[Discovering My Scars](#) Stephanie Kostopoulos,2019-10-01 *Discovering My Scars* is a moving account of a young woman's struggle with unexplained depression that leads her to cope with self-injury. One dramatic day in her college dorm, self-injury lands her in the surreal world of a psych ward for 74 hours. Those traumatic hours define her life for many years, until she comes to see the trauma through the lens of self-forgiveness, ongoing recovery, and God's grace of revelation. Within *Discovering My Scars*, Stephanie Kostopoulos makes herself vulnerable and invites readers into her reality with raw and visceral depictions of non-suicidal self-injury. The journey encapsulates life during her 20's, while stepping back to childhood, revealing abuse that explains the events of her young adult life. *Discovering My Scars* commands attention and has a powerful message that lies in Stephanie's first-person experience and authenticity. It is packed with revelations about what can underlie inexplicable anxiety and depression, and lets readers know it's okay to "discover your own scars," through the process of ongoing recovery and forgiveness.

The Stick Chair Book Christopher Schwarz,2023-09 ...*The Stick Chair Book* is divided into three sections. The first

section, Thinking About Chairs, introduces you to the world of common stick chairs, plus the tools and wood to build them. The second section - Chairmaking Techniques - covers every process involved in making a chair, from cutting stout legs, to making curved arms with straight wood, to carving the seat. Plus, you'll get a taste for the wide variety of shapes you can use. The chapter on seats shows you how to lay out 14 different seat shapes. The chapter on legs has 16 common forms that can be made with only a couple handplanes. Add those to the 11 different arm shapes, six arm-joinery options, 14 shapes for hands, seven stretcher shapes and 11 combs, and you could make stick chairs your entire life without ever making the same one twice. The final section offers detailed plans for five stick chairs, from a basic Irish armchair to a dramatic Scottish comb-back. These five chair designs are a great jumping-off point for making stick chairs of your own design. Additional chapters in the book cover chair comfort, finishing and sharpening the tools. From the author: When I first wrote 'The Stick Chair Book' in 2021, I was also fighting cancer. So I hammered out the text with urgency and the desire to record every fragment of information I knew about chairmaking. To be fair, that's usually how I go about writing all my books. But then I typically take a couple months off, put the manuscript aside, then revisit it with fresh eyes and a sharpened pen. My final revisions remove about 10-20 percent of the original material. The stuff I cut is usually chapters that don't match the tone of the rest of the text. Or I snip sections that aren't as relevant as when I first wrote them. I also smooth out the writing and add bits of information I'd forgotten during the first brain-to-fingers dump. And that's exactly what I've done for this revised edition. As a result, the text is 10.1 percent shorter than the first edition. It's more to the point. And it's where the manuscript would have ended up under normal conditions...--Publisher's website.

Coral Sara Ella, 2019-11-12 Inspired by “The Little Mermaid,” Coral explores what it means to be human in a world where humanity often seems lost. Coral has always been different, standing out from her mermaid sisters in a society where blending in is key. She fears she has been afflicted with the dreaded Disease said to be carried by humans: emotions. Her

sister had the Disease, and Red Tide took her away. Will it come for Coral next? Above the sea, Brooke has nothing left to give. Depression and anxiety have left her feeling isolated. Forgotten. The only thing she can rely on is the numbness she finds within the cool and comforting ocean waves. If only she weren't stuck at a new group-therapy home that promises a second chance at life. But what's the point of living if her soul is destined to bleed? Merrick may be San Francisco's golden boy, but he wants nothing more than to escape his controlling father. When his younger sister's suicide attempt sends Merrick to his breaking point, escape becomes the only option. If he can find their mom, everything will be made right again—right? When their worlds collide, all three will do whatever it takes to survive. But what—and who—must they leave behind for life to finally begin?
