The Comfort Crisis Michael Easter, 2021-05-11 “If you’ve been looking for something different to level up your health, fitness, and personal growth, this is it.”—Melissa Urban, Whole30 CEO and New York Times bestselling author of *The Book of Boundaries* “Michael Easter’s genius is that he puts data around the edges of what we intuitively believe. His work has inspired many to change their lives for the better.”—Dr. Peter Attia, #1 New York Times bestselling author of *Outlive* Discover the evolutionary mind and body benefits of living at the edges of your comfort zone and reconnecting with the wild—from the author of *Scarcity Brain*, coming in September! In many ways, we’re more comfortable than ever before. But could our sheltered, temperature-controlled, overfed, underchallenged lives actually be the leading cause of many of our most urgent physical and mental health issues? In this gripping investigation, award-winning journalist Michael Easter seeks out off-the-grid visionaries, disruptive genius researchers, and mind-body conditioning trailblazers who are unlocking the life-enhancing secrets of a counterintuitive solution: discomfort. Easter’s journey to understand our evolutionary need to be challenged takes him to meet the NBA’s top exercise scientist, who uses an ancient Japanese practice to build championship athletes; to the mystical country of Bhutan, where an Oxford economist and Buddhist leader are showing the world what death can teach us about happiness; to the outdoor lab of a young neuroscientist who’s found that nature tests our physical and mental endurance in ways that expand creativity while taming burnout and anxiety; to the remote Alaskan backcountry on a demanding thirty-three-day hunting expedition to experience the rewilding secrets of one of the last rugged places on Earth; and more. Along the way, Easter uncovers a blueprint for leveraging the power of discomfort that will dramatically improve our health and happiness, and perhaps even help us understand what it means to be human. *The Comfort Crisis* is a bold call to break out of your comfort zone and explore the wild within yourself.

Who Is Michael Ovitz? Michael Ovitz,2018-09-25 If you're going to read one book about Hollywood, this is the one. As the co-founder of Creative Artists Agency, Michael Ovitz earned a reputation for ruthless negotiation, brilliant strategy, and fierce loyalty to his clients. He reinvented the role of the agent and helped shape the careers of hundreds of A-list entertainers, directors, and writers, including Steven Spielberg, Martin Scorsese, Meryl Streep, Sean Connery, Bill Murray, Robin Williams, and David Letterman. But this personal history is much more than a fascinating account of celebrity friendships and bare-knuckled dealmaking. It's also an underdog's story: How did a middle-class kid from Encino work his way into the William Morris mailroom, and eventually become the most powerful person in Hollywood? How did an agent (even a superagent) also become a power in producing, advertising, mergers & acquisitions, and modern art? And what were the personal consequences of all those deals? After decades of near-silence in the face of controversy, Ovitz is finally telling his whole story, with remarkable candor and insight.

Entertaining Race Michael Eric Dyson, 2021-11-02 From the New York Times bestselling author of *Tears We Cannot Stop* *Entertaining Race* is a splendid way to spend quality time reading one of the most remarkable thinkers in America today. —Speaker Nancy Pelosi To read *Entertaining Race* is to encounter the life-long vocation of a teacher who preaches, a preacher who teaches and an activist who cannot rest until all are set free. —Senator Reverend Raphael Warnock For more than thirty years, Michael Eric Dyson has played a prominent role in the nation as a public intellectual, university professor, cultural critic, social activist and ordained Baptist minister. He has presented a rich and resourceful set of ideas about American history and culture. Now for the first time he brings together the various components of his multihued identity and eclectic pursuits. *Entertaining Race* is a testament to Dyson’s consistent celebration of the outsized impact of African American culture and politics on this country. Black people were forced to entertain white people in slavery, have been forced to entertain the idea of race from the start, and must find entertaining ways to make race an object of national conversation. Dyson’s career embodies these and other ways of performing Blackness, and in these pages, ranging from 1991 to the present, he entertains race with his pen, voice and body, and occasionally, alongside luminaries like Cornel West, David Blight, Ibram X. Kendi, Master P, MC Lyte, Ta-Nehisi Coates, Alicia Garza, John McWhorter, and Jordan Peterson. Most of this work will be new to readers, a fresh light for many of his long-time fans and an inspiring introduction for newcomers. *Entertaining Race* offers a compelling vision from the mind and heart of one of America’s most important and enduring voices.

The Correspondence of Michael Faraday Michael Faraday, 1991 This volume includes 70% of previously unpublished letters of Michael Faraday spanning half of the 1850s and most of 1860. Topics include Faraday’s work on regelation, the transmission of light through gold and his appointment by Emperor Napoleon III to be a Commander of the Legion of Honour.

The Maze Maker Michael Ayrton, 2015-11-04 “I address you across more than three thousand years, you who live at the conjunction of the Fish and the Water-carrier,” speaks Daedalus, an artisan, inventor, and designer born into an utterly alien family of heroes who value acts of war above all else, a world where his fellow Greeks seem driven only to destroy—an existence he feels compelled to escape. In this fictional autobiography of the father of Icarus, “Apollo’s creature,” a brilliant but flawed man, writer and sculptor Michael Ayrton harnesses the tales of the past to mold a myth for our times. We learn of Daedalus’s increasingly ambitious artifacts and inventions; his fascination with Minoan culture, commerce, and religion, and his efforts to adapt to them; how he comes to design the maze of the horned Minotaur; and how, when he decides that he must flee yet again, he builds two sets of wax wings—wings that will be instruments of his descent into the underworld, a place of both purgatory and rebirth. A compelling mix of history, fable, lore, and meditations on the enigma of art, *The Maze*

Maker will ensnare classicists, artists, and all lovers of story in its convolutions of life and legend. “I never understood the pattern of my life,” writes Daedalus, “so that I have blundered through it in a maze.”

The Many Lives of Michael Bloomberg Eleanor Randolph,2021-03-16 This authoritative and anecdote-filled biography of Michael Bloomberg—2020 presidential candidate and one of the richest and famously private/public figures in the country—is a “masterful work...[and] an absolutely first-rate study of leadership in business, politics, and philanthropy” (Doris Kearns Goodwin, Pulitzer Prize-winning author) from a veteran New York Times reporter. Michael Bloomberg’s life sounds like an exaggerated version of *The American Story*, except his adventures are real. From modest Jewish middle class (and Eagle Scout) to Harvard MBA to Salomon Brothers hot shot (where he gets “sent upstairs” and later fired) to creator of the Bloomberg terminal, a machine that would change Wall Street and the financial universe and make him a billionaire, to presidential candidate in 2020, Randolph’s account of Bloomberg’s life reads almost like a novel. “A vivid, timely study of Bloomberg’s brand of plutocracy” (Publishers Weekly), this engaging and insightful biography recounts Mayor Bloomberg’s vigorous approach to New York City’s care—including his attempts at education reform, anti-smoking and anti-obesity campaigns, climate control, and new developments across the city. After he engineered a surprising third term as Mayor, Bloomberg returned to his business and philanthropies that focused increasingly on cities. The chapter that describes this is one of the most revealing of his temperament and energy and vision as well as how he spends his “private” time that was virtually off-limits even when he was mayor. Bloomberg promised to give away his money before he died, and his giving has focused on education, gun control, and a fighting climate change. He joined the 2020 presidential campaign as a moderate liberal and spent his millions focused on ousting President Donald Trump.

By More Than Providence Michael J. Green,2017-03-21 Soon after the American Revolution, ?certain of the founders began to recognize the strategic significance of Asia and the Pacific and the vast material and cultural resources at stake there. Over the coming generations, the United States continued to ask how best to expand trade with the region and whether to partner with China, at the center of the continent, or Japan, looking toward the Pacific. Where should the United States draw its defensive line, and how should it export democratic principles? In a history that spans the eighteenth century to the present, Michael J. Green follows the development of U.S. strategic thinking toward East Asia, identifying recurring themes in American statecraft that reflect the nation's political philosophy and material realities. Drawing on archives,

interviews, and his own experience in the Pentagon and White House, Green finds one overarching concern driving U.S. policy toward East Asia: a fear that a rival power might use the Pacific to isolate and threaten the United States and prevent the ocean from becoming a conduit for the westward free flow of trade, values, and forward defense. By More Than Providence works through these problems from the perspective of history's major strategists and statesmen, from Thomas Jefferson to Alfred Thayer Mahan and Henry Kissinger. It records the fate of their ideas as they collided with the realities of the Far East and adds clarity to America's stakes in the region, especially when compared with those of Europe and the Middle East.

The Big Short: Inside the Doomsday Machine Michael Lewis,2011-02-01 The #1 New York Times bestseller: It is the work of our greatest financial journalist, at the top of his game. And it's essential reading.—Graydon Carter, Vanity Fair The real story of the crash began in bizarre feeder markets where the sun doesn't shine and the SEC doesn't dare, or bother, to tread: the bond and real estate derivative markets where geeks invent impenetrable securities to profit from the misery of lower- and middle-class Americans who can't pay their debts. The smart people who understood what was or might be happening were paralyzed by hope and fear; in any case, they weren't talking. Michael Lewis creates a fresh, character-driven narrative brimming with indignation and dark humor, a fitting sequel to his #1 bestseller Liar's Poker. Out of a handful of unlikely- really unlikely-heroes, Lewis fashions a story as compelling and unusual as any of his earlier bestsellers, proving yet again that he is the finest and funniest chronicler of our time.
