Bachelor of Arts degree in Art History in 1977 from Lewis & Clark College in Portland, Oregon, which included a year of study in Greece. He went on to receive a Master's of Architecture from UCLA, during the influential Charles Moore's tenure. 400 col.

Tropical Interiors Elizabeth V. Reyes, 2012-07-02 Featuring over 250 photographs and insightful commentary, this topical interior design book will add a uniquely Asian-Pacific element to your home. The Philippines is home to a new generation of craftsmen, including furniture makers, artists, sculptors, and weavers. They specialize in taking the indigenous materials of the country--pina, abaca, capiz shell, bamboo, rattan, to name a few--and producing contemporary items that would be as at home in a New York loft as on a tropical verandah. Harnessing both Asian- and Latin-inspired style and modern techniques, they produce a cornucopia of fine contemporary furniture and authentic furnishing items. In this sourcebook of decorating and shopping ideas, these objects are presented within metropolitan and rural present-day interiors. From furniture and furnishings to table settings and lighting, all the homes, many never photographed before, are accented with artifacts in modern designs. *Tropical Interiors* shows how Philippine style is clearly now a global phenomenon and can be applied to homes worldwide.
