The Better Mom Ruth Schwenk, 2018-04-24 Mothering is messy. Our joy and hope in raising children doesn't change the reality that being a mom can be frustrating, stressful, and tiring. But just as God is using us to shape our children, God is using our children and motherhood to shape us. In *The Better Mom*, author Ruth Schwenk, herself a mother of four children, encourages us with the good news that there is more to being a mom than the extremes of striving for perfection or simply embracing the mess. We don't need to settle for surviving our kids' childhood. We can grow through it. With refreshing and heartfelt honesty Ruth emboldens moms to: Find freedom and walk confidently in purpose Create a God-honoring home environment Overcome unhealthy and destructive emotions such as anger, anxiety, and more Avoid glorifying the mess of mom-ing or idolizing perfection Cultivate life-giving friendships At the heart of *The Better Mom* is the message that Jesus calls us to live not a weary life, but a worthy life. We don't have to settle for either being apathetic or struggling to be perfect. Both visions of motherhood go too far. Ruth offers a better option. She says, "It's okay to come as we are, but what we're called to do and be is far too important to stay there! The way to becoming a better mom starts not with what we are doing, but with who God is inviting us to become.

Modern Rustic Emily Henson,2021-02-09 Rustic isn't what it used to be. Gone are the days when rustic style meant fusty dried flower arrangements, antlers over a stone fireplace and acres of tartan. At its heart, the modern rustic look celebrates the fabric of a home, from the roof beams to the brickwork. This style revels in earthy colours and rich textures; in natural materials such as wood and stone; and the ruggedly handsome bones of a building. In this book, stylist Emily Henson and writer Joanna Simmons first lead you through the Elements of the Modern Rustic look. Pure Rustic elegantly blends clean lines with muted shades of grey. Bohemian Rustic mixes texture and pattern with lush colour, while Pop Rustic teams raw wood with pops of neon and tongue-in-cheek artworks. Retro Rustic, meanwhile, brings a relaxed feel, showcasing beaten-up leather armchairs and brick floors. In Details, textiles, furniture, fabric and display are explored, while Living Spaces shows how Modern Rustic style translates beautifully to every room in the house.

The Southern Rustic Cabin Emily J. Followill,2015-07-14 Explore the beauty, tradition, and stylish renovation of rustic mountain homes across the Southern Appalachians in this gorgeously photographed book. The cool, wooded mountains of the South are dotted with log cabins, each with its own rich history and aesthetic charm. In *The Southern Rustic Cabin*, photographer Emily Followill captures the rugged beauty and unique personality of thirteen mountain homes located across Tennessee, Georgia, North Carolina, Alabama, and Virginia. The homeowners have lovingly preserved the age-old qualities of their cabins while renovating, revitalizing, and redecorating them to support modern living and reflect their personal style. Alongside her stunning photography of interiors and exteriors, Followill tells the story of how each cabin and owner came together; as the owners changed their cabins, the cabins invariably changed the owners as well.

Coming Home Barbara de Vries,2024-09-10 A celebration of the innovative, artisanal, and sustainable living exemplified by contemporary Dutch interiors. With a carefully curated collection of interiors, including historic canal houses, restored farms, and green homes, belonging to interior designers, product designers, architects, and artists, this book showcases creative and resourceful living. These properties have been created or renovated and brought into the twenty-first century with typical Dutch style and sensibility—environmentally friendly, imaginative uses of space filled with color and charm and never to be taken too seriously. Each home in the book reflects the personality and spirit of the people who inhabit it. From furniture designer Valentin Loellman’s handcrafted interiors in a traditional worker’s cottage on the Maas river to fiber artist Claudy Jongstra’s farmhouse in Friesland where indigo dye plants grow in the biodynamic garden, Coming Home illustrates fun ideas and easy ways to incorporate individual style into your surroundings. Whether it’s the traditional “lowlands” aesthetic of combining old and new, faded and inviting, into a casual chic or a quirky reinvention of a space that reveals a touch of eccentricity, this book illustrates why the Netherlands is truly loved by so many and can be an inspiration to us all.

New Patio Design Llorenç Bonet,2005 The patio is an outdoor space situated within a house that can have a number of uses, although in the past it served merely as a distributor of space of for ventilating and illuminating the parts furthers away from the facade with natural light. Nowadays, architets have rethought this space and have adapted it to new uses, even in regions with a cool climate and less tradition of living outdoors. The sensation of spaciousness and good lighting acquired by a home giving on to a patio, however small, is one of the reasons why the latter has become more widespread. The patio can also serve to seperate the daytime area from the night-time one, or ensure that an outdoor space can be enjoyed free from prying eyes. So, the patio has become one more room in a house, standing out from the others through its lack of roof and its primary function as a place intended for relaxtion.
