Creativity, Inc. (The Expanded Edition) Ed Catmull, Amy Wallace, 2014-04-08 The co-founder and longtime president of Pixar updates and expands his 2014 New York Times bestseller on creative leadership, reflecting on the management principles that built Pixar's singularly successful culture, and on all he learned during the past nine years that allowed Pixar to retain its creative culture while continuing to evolve. "Might be the most thoughtful management book ever."—Fast Company For nearly thirty years, Pixar has dominated the world of animation, producing such beloved films as the Toy Story trilogy, Finding Nemo, The Incredibles, Up, and WALL-E, which have gone on to set box-office records and garner eighteen Academy Awards. The joyous storytelling, the inventive plots, the emotional authenticity: In some ways, Pixar movies are an object lesson in what creativity really is. Here, Catmull reveals the ideals and techniques that have made Pixar so widely admired—and so profitable. As a young man, Ed Catmull had a dream: to make the first computer-animated movie. He nurtured that dream as a Ph.D. student, and then forged a partnership with George Lucas that led, indirectly, to his founding Pixar with Steve Jobs and John Lasseter in 1986. Nine years later, Toy Story was released, changing animation forever. The essential ingredient in that movie's success—and in the twenty-five movies that followed—was the unique environment that Catmull and his colleagues built at Pixar, based on philosophies that protect the creative process and defy convention, such as:

- Give a good idea to a mediocre team and they will screw it up. But give a mediocre idea to a great team and they will either fix it or come up with something better.
- It's not the manager's job to prevent risks. It's the manager's job to make it safe for others to take them.
- The cost of preventing errors is often far greater than the cost of fixing them.
- A company's

communication structure should not mirror its organizational structure. Everybody should be able to talk to anybody. Creativity, Inc. has been significantly expanded to illuminate the continuing development of the unique culture at Pixar. It features a new introduction, two entirely new chapters, four new chapter postscripts, and changes and updates throughout. Pursuing excellence isn't a one-off assignment but an ongoing, day-in, day-out, full-time job. And Creativity, Inc. explores how it is done.

Mathematical Surprises Mordechai Ben-Ari, 2022-09-07 This is open access book provides plenty of pleasant mathematical surprises. There are many fascinating results that do not appear in textbooks although they are accessible with a good knowledge of secondary-school mathematics. This book presents a selection of these topics including the mathematical formalization of origami, construction with straightedge and compass (and other instruments), the five- and six-color theorems, a taste of Ramsey theory and little-known theorems proved by induction. Among the most surprising theorems are the Mohr-Mascheroni theorem that a compass alone can perform all the classical constructions with straightedge and compass, and Steiner's theorem that a straightedge alone is sufficient provided that a single circle is given. The highlight of the book is a detailed presentation of Gauss's purely algebraic proof that a regular heptadecagon (a regular polygon with seventeen sides) can be constructed with straightedge and compass. Although the mathematics used in the book is elementary (Euclidean and analytic geometry, algebra, trigonometry), students in secondary schools and colleges, teachers, and other interested readers will relish the opportunity to confront the challenge of understanding these surprising theorems.

Party Reform Anika Gauja, 2017 This book explains why, and how, political parties in several advanced democracies are undertaking high-profile organizational reforms.

The Smashing Idea Book Cameron Chapman, 2011-08-15 Presents a collection of design ideas and more than seven hundred examples from websites to help create an effective Web site.

Start with Why Simon Sinek, 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement,

or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

Shifting Images of the Hasmoneans Vered Noam, 2018-02-16 The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth. Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders, through achievement of full sovereignty, to downfall, this volume examines the Hasmoneans through the lens of reception history. On the one hand, these brief, colorful legends are embedded in the narrative of the historian of the age, Flavius Josephus; on the other hand, they are scattered throughout the extensive halakhic-exegetical compositions known as rabbinic literature, redacted and compiled centuries later. Each set of parallel stories is examined for the motivation underlying its creation, its original message, language, and the historical context. This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions, in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora, and to decipher the disparities, different emphases, reworking, and unique orientations typical of each. These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts. The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent, a hidden Jewish Atlantis of early pseudo-historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature.

Inspiration and Authority in the Middle Ages Brian FitzGerald, 2017-10-06 Inspiration and Authority in the Middle Ages rethinks the role of prophecy in the Middle Ages by examining how professional theologians responded to new assertions of divine inspiration. Drawing on fresh archival research and detailed study of unpublished manuscript sources from the twelfth to fourteenth centuries, this volume argues that the task of defining prophetic authority became a crucial intellectual and cultural enterprise as university-trained theologians confronted prophetic claims from lay mystics, radical Franciscans, and other unprecedented visionaries. In the process, these theologians redescribed their own activities as prophetic by locating inspiration not in special predictions or ecstatic visions but in natural forms of understanding and in the daily work of ecclesiastical teaching and ministry. Instead of containing the spread of prophetic privilege, however, scholastic assessments of prophecy from Peter Lombard and Thomas Aquinas to Peter John Olivi and Nicholas Trevet opened space for

claims of divine insight to proliferate beyond the control of theologians. By the turn of the fourteenth century, secular Italian humanists could lay claim to prophetic authority on the basis of their intellectual powers and literary practices. From Hugh of St Victor to Albertino Mussato, reflections on and debates over prophecy reveal medieval clerics, scholars, and reformers reshaping the contours of religious authority, the boundaries of sanctity and sacred texts, and the relationship of tradition to the new voices of the Late Middle Ages.

Quiet Journal Susan Cain,2020-03-31 Harness your hidden talents, empower communication at home and at work, and nurture your best self with this guided journal based on the #1 New York Times bestselling phenomenon Quiet. Susan Cain's Quiet permanently changed how we see the psychology of introverts and, equally important, how introverts see themselves. Now here is the companion journal for the textbook introvert, the natural extroverts, and everyone in between, with a self-assessment quiz and powerful prompts that take you on the Quiet journey to becoming a stronger, more confident person. In part one, you'll learn more about yourself and your own mindset and temperament, make progress towards self-awareness, and realize your own authentic qualities and worth. Then, in part two, you'll put that knowledge into practice with prompts for taking action to better empower yourself when communicating with family, friends, or colleagues. With a lay-flat cover, smooth writing paper, and a ribbon marker, Quiet Journal is a beautiful and accessible tool for reflection and exploration.

Business Model Generation Alexander Osterwalder,Yves Pigneur,2013-02-01 Business Model Generation is a handbook for visionaries, game changers, and challengers striving to defy outmoded business models and design tomorrow's enterprises. If your organization needs to adapt to harsh new realities, but you don't yet have a strategy that will get you out in front of your competitors, you need Business Model Generation. Co-created by 470 Business Model Canvas practitioners from 45 countries, the book features a beautiful, highly visual, 4-color design that takes powerful strategic ideas and tools, and makes them easy to implement in your organization. It explains the most common Business Model patterns, based on concepts from leading business thinkers, and helps you reinterpret them for your own context. You will learn how to systematically understand, design, and implement a game-changing business model-or analyze and renovate an old one. Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. Business Model Generation features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to the business model generation!

Innovations in Derivatives Markets Kathrin Glau,Zorana Grbac,Matthias Scherer,Rudi Zagst,2016-12-02 This book presents 20 peer-reviewed chapters on current aspects of derivatives markets and derivative pricing. The contributions,

written by leading researchers in the field as well as experienced authors from the financial industry, present the state of the art in: • Modeling counterparty credit risk: credit valuation adjustment, debit valuation adjustment, funding valuation adjustment, and wrong way risk. • Pricing and hedging in fixed-income markets and multi-curve interest-rate modeling. • Recent developments concerning contingent convertible bonds, the measuring of basis spreads, and the modeling of implied correlations. The recent financial crisis has cast tremendous doubts on the classical view on derivative pricing. Now, counterparty credit risk and liquidity issues are integral aspects of a prudent valuation procedure and the reference interest rates are represented by a multitude of curves according to their different periods and maturities. A panel discussion included in the book (featuring Damiano Brigo, Christian Fries, John Hull, and Daniel Sommer) on the foundations of modeling and pricing in the presence of counterparty credit risk provides intriguing insights on the debate.

Human Rights, Suffering, and Aesthetics in Political Prison Literature Yenna Wu, 2011-06-16 This interdisciplinary volume of essays studies human rights in political prison literature, while probing the intersections of suffering, politics, and aesthetics in an interliterary and intercultural context. As the first book to explore the concept of global aesthetics in political prison narratives, it demonstrates how literary insight enhances the study of human rights. Covering varied geographical and geopolitical regions, this collection encourages comparative analyses and cross-cultural understanding. Seeking to interrogate linguistic, structural, and cultural constructions of the political prison experience, it highlights the literary aspects without losing sight of the political and the theoretical. The contributors cross various disciplinary boundaries and adopt different interpretive perspectives in analyzing prison narratives, especially memoirs, from such diverse countries as China, Egypt, Morocco, Syria, Romania, Russia, Uruguay, and the U.S. The volume emphasizes the literary works produced since the second half of the twentieth century, particularly since the political seismic shift in 1989. The authors treated range from the canonical to the less well-known: Nawal El Saadawi, Varlam Shalamov, Zhang Xianliang, Cong Weixi, Wumingshi, Carlos Liscano, Fatna El Bouih, Nabil Sulayman, Faraj Bayraqdar, Hasiba 'Abdalrahman, Tahar Ben Jelloun, Nicolae Steinhardt, Irina Ratushinskaya, etc. Critical issues investigated include how the writers represent their sufferings,

experiences, and emotions during incarceration; their strategies of survival; and how political prison literature can reveal hidden violations of human rights, while resisting official discourse and serving other functions in society. Examining the commonalities and differences in global experiences of imprisonment, the eight chapters engage with the aesthetics of self-making and resistance, individual and collective memory, denial and conversion, catharsis and redemption, and the experiencing and witnessing of trauma. Topics also include the politics of remembering and the politics of representation, such as the problematic relationship between narrative, language, and representations of torture. Similarly under discussion are prison aesthetics of happiness, the role of spectacle in the criminal justice system, and the intersection of prison, gender, and silences. At a juncture when more and more people all over the world actively defy repressive regimes and demand political reform, this book makes a timely contribution to the advocacy and discourse of universal human rights.

The Book of Zechariah Mark J. Boda, 2016 Over the centuries, the prophetic book of Zechariah has suffered from accusations of obscurity and has frustrated readers seeking to unlock its treasures. This work by Mark Boda provides insightful commentary on Zechariah, with great sensitivity to its historical, literary, and theological dimensions. Including a fresh translation of Zechariah from the original Hebrew, Boda delivers deep and thorough reflection on a too-often-neglected book of the Old Testament.

Proceedings of the International Conference on Vocational Education Applied Science and Technology (ICVEAST 2023) Debrina Vita Ferezagia, Karin Amelia Safitri, Nailul Mona, Badra Al Afa, 2023-10-30 This is an open access book. International Conference on Vocational Education Applied Science and Technology (ICVEAST), formerly known as International Conference on Vocation for Higher Education (ICVHE), is an annual event organized by the Vocational Education Program, Universitas Indonesia, that aims to encourage innovative applied research in vocational higher education. In 2022, we rebranded the conference to focus on being an international forum where scholars and practitioners share their ideas on vocational education, especially within applied science and technology. The rebranding from ICVHE to ICVEAST marks our fifth conference. This year, we present our sixth conference, with the theme, "VOCATIONAL 5.0: Virtuosity Collaboration for Sustainability Development and Innovative Technologies Goals 5.0". Collaboration for sustainability development is a crucial part of achieving a sustainable future. It involves working with stakeholders, such as governments, businesses, non-governmental organizations, and communities, to develop and implement sustainable solutions. These stakeholders can pool their resources, knowledge, and expertise by working together to create innovative solutions that benefit the environment and society. The collaboration also helps ensure that all stakeholders are on the same page regarding sustainability goals and objectives. By building relationships and trust between stakeholders, collaboration can help to create a more sustainable

future. Innovative Technology Goal 5.0 focuses on using technology to improve access to education and foster a culture of innovation and creativity. It seeks to create a more equitable and inclusive learning environment by providing access to digital tools and resources for all students, regardless of background or ability. It also seeks to promote technology to support the development of 21st-century skills, such as critical thinking, problem-solving, and collaboration. Finally, it aims to ensure that technology is used to support the development of a safe and secure learning environment while encouraging responsible and ethical use. VOCATIONAL 5.0 is a collaborative effort to promote sustainable development and innovative technology goals. It is designed to bring together experts from various fields, including business, education, government, and the non-profit sector, to identify and develop innovative solutions to global challenges. Through the use of data-driven decision-making and the application of new technologies, VOCATIONAL 5.0 seeks to create a more sustainable and equitable world. The initiative also aims to foster collaboration between stakeholders, create a platform for knowledge sharing, and promote the use of technology to drive social, economic, and environmental progress. By leveraging the collective expertise of its members, VOCATIONAL 5.0 is committed to achieving its sustainable development and innovative technology goals. This ICVEAST aims to be a respected international forum to discuss the recent improvement and challenges in Vocational Education nowadays and in the future, from the research insight, mainly applied research in the field of administration and business, health science, social humanities, and engineering. The event will gather representatives from different countries, diverse areas of knowledge, and lots of education, research, public institutions, and organizations. The conference is devised as a space to exchange ideas and discuss the challenges that education and manufacturing face in preparing human capabilities to shift into the current trend of automation and the role of advanced technologies in those challenges. We intend to have an interactive conference through these three different sessions: business talks, keynote, and parallel/presentation sessions.

Proceedings of the International Conference for Democracy and National Resilience 2022 (ICDNR 2022) Gayatri Dyah Suprobowati, Dona Budi Kharisma, Waluyo Waluyo, 2023-02-10 This is an open access book. National Resilience of Indonesia is a dynamic condition of the Indonesian Nation that includes all aspects of integrated national life, defence from disturbances both from outside and from within the country to ensure identity, integration, survival of the nation and state, and the struggle to achieve national goals. The existence of digital life, a significant modernization, greatly influences the implementation of a country's democracy. In general, the development of digitalization and modern life has affected not only democracy but also all aspects of life. People's life dynamics can lead to the rapid growth of democratic appliances, where cultural acculturation was affected by a touch of information technology. The individual freedom of society in conveying ideas, criticisms, suggestions, and even blasphemy is often encountered through various variants of social media users. Digitalization encourages increased problems with people's constitutional rights such as freedom of opinion, protection of the

rights of other citizens, defamation, and pollution. Ethnicity, religion, race, between groups, and so on. Another problem that must also be accommodated is the problem of organizing democracy, statehood, and government policies. So there needs to be an optimization of the conception of a country's democracy to create protection for citizens, governments, and so on to create optimal democratic implementation, accountability, and the state's principles, and ideals.

Proceedings of the 2022 4th International Conference on Literature, Art and Human Development (ICLAHD 2022)
Bootheina Majoul, Digvijay Pandya, Lin Wang, 2023-03-14 This is an open access book. The 4th International Conference on Literature, Art and Human Development (ICLAHD 2022) was successfully held on October 28th-30th, 2022 in Xi'an, China (virtual conference). ICLAHD 2022 brought together academics and experts in the field of Literature, Art and Human Development research to a common forum, promoting research and developmental activities in related fields as well as scientific information interchange between researchers, developers, and engineers working all around the world. We were honored to have Assoc. Prof. Chew Fong Peng from University of Malaya, Malaysia to serve as our Conference Chair. The conference covered keynote speeches, oral presentations, and online Q&A discussion, attracting over 300 individuals. Firstly, keynote speakers were each allocated 30-45 minutes to hold their speeches. Then in the oral presentations, the excellent papers selected were presented by their authors in sequence.

Women in Engineering Margaret E. Layne, 2009-06-05 Women in Engineering: Pioneers and Trailblazers introduces the visionary women who opened the door for today's female engineers. Pioneers such as Emily Roebling, Kate Gleason, Edith Clarke, and Katherine Stinson come to life in this anthology of essays, articles, lectures, and reports. In this book, the significant contributions women have made to engineering, in areas as diverse as construction management, environmental protection, and industrial efficiency, are finally placed in their proper historical context. Studies on women engineers in the 1920s and in the years following World War II, underscore how far women have progressed in engineering, and how far they have to go. With selections that span a century of historical and social analysis, Women in Engineering: Pioneers and Trailblazers and its companion volume, Women in Engineering: Professional Life, present a range of perspectives on women in engineering that will be of interest to historians, engineers, educators, and students. About the Author Margaret E. Layne, P.E., is project director of Advance VT, a program created at Virginia Tech to increase the participation and advancement of women in academic science and engineering careers.
