The Things That Matter Nate Berkus,2012-10-16 Does your home tell the story of who you are? In *The Things That Matter*, Nate Berkus shares intimate stories from his life, introduces us to people who influenced him and helped him forge his sense of style, and opens up about the remarkable experiences that have left him forever changed, all of which find expression in how he lives today. From his most cherished flea market finds, to his beloved books and photos, to the many extraordinary mementos he's collected in his travels, every piece defines who he's become and what endures in his world. Berkus invites readers into his own home as well as into twelve others, including a sleek steel-and-glass high-rise that soars above Chicago, a rustic cottage in the Hudson Valley, an ultra-chic atelier that maximizes every inch of space, a Greenwich Village townhouse that holds multiple art collections, and a study in meaningful minimalism in Marfa, Texas. The distinctive interiors beautifully displayed in this book offer revealing portraits of their owners' lives and the inspiring choices that have made them who they are today. *The Things That Matter* convincingly lays out Nate Berkus's philosophy that things do matter. Our homes tell our stories, they reflect the places we've been and the people we've loved along the way—and there can be no more beautiful design for living than that. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SEATTLE TIMES

Black on White David R. Roediger,2010-03-31 In this thought-provoking volume, David R. Roediger has brought together some of the most important black writers throughout history to explore the question: What does it really mean to be white in America? From folktales and slave narratives to contemporary essays, poetry, and fiction, black writers have long been among America's keenest students of white consciousness and white behavior, but until now much of this writing has been ignored. *Black on White* reverses this trend by presenting the work of more than fifty major figures, including James Baldwin, Derrick Bell, Ralph Ellison, W.E.B. Du Bois, bell hooks, Toni Morrison, and Alice Walker to take a closer look at the many meanings of whiteness in our society. Rich in irony, artistry, passion, and common sense, these reflections on what Langston Hughes called the ways of white folks illustrate how whiteness as a racial identity derives its meaning not as a biological category but as a social construct designed to uphold racial inequality. Powerful and compelling, *Black on White* provides a much-needed perspective that is sure to have a major impact on the study of race and race relations in America.

Here was a space where blackness was taking part in shaping European identity ... A continent of Algerian flea markets, Surinamese shamanism, German Reggae and Moorish castles. Here is an alternative map of the continent, taking the reader to places like Cova Da Moura, the Cape Verdean shantytown on the outskirts of Lisbon with its own underground economy, and Rinkeby, the area of Stockholm that is eighty per cent Muslim. Johny Pitts visits the former Patrice Lumumba University in Moscow, where West African students are still making the most of Cold War ties with the USSR, and Clichy Sous Bois in Paris, which gave birth to the 2005 riots, all the while presenting Afropeans as lead actors in their own story.
