Scholarship in the Sandbox Amy S. Jackson,Cindy Pierard,Suzanne Michele Schadl,2019 Scholarship in the Sandbox is broken into four sections--Library as Laboratory, Library as Forum, Library as Archive, and Articulating the Value of Student Work--containing case studies that address the innovative ways libraries are actively occupying more central space on campus as practical laboratories outside of the classroom. They demonstrate collective learning in a sandbox environment where the answers are far less important than the multiplicity of prospective solutions, and present several models for providing a supportive environment in which students, teaching faculty, and librarians can practice, explore, fail at, and refine their academic work through collaboration.--

Save Money on Groceries Tiffany Doerr Guerzon,2018-08-13 Everyone wants to save money at the grocery store, right?

The monthly food bill is the third-highest item in most family's budgets, after transportation and home costs. While the price of your mortgage or car payment are fixed, one place you can save money is by cutting the cost of groceries. But how? Food costs keep rising and many families have food allergies or intolerances that require the purchase of more expensive products. In this book, I share what I have learned about saving money on groceries through years of trial and error. My back to basics approach-such as buying in bulk, stocking up, cooking from scratch, buying on sale, and planning meals-can help you save significantly, without spending hours clipping coupons or driving to several stores each week. I also include information on saving apps, batch cooking, alternative buying methods such as food co-ops, and how to read price labels at the store to decipher the best deal, as well as tasty, nutritious recipes. This book will pay for itself in one grocery store trip if you apply these saving strategies that even the busiest of people can use.

From making the most of the rules to creating your own monsters and Arcana. Sample monsters, arcanum, traps, and hazards. Character advancement from Novice to Master Rules for running your own Company, and taking it to war with an original mass combat system. Complete guide to the Odd World, from the cosmopolitan city of Bastion and its hidden Underground, through to backwards Deep Country, the unexplored Golden Lands. The Iron Coral, sample expedition site to test the players' survival skills. The Fallen Marsh, a deadly wilderness to explore. Hopesend Port, a settlement to regroup and sail on to further adventure.
