Everything That Remains Joshua Fields Millburn, Ryan Nicodemus, 2014-01-05 What if everything you ever wanted isn't what you actually want? Twenty-something, suit-clad, and upwardly mobile, Joshua Fields Millburn thought he had everything anyone could ever want. Until he didn't anymore. Blindsided by the loss of his mother and his marriage in the same month, Millburn started questioning every aspect of the life he had built for himself. Then, he accidentally discovered a lifestyle known as minimalism...and everything started to change. That was four years ago. Since, Millburn, now 32, has embraced simplicity. In the pursuit of looking for something more substantial than compulsory consumption and the broken American Dream, he jettisoned most of his material possessions, paid off loads of crippling debt, and walked away from his six-figure career. So, when everything was gone, what was left? Not a how-to book but a why-to book, *Everything That Remains* is the touching, surprising story of what happened when one young man decided to let go of everything and begin

living more deliberately. Heartrending, uplifting, and deeply personal, this engrossing memoir is peppered with insightful (and often hilarious) interruptions by Ryan Nicodemus, Millburn's best friend of twenty years.

Minimalista Shira Gill, 2021-11-02 Elevate your personal style, trim your belongings, and transform your life, one room at a time, with this visionary lifestyle and home organization book from professional organizing expert, Shira Gill. "Warm, funny, and direct, Shira builds you up while helping you edit down to the best version of yourself."—Stacy London, *New York Times* bestselling author of *The Truth About Style* As a professional home organizer with clients ranging from students to multi-millionaires, Shira Gill observed that clutter is a universal stress trigger. Over the years she created a signature decluttering and organization process that promotes sustainability, achieves lasting results, and can be applied to anyone, regardless of their space or lifestyle. Rather than imposing strict rules and limitations, Shira redefines minimalism as having the perfect amount of everything—for you—based on your personal values and the limitations of your space. Now, in *Minimalista*, Shira shares her complete toolkit for the first time, built around five key steps: Clarify, Edit, Organize, Elevate, and Maintain. Once you learn the methodology you'll dive into the hands-on work, choose-your-own-adventure style: knock out a room, or even a single drawer; style a bookshelf; donate a sweater. Shira teaches that the most important thing you can do is start, and that small victories, achieved one at a time, will snowball into massive transformation. Broken into small, bite-sized chunks, *Minimalista* makes it clear that if the process is fun and easy to follow, anyone can learn the principles of editing and organization.

Come from Away Genevieve Graham,2018-04-24 From the bestselling author of *Tides of Honour* and *Promises to Keep* comes a poignant novel about a young couple caught on opposite sides of the Second World War. In the fall of 1939, Grace Baker's three brothers, sharp and proud in their uniforms, board Canadian ships headed for a faraway war. Grace stays behind, tending to the homefront and the general store that helps keep her small Nova Scotian community running. The war, everyone says, will be over before it starts. But three years later, the fighting rages on and rumours swirl about "wolf packs" of German U-Boats lurking in the deep waters along the shores of East Jeddore, a stone's throw from Grace's window. As the harsh realities of war come closer to home, Grace buries herself in her work at the store. Then, one day, a handsome stranger ventures into the store. He claims to be a trapper come from away, and as Grace gets to know him, she becomes enamoured by his gentle smile and thoughtful ways. But after several weeks, she discovers that Rudi, her mysterious visitor, is not the lonely outsider he appears to be. He is someone else entirely—someone not to be trusted. When a shocking truth about her family forces Grace to question everything she has so strongly believed, she realizes that she and Rudi have more in common than she had thought. And if Grace is to have a chance at love, she must not only choose a side, but take a stand. *Come from Away* is a mesmerizing story of love, shifting allegiances, and second chances, set against the tumultuous years of the Second World War.

How to Make a Plant Love You Summer Rayne Oakes, 2019-07-09 Summer Rayne Oakes, an urban houseplant expert and environmental scientist, is the icon of wellness-minded millennials who want to bring nature indoors, according to a New York Times profile. Summer has managed to grow 1,000 houseplants in her Brooklyn apartment (and they're thriving!) Her secret? She approaches her relationships with plants as intentionally as if they were people. Everyone deserves to feel the inner peace that comes from taking care of greenery. Beyond the obvious benefits--beauty and cleaner air--there's a strong psychological benefit to nurturing plants as a path to mindfulness. They can reduce our stress level, lower our blood pressure, and improve our overall outlook. And they offer a rare opportunity to find joy by caring for another living being. When Summer Rayne Oakes moved to Brooklyn from the Pennsylvania countryside, she knew that bringing nature indoors was her only chance to stay sane. She found them by the side of the road, in long-forgotten window boxes, at farmers' markets, and in local garden shops. She found ways to shelve, hang, tuck, anchor, secure, and suspend them. She even installed a 150-foot expandable hose that connects to pipes under her kitchen sink, so she only has to spend about a half-hour a day tending to her plants--an activity that she describes as a moving meditation. This is Summer's guidebook for cultivating an entirely new relationship with your plant children. Inside, you'll learn to: Pause for the flowers and greenery all around you, even the ones sprouting bravely between cracked pavement Trust that your apartment jungle offers you far more than pretty décor See the world from a plant's perspective, trading modern consumerism for sustainability Serve your chlorophyllic friends by learning to identify the right species for your home and to recreate their natural habitat (Bonus: your

indoor garden won't die!) When we become plant parents, we also become better caretakers of ourselves, the people around us, and our planet. So, let's step inside the world of plants and discover how we can begin cultivating our own personal green space--in our homes, in our minds, and in our hearts.
