**Lease on Love** Falon Ballard,2022-02-01 Sadie wasn't looking for love until it landed on her doorstep. After getting passed over for an overdue—and much-needed—promotion, Sadie Green is in desperate need of three things: a stiff drink, a new place to live, and a one-night stand. But when an accidental mix-up lands her on the doorstep of Jack Thomas's gorgeous Brooklyn brownstone, it's too bad Sadie is more attracted to the impressive real estate than she is to the man himself. Jack, still grieving the unexpected death of his parents, has learned to find comfort in video games and movie marathons instead of friends. So while he doesn't know just what to make of the vivaciously verbose Sadie, he's willing to offer her his spare bedroom while she gets back on her feet. And with the rent unbeatably low, Sadie can finally pursue her floristry side hustle full-time. The two are polar opposites, but as Sadie's presence begins to turn the brownstone into a home, they both start to realize they may have just made the deal of a lifetime.

Living with Pattern Rebecca Atwood,2016-08-30 A design book filled with beautiful photography and clear ideas for how

to use pattern to decorate your home. If you focus on pattern, from texture and color to furniture and textiles, everything else will fall into place. Pattern is the strongest element in any room. In *Living with Pattern*, Rebecca Atwood demystifies how to use that element, a design concept that often confounds and confuses, demonstrating how to seamlessly mix and layer prints throughout a house. She covers pattern usage you probably already have, such as on your duvet cover or in the living room rug, and she also reveals the unexpected places you might not have thought to add it: bathroom tiles, an arrangement of book spines in a reading nook, or windowpane gridding in your entryway. This stunning book showcases distinct uses of pattern in homes all over the country to inspire you to realize that an injection of pattern can enliven any space, helping to make it uniquely yours.

*Creative Concrete Ornaments for the Garden* Sherri Warner Hunter, 2005 Sherri Hunter, author of the best-selling *Creating with Concrete*, proves once again that concrete isn't just for sidewalks anymore; it's perfect for the garden too. A selection of 30 beautiful designs suggests the range of this increasingly popular material, and the illustrated instructions make the craft's fundamentals easy to learn. Because the simplest projects come first, beginners can work their way through the book progressively, building on their skills. Novices will have fun making the carved trough, sandcast bowl, and elegant relief panel. More sophisticated projects, including a decorative walkway and polished table, come next, and they'll bring charm to any outdoor space. More adventurous artists can unleash their creativity on a Garden Guardian sculpture or water feature. A Selection of the Crafters Choice and Homestyle Book Clubs.

**HomeMade Modern** Ben Uyeda, 2015-11-17 You can make the furniture you want at a fraction of the price of store-bought furniture. Not only will you save tons of money, but you'll also make environmentally sustainable pieces that are solidly built, using real materials like metal, wood, concrete, and other recycled ready-mades. The projects in this book don't require special skills, prior experience, or even a garage full of tools. You'll be walked step-by-step through the process of making furniture, from where to buy the materials (or where to scavenge) to how to make the most of the tools you own.
