Good Clean Fun Nick Offerman, 2016-10-18 Nick Offerman, woodworker, actor, and co-host of NBC's Making It, invites

you on a hilarious and informative woodworking adventure that takes you behind the scenes of his very own woodshop. Nestled among the glitz and glitter of Tinseltown is a testament to American elbow grease and an honest-to-god hard day's work: Offerman Woodshop. Captained by hirsute woodworker, actor, comedian, and writer Nick Offerman, the shop produces not only fine handcrafted furniture, but also fun stuff—kazoos, baseball bats, ukuleles, mustache combs, even cedar-strip canoes. Now Nick and his ragtag crew of champions want to share their experience of working at the Woodshop, tell you all about their passion for the discipline of woodworking, and teach you how to make a handful of their most popular projects along the way. This book takes readers behind the scenes of the woodshop, both inspiring and teaching them to make their own projects and besotting them with the infectious spirit behind the shop and its complement of dusty wood-elves. In these pages you will find a variety of projects for every skill level, with personal, easy-to-follow instructions by the OWS woodworkers themselves; and, what's more, this tutelage is augmented by mouth-watering color photos (Nick calls it wood porn). You will also find writings by Nick, offering recipes for both comestibles and mirth, humorous essays, odes to his own woodworking heroes, insights into the ethos of woodworking in modern America, and other assorted tomfoolery. Whether you've been working in your own shop for years, or if holding this stack of compressed wood pulp is as close as you've ever come to milling lumber, or even if you just love Nick Offerman's brand of bucolic yet worldly wisdom, you'll find *Good Clean Fun* full of useful, illuminating, and entertaining information.

Someone Has to Care Christian Scharen, 2021-11-08 Welcome to this exploration of the Roots of hip-hop. The roots of hip-hop, as in: the Roots--a story of one of the most enduring, multi-talented, and successful groups of the past thirty years in any genre--and the story of the roots of hip-hop, that is, the story of hip-hop, a musical culture born in New York's South Bronx during the 1970s. Alongside the two hip-hop stories I tell here, I also tell the story about what God has to do with the Roots of hip-hop--a theological story, if you will. I describe how, in the process of becoming one of the most creative faith-rooted voices in music today, the Roots' developed a calling as artists. And I do this, in part, to say that you, too, can discover and live your prophetic calling. You can't help but be inspired by the Roots. Yet the best result of that is that you become inspired to be your most playful, passionate, purposeful, prophetic self in the world around you.

Drying Hardwood Lumber Joseph Denig,2000 Drying Hardwood Lumber focuses on common methods for drying lumber of different thickness, with minimal drying defects, for high quality applications. This manual also includes predrying treatments that, when part of an overall quality-oriented drying system, reduce defects and improve drying quality, especially of oak lumber. Special attention is given to drying white wood, such as hard maple and ash, without sticker shadow or other discoloration. Several special drying methods, such as solar drying, are described, and proper techniques for storing dried lumber are discussed. Suggestions are provided for ways to economize on drying costs by reducing drying time and energy demands when feasible. Each chapter is accompanied by a list of references. Some references are cited in the chapter; others are listed as additional sources of information.

High Performance Habits Brendon Burchard,2017-09-19 THESE HABITS WILL MAKE YOU EXTRAORDINARY. Twenty years ago, author Brendon Burchard became obsessed with answering three questions: 1. Why do some individuals and teams succeed more quickly than others and sustain that success over the long term? 2. Of those who pull it off, why are some miserable and others consistently happy on their journey? 3. What motivates people to reach for higher levels of success in the first place, and what practices help them improve the most After extensive original research and a decade as the world’s leading high performance coach, Burchard found the answers. It turns out that just six deliberate habits give you the edge. Anyone can practice these habits and, when they do, extraordinary things happen in their lives, relationships, and careers. Democracy's Edge Frances Moore Lappe,2005-10-28 Three out of five Americans, both Republicans and Democrats, feel our country is headed in the wrong direction. America is at the edge, a critical place at which we can either renew and revitalize or give in and lose that most precious American ideal--democracy--and along with it the freedom, fairness, and opportunities it assures. Democracy's Edge is a rousing battle cry that we can--and must--act now. From Jefferson to Eisenhower, presidents from both parties have warned us of the danger of letting a closed, narrow group of business and government officials concentrate power over our lives. Yet today, a small and unrepresentative group of people is making

vital decisions for all of us. But this crisis is only a symptom, Lappé argues. It's a symptom of thin democracy, something done to us or for us, not by or with us. Such democracy is always at risk of being stolen by private interests or extremist groups, left and right. But there is a solution. The answer, says Lappé, is Living Democracy, a powerful yet often invisible citizens' revolution surging in communities across America. It's not random, disjointed activism but the emergence of a new historical stage of democracy in which Americans realize that democracy isn't something we have but something we do. Either we live it or lose it, says Lappé.

One Kind Heart Christine DePetrillo,2019-11-11 Leah had a plan in place for this new phase of her life and she'd stick to it. Over six feet of Dakota Brenton wasn't going to change that. Teaching fourth grade at Maplehaven Elementary School deep in the woods of Vermont is Leah Greenstead's chance to hide and heal. It hurt too much to stay in New York City where every corner café, every friend, every sunrise reminded her of all she'd lost. Some people get to have everything they've ever wanted. Some don't. Leah will stick to her rules about not getting close to anyone—about not falling in love again—and preserve what little is left of her heart. Except Dakota Brenton sets his sights on Leah. Maplehaven's most beloved adventure guide isn't easy to resist either. And he knows it. He uses his sense of humor, his charming family, and mathematical dirty talk to make it difficult for Leah to ignore him. Letting him in, however, is a big risk. If she dates him, she might like him. If she likes him, she might love him. If she loves him... she might lose him. Is one kind heart enough to change Leah's mind about love? One Kind Heart is an opposites-attract, small-town, contemporary romance that features a heroine not willing to risk her heart and a hero not willing to give up on her. The One Kind Deed Series, contemporary romance The town, the people, the love story... a perfect romance. Other Series by Christine DePetrillo The Maple Leaf Series, contemporary romance Fears, pride, love, passion ~ beautifully woven together with substance and depth. The Warrior Wolves Series, paranormal romance Full of memorable characters with a solid plot and plenty of passion. The Shielded Series, sci-fi romance Great world-building, excellent emotional depth, and a great ending...
