**Lease on Love** Falon Ballard,2022-02-01 Sadie wasn't looking for love until it landed on her doorstep. After getting passed over for an overdue—and much-needed—promotion, Sadie Green is in desperate need of three things: a stiff drink, a new place to live, and a one-night stand. But when an accidental mix-up lands her on the doorstep of Jack Thomas's gorgeous Brooklyn brownstone, it's too bad Sadie is more attracted to the impressive real estate than she is to the man himself. Jack, still grieving the unexpected death of his parents, has learned to find comfort in video games and movie marathons instead of friends. So while he doesn't know just what to make of the vivaciously verbose Sadie, he's willing to offer her his spare bedroom while she gets back on her feet. And with the rent unbeatably low, Sadie can finally pursue her floristry side hustle full-time. The two are polar opposites, but as Sadie's presence begins to turn the brownstone into a home, they both start to realize they may have just made the deal of a lifetime.

HomeMade Modern Ben Uyeda,2015-11-17 You can make the furniture you want at a fraction of the price of store-bought

furniture. Not only will you save tons of money, but you'll also make environmentally sustainable pieces that are solidly built, using real materials like metal, wood, concrete, and other recycled ready-mades. The projects in this book don't require special skills, prior experience, or even a garage full of tools. You'll be walked step-by-step through the process of making furniture, from where to buy the materials (or where to scavenge) to how to make the most of the tools you own.

**Creative Concrete Ornaments for the Garden** Sherri Warner Hunter, 2005 Sherri Hunter, author of the best-selling *Creating with Concrete*, proves once again that concrete isn't just for sidewalks anymore; it's perfect for the garden too. A selection of 30 beautiful designs suggests the range of this increasingly popular material, and the illustrated instructions make the craft's fundamentals easy to learn. Because the simplest projects come first, beginners can work their way through the book progressively, building on their skills. Novices will have fun making the carved trough, sandcast bowl, and elegant relief panel. More sophisticated projects, including a decorative walkway and polished table, come next, and they'll bring charm to any outdoor space. More adventurous artists can unleash their creativity on a Garden Guardian sculpture or water feature. A Selection of the Crafters Choice and Homestyle Book Clubs.

M Is for Mama Abbie Halberstadt, 2022-02-01 Mama of ten Abbie Halberstadt helps women humbly and gracefully rise to the high calling of motherhood without settling for mediocrity or losing their minds in the process. Motherhood is a challenge. Unfortunately, our worldly culture offers moms little in the way of real help. Mamas only connect to celebrate surviving another day and to share in their misery rather than rejoice in what God has done and to build each other up in hard times. There has to be a better way, a biblical way, for mamas to grow and thrive. As a daughter of Christ, you have been called to be more than an average mama. Attaining excellence doesn't have to be unsettling but it will take committed focus and a desire to parent well according to God's grace and for His glory. M is for Mama offers advice, encouragement, and

scripturally sound strategies seasoned with a little bit of humor to help you embrace the challenge of biblical motherhood and raise your children with love and wisdom. Mama, you are worthy of the awesome responsibility God has given you. Now it's time to start believing you can live up to it.

**Urban Flowers** Carolyn Dunster, 2017-04-06 Creating colour and interest in a small urban garden by growing a range of flowers and other decorative plants brings with it many rewards. Carolyn Dunster shows you what to grow and how to use your own blooms, leaves and berries in a range of indoor displays and hand-tied bouquets. Locally-grown flowers in season is a significant and welcome trend in floristry, and just as eating a tasteless strawberry in December pricks our consciences, so too does purchasing a bouquet of tulips in September, however stunning they may be to look at. The most local, seasonal flowers, which are the most satisfying to give and to display, are the ones you have grown yourself. Carolyn Dunster shows you how to do this in the smallest of spaces.
